Baseball's Best Players

Willie Hitting 400

By JOE REICHLER
NEW YORK (AP) — The odds against Willie Mays hitting 400 this year are about 400 to 1 but it is surprising how many knowledgeable baseball people think the center fielder might accomplish the seemingly impossible.

"The fellow who hits 400 must get off to a blazing start," said Williams, who batted 406 with Boston Red Sox in 1941.

"You've got to get the breaks and he must have speed about you. You've got to get your share of infield hits that count average up."

"The year I batted 388, (1957) I didn't get a single hit until I had been able to beat out six infield hits, I would have hit 400 again."

Not even Williams in his 406 season got off to such a blazing start as Mays this season. After his first 20 games in 1941, Willie had hit .375.

"Common sense tells you that nobody, no matter how great a hitter he is, would hit 400 in this day and age," said Mays, whose highest average was .376 in 1954.

"Willie is an extraordinary streak hitter and, who knows, he might just streak right through the season."

One of the last surprised by Mays' remarkable early season hitting is Jackie Robinson, National League batting champ with .342 in 1949.

"A fellow asked me last winter about Mays and I told him that, in my opinion, Willie had just reached his peak."

"I've always had a feeling that Mays had the quality to be the next 400 hitter."

Mays' bat literally has been a force to be reckoned with. Through the first month of the campaign, Wondrous Willie hit a scorching .481.

Mays had good starts before but never like this. Two years ago, he had four home runs in his first seven games.

When Roger Maris of the New York Yankees hit his record 14 home runs in 1961, he did not get No. 11 until his club's 43rd game.

Nations Coaches Blast Athlete's Smoking Habits

U.S. of S. fencing team and Western Canada golf champion two years ago, states it quit smoking some time ago and haven't noticed any marked difference.

Bob Pelletier, athletic director of the University of Ottawa said a cigarette smoker, says giving up smoking helps an athlete to get in shape, but once you're in shape, little smoking doesn't seem to hurt.

Pete Kelly, athletic director of the University of New Brunswick, says that smoking is a disciplinary measure.

Warren Stevens, director of athletics at the University of Toronto, says that smoking is a disciplinary measure.

Arnold Lowenburger, director of physical education at the University of Saskatchewan, Regina, thinks an athlete's performance is reduced by smoking.

He doesn't see any difference between an athlete who smokes and one who doesn't.

Bob Rosenfield of Toronto, a member of the 1958 Canadian Olympic track team, sees nothing wrong with athletes—either male or female—taking up smoking, as long as they leave the athletic world.

Souris Seeks Title Tonight

By THE GUARDIAN
By ED CLAYTON
While baseball is dragging its feet in getting underway, track and field got the jump and we're getting ready for a big schedule.

This sport was never a very popular one, but it has been growing rapidly the past few years, and should have its biggest year in the King's County meet.

The King's County Inter-school meet will be held in Souris this year. And the meet has been made into a two day affair.
