W. B. TUPLIN, Esq., Kensington, writes: I receive your paper regularly and like it very much. I think it is the best paper published on the Island.

FOR a few days only we will offer at a big discount 75 yards of worsted in 1¼ and 1½ yards suitable for Ladies Jackets: also a job lot of tweeds suitable for boys cheap suits.—James Paton & Co.

MR. EWEN STEWART, principal of the Georgetown school, and president of the Teacher's Association was in the city on Saturday. Mr. Stewart and the Executive of the Association are busily engaged arranging for papers on various subjects to be read at the next meeting.

THE last mail by the Capes for the season came on Saturday, and made the best time for the season. The crossing was made in three hours and 10 minutes, and the mail arrived here at 9.10 local time. The outgoing mail left here at nine last night for Georgetown to go by Stanley.

THE St. Lawrence starts for Pictou this morning if possible. In 1888 the Princess crossed for the first time that spring on May 3rd. In 1889 she crossed on the 30th of March. That spring the steamer Southport made her first trip to Shaw's Wharf and West River Bridge, April 4th.

THE President of the Prince of Wales College Y. M. C. A. begs to convey the most cordial thanks of the Society to the ladies who went to so much trouble and expense to make the tea and entertainment on Friday night such a success. The amount realized by the tea was $80.

THE Receiver General is on sharp lookout for some smart person in the vicinity of Hamilton, Ont., who cuts five one dollar bills to pieces, and in making the pieces up again manages to make six one dollar bills out of the remnants of five. Several cases of this peculiar roguery have been discovered recently.

MR. ARTHUR NEWBERY has men engaged grading and levelling the walks through the Square again this spring. For two years past he had the grounds about the Post Office fixed up, but as the Dominion Government left him to meet the bills himself, nothing is being done there this spring. This parsimony on the part of the Dominion Government is too bad.

IN a letter to the GUARDIAN dated March 31st, Mr. Adam Brown, Hon. Commissioner to the Jamaica Exhibition speaks very highly of this Island's exhibits although the articles from Canada were not exhibited by Provinces. The jurors he says will be at work very soon, and he has no doubt P. E. I. will get good awards.

IN our notice of concert in connection with the P. W. College, Y. M. C. A., the name of S. Blanchard, Esq., was inadvertently omitted. Mr. Blanchard sang a fine solo, and it was duly appreciated by the audience, who demanded an encore, which owing to the lateness of the hour and length of the programme the chairman reluctantly ruled out.

THE ringing of the fire bell at a quarter past eleven yesterday morning caused considerable anxiety among the worshippers in the churches. As only a few strokes of the bell were sounded, very few left their pews, and they soon returned. The cause of alarm was a spark on the roof of Mr. Turner's house, Euston Street. It was extinguished before the hose was taken out of the station.

J. W. MORRISON, Esq., requests us to contradict the rumor that the Philharmonic Hall is unsafe. He has had a mason to examine it, and he reports that although some feet of the southern wall have caved in, it does not effect the stability of the building, and further that it is well supported by a number of large brick piers in the cellar. As soon at the frost is out of the ground the wall will be repaired.

A NUMBER of men who had been at work on the ferry docks have been discharged. It was rumored around town that politics had something to do with their dismissal. On enquiry we have learned that this rumor was quite unfounded, the cause being simply this that the work on the docks was so far advanced that employment could not be found for so large a gang of men. Sixty-three were employed for some time past, and about half that number has been dismissed.

ACADIA'S graduating class which in June will mount the rostrum to receive the diploma of graduating from the college, has since it entered been distinguished as being the largest class ever in college, and will be the largest ever graduated in arts in the Maritime provinces. It now numbers forty-four. There are in it eighteen ministerial students (six of whom have volunteered for foreign missions.) Thirty-six of the class are professing Christians. Two of the class have been ordained in the ministry, and three of its number have joined the benedicts already. For the other professions, eight will be teachers, three lawyers, twelve doctors, two civil engineers and one journalist. Of the forty-four, thirty-two are from Nova Scotia, eight from New Brunswick, three from Cape Breton and one from P. E. Island.—Messenger and Visitor.

Carrier Pigeons.

Major General Cameron, of the Royal Military College, was in the capital recenty. He is enthusiastic over carrier pigeons. A tournament to fly pigeons between Kingston, Ottawa, and Montreal and Quebec will be held. He says the rearing of housing pigeons in Canada is increasing every month and looks forward to the time when pigeons in the near future will be used for carrying government despatches in place of the mail trains which are too slow and risky.

PERTH, N.B., April 11.—James Grant, of Lower Perth, was frightfully injured this morning by a landslide at the Narrows. He cannot possibly recover.

McGreevy and Tarte in Court.

QUEBEC, April 11.—The McGreevy-Tarte libel case was called to-day. Laurier, for the defendant, asked the Judge to name a day for the hearing, and Irving, counsel for McGreevy, wanted the court to call upon Tarte to submit to let them see the letters in his possession. This he vigorously resisted, and the court considered both questions.

Rebellion, Famine and Pestilence.

ROME, April 11.—Massowah advices say that the inhabitants of interior Abyssinia have risen in rebellion, and that plague and famine are rife.

Switchmen Strike.

DENVER, April 11.—The switchmen in the Burlington yards struck this morning. No trains moved to-day.

A Flood Feared.

MONTREAL, April 11.—The river has risen three feet since Friday and there are grave fears of a flood should the lake ice come down and make a jam.

Few Funds for Parnell.

PHILADELPHIA, April 11.—Redmond, O'Connor and Mrs. Parnell spoke here last evening to a small audience, only one thousand dollars were subscribed, where last fall the Nationalists secured one hundred and thirty thousand.

Witnesses Arrested.

DUBLIN, April 11.—A number of crown witnesses against Parnellite disturbers at McCarthyite meetings have been arrested at Carrick-on-Shannon for refusing to attend court. The number includes clergymen, poor law guardians and Tully the editor of the Roscommon Herald.

Makes the Weak Strong

The marked benefit which people in run down or weakened state of health derive from Hood's Sarsaparilla, conclusively proves the claim that this medicine "makes the weak strong." It does not act like a stimulant, imparting fictitious strength from which there must follow a reaction of greater weakness than before, but in the most natural way Hood's Sarsaparilla overcomes that tired feeling, creates an appetite, purifies the blood, and, in short, gives great bodily, nerve, mental and digestive strength.

Fagged Out

"Last spring I was completely fagged out. My strength left me and I felt sick and miserable all the time, so that I could hardly attend to my business. I took one bottle of Hood's Sarsaparilla, and it cured me. There is nothing like it." R. C. BEGOLE, Editor Enterprise, Belleville, Mich.

"I derived very much benefit from Hood's Sarsaparilla, which I took for general debility. It built me right up, and gave me an excellent appetite." ED. JENKINS, Mt. Savage, Md.

N. B. If you decide to take Hood's Sarsaparilla, do not be induced to take anything else instead. Insist upon having

PUBLIC NOTICE.

IN future the Government Steamer "Stanley" will run during the winter months between Charlottetown and Pictou, while the ice will admit of her making a return trip each day, commencing on the 1st December.

If, however, the Company's Boats cannot keep up daily communication between the Island and mainland before the 1st December, the Steamer "Stanley" will commence running earlier than the 1st December, so as to keep up daily communication.

When the Steamer "Stanley" cannot make return trips between Charlottetown and Pictou, she will then run between Pictou and Georgetown and make daily trips, if possible.

When the ice becomes so heavy that she cannot make return daily trips, the ice boats will carry the mails between Cape Traverse and Cape Tormentine, so as to give a daily mail to the Island throughout the winter, weather permitting, and the "Stanley" will then run between Pictou and Georgetown for the purpose of carrying passengers and freight, making only one trip each day, leaving Pictou on Monday, Wednesday, and Friday mornings at 7 o'clock, and leaving Georgetown on Tuesday, Thursday and Saturday mornings at the same hour.

Notice of her arrival at Georgetown will be made public by the Agent of the Marine Department at Charlottetown each day, and also the hour of her intended departure from Georgetown.

As soon as the Stanley" begins making a return trip between the mainland and the Island in the early part of the year, the Ice-boat Service at the Capes will be discontinued, so that as far as possible, a daily mail each way will be conveyed between the mainland and the Island during the winter.

The "Stanley" will remain on the route until the 1st May in each year, and will continue longer than that date if the Company's coats are not able to keep up daily communication with the Island.

Deputy Minister of Marine.
