Is it really consumption? Many a case supposed to be radical lung disease is really one of liver complaint and indigestion, but, unless that diseased liver can be restored to healthy action, it will so clog the lungs with corrupting matter as to bring on their speedy decay, and then indeed we have consumption, which is scrofula of the lungs, in its worst form. Nothing can be more happily calculated to nip this danger in the bud than is Dr. Pierce's Golden Medical Discovery. Sold by druggists.
