Boom Expected In Pleasure Sea Craft

(A.P. By Guardian's Special Wire)

EASTPORT, Me., April 6—George H. Greenlaw, veteran boatbuilder here, predicted today increased business for shipyards as more automobiles travel the highways.

Use of peasure sea craft, he said, has become more and more popular.

"It's largely because of the crowded conditions of the highways nowadays," he says. "A man gets to the point where he doesn't feel safe in an automobile any more. The sea is the answer to that."

The trend, he says, is toward sailing craft which have auxiliary engines installed.

STOCK QUOTATIONS

Morning Stock Letter

(Received over Pitfield and Co's Private Wire)

NEW YORK, April 6—Foreign exchanges this morning are about the same as at the close on Saturday. Glen Alden declared the regular dividend. We would look for a firm and active market today and believe the leading stocks can be followed at this time.

NEW YORK, April 6—The leadership of the market will likely remain where it has been lodged for some time, in some of the industrial leaders. It seems likely that motors, steels, oils, electrical equipments, and chemicals will sell higher with the utilities still having a great deal of ground to recover and with the possibility that some of the rails can do considerably better also.

MONTREAL, April 6—Dominion Stores—Sales March 1936, $1,311,-991, 1935 $1,346,646. 2 months $2,-462,673 vs $2,415,158 respectively. Sales for February showed increase of 8 per cent over February 1935.

PORK CRACKLING

To make the crackling on roast pork really crisp first hold the joint under cold water to rinse it, and then while the fat is still damp rub some salt well into it. Baste it very thoroughly while it is cooking, for this too will help to make the crackling crisp. The oven should be very hot before the roast is put into it.

Irregular Trend On Mt'l. Market

(C.P. By Guardian's Special Wire)

MONTREAL, April 6—Montreal Stock Exchange list had its ups and downs today, but when the market closed losses had a substantial majority. Volume picked up a little.

Construction issues, volume leaders throughout the session, finished higher. Profit takers, however, clipped fractions to a point from utilities, banks, liquors and papers.

Strong demond carried foundation into new high ground for a year or more at 18, up a point, while gains of about that much were shown by Canada Cement preferred, Ontario Steel and Canadian Bronze.

Distillers Seagrams, depressed by heavy selling orders, touched a new low on its current downward movement at 24 with a loss of two points. Canadian Industrial Alcohol lost 1-4.

Early strength was exhibited by papers and St. Lawrence Corporation preferred and St. Lawrence Paper preferred touched their highest points in five years at 11 1-2 and 32 respectively. Both finished up 1-2 after light realizing.

A few papers, however, failed to make progress and Rolland preferred dropped a point while St. Lawrence Corporation common, Bathurst and Dryden eased small fractions.

Utilities never were ahead and at the finish Bell Telephone was down a point or so while minor losses were marked up for Montreal Power, Power Corporation, Canada Northern and Canadian Hydro-Electric preferred.

Lone feature of the metal division was Noranda, up 3-4 at 54 3-4, highest since 1929.

Sales 24,888 shares; bonds $6,540.

(A.P. By Guardian's Special Wire)

NEW YORK, April 6—Men's feet will be well-tanned in the Easter parade.

MINING

(Canadian Press)

TORONTO, April 6—A gain of 40 cents for Texas-Canadian in heavy trading was about the only important break away from an even display on the Toronto mining market today. A few cheap golds pulled ahead narrowly and Noranda advanced to a new high mark at 54 1-2 but failed to maintain the position closing unchanged at 53 3-4. The gold share index registered a loss of .05 and miscellaneous mines a gain of 1.-25 to 137.49

Senior golds were again slow and steady. Bralorne gained 5 cents and Hollinger and Wright Hargreaves recorded narrow losses. In the cheaper gold group Pickle Crow, Perron and Little Long Lac advanced moderately and losses of a few cents up to 5 came out for Beattie, Buffalo-Ankerite, Coniarum, Premier and Sylvanite.

Most of the base metals were up at the close. Sherritt, Waite-Amulet and Falconbridge added 4 to 5 cents each while Hudson Bay advanced 3-4.
