

PERSONALITIES.

A man named Dollar was married to Miss Nichol in Oklahoma the other day. Mrs. Elizabeth Seward of Denver is well known bill poster. Though at first she did much of her work, she now employs 14 men. Dr. T. Edward Hayes, a native of Charleston and formerly a resident of Savannah, is now the physician in chief to the king of Siam. Sarcy, the noted French dramatic critic, styles himself a "moderate vegetarian." He eats eggs, milk, butter and fish, but eschews all other animal food. It is recalled that General Jo Shelby's mother was both rich and generous, and when she sent her son to school in Philadelphia she sent other boys who were poor along with him. Theodore Sedgwick Fay, who was associated with N. P. Willis and George Morris in editing the New York Mirror, more than 60 years ago, is still living in Berlin at the age of 90. One of the jolliest of the old men present at the old folks' dance given recently at Barre, Mass., was Dr. William L. Russell, who is now the oldest living graduate of Harvard college. Dr. Russell is 97. Dr. Samuel D. Gross, the eminent Philadelphia, will be the second physician in this country whose memory will be honored with a monument. The statue will be placed in the grounds of the Smithsonian institution. Matthew Buckley, who died the other day in Delavan, Wis., at the age of 97 years, was said to be the oldest circus man in the United States. He was the father-in-law of William C. Coup, who was once a partner of Barnum. It is 7 1/2 years since the kaiser came to the throne, and in that time he has killed, according to the official statistics, 25,372 head of game. This list includes one whale, two aurochs and three large bears, but takes no account of very small game. It is said that Ras Alula, the great Abyssinian chief, whose death may encourage Italy to another Abyssinian campaign, began life as a groom. He ended it by freeing his country—the highest greatness it is possible for a soldier to achieve. Ishaq Khan, the former governor of Afghan-Turkistan, says that the allowance granted to him by the Russian government is insufficient and has petitioned the emir to be allowed to return to Afghanistan. He has long been a refugee at Samarkand. Mr. Holmes, the librarian of Queen Victoria, is making rapid progress with his life of the queen. It is characteristic of her majesty's love of thoroughness that she revises every sheet of the manuscript herself and that she will strike out the slightest biographical error which may occur.

A TRIP TO ENGLAND.—The audience which assembled in Grace Church last evening to hear Mr. J. H. Bell, M. L. A., lecture on a "Trip to England" was not so large as was expected or as it should have been. The United States Senate is to vote on the British Arbitration treaty on the 5th of May. It cannot be said that the result will be, and it does not much matter. The Senate, it has been made fairly plain by the press, in its carping and whittling at the treaty, has not represented public opinion in the United States. The spirit of the treaty has commended itself to the thoughtful public, and it is the spirit approved of by the people it does not matter much what happens to the letter of the document.
