

## Each One of Us Has His Troubles

But when the question of a good chewing tobacco arises its no trouble at all to make a choice. For flavor and purity nothing surpasses the old Island stand-by sold in every nook and cranny of the Province.

## R.C.A.F. Royals Edge Holman's Intermediates 3-2 On Airforce Field

In a baseball game that featured stellar pitching and exceptionally fine outfielding, the R. C. A. F. Royals edged Holman's Intermediates at the R. C. A. F. diamond last evening by the score of 3-2.

Each team scored a run in the initial frame. In Holman's half O'Neill walked, was chased to third on Gallant's single, and scored on Underwood's fly to deep left field. The Airmen opened up with two hits, a single by Richard and a double by Meier, which drove Richard across the plate. Holman's went one up in the third. Joe Bernard singled to centre, Landry advanced him to second with a well-placed bunt, and Underwood's hot grounder to short scored the Intermediates held the lead until the sixth, when Cox walked, and tied the count on a passed ball, and tied the count on MacKenzie's scorching double to left which scooped along just inside the third base line. The R. C. A. F. tallied the winning run in the eighth. Meier walked, and went all the way

### MR. FISHER

(Continued from page 5)

ward Island and said our people should be so sold on this Province that they should consider it a bonanza to live here. The opportunities in producing food seem to him to be endless and he visualized the developments taking place all around us that will mean increasing populations and we should provide them with some of the necessities of life. He told about The Hamilton River in Labrador which is twice as high as Niagara and has a potential six to seven million electrical horse power energy. Newfoundland and its amazing growth under the leadership of Premier Joseph Smallwood, whom he termed a human dynamo, is an example of natural resources coupled with faith, energy, and vision, and promotion. Promotion today is one of the great necessities of all four Eastern Canadian Provinces. Let the other fellow know what you have to sell as the chances are ten to one he needs it in quality and quantity. The bashfulness and inferiority feelings of the past are things of the past. The world is eager for the things we have in these Provinces but if we don't let the world know then we are not faithful to the spirit and example of our forefathers who opened up this country and believed that the hardships they endured for the generations to follow them were well worth it all that they went through. The difference fundamentally between Communism and Democracy is that Democracy is something that has a Faith. Keep that Faith, join hands and work. Sing "Oh Canada" with more enthusiasm and pride.

Mr. Fisher was here under the auspices of The Charlottetown Rotary Club whose Rural Urban Committee under the chairmanship of Rotarian Ernest Reid made all the arrangements for the meeting. The Winsloe Rhythm Band who won first place at the recent Musical Festival, delighted the audience with several selections. These youngsters in their trappy uniforms were really marvellous and won high praise not only from the large audience but from John Fisher who referred to them several times in his address. Donald Wood of Marshfield, also a first prize winner at the Music Festival, received much applause for his fine solo. This young man has an unusually fine voice for one his age.

Chairman of the meeting was Rotarian Dr. George Fisher, a brother of John Fisher. Rotarian Dr. Sterling Giddings who is president of the Charlottetown Rotary Club, introduced John Fisher and during his introductory remarks said that "John Fisher exemplifies what should be the true spirit of every Canadian."

### BEST TYPE

The yellow birch of Eastern Canada is the largest and most valuable of Canadian birch types, reaching diameters of three to four feet.

### FOREST PEST

The spruce budworm, most destructive pest in balsam pulpwood forests of Eastern Canada, also attacks spruce, hemlock and Douglas fir.

around when Gunner Cox hit a booming triple to left centre. Alan Stewart made one of the best catches seen in these parts for some time in the fifth, taking Meier's long fly over his right shoulder as he raced to deep centre field. His catch of Brown's well lagged fly in the same inning was also a nice effort. Leftfielder Wanless' leaping catch of Bill Allan's rising line drive to left field in the ninth was another brilliant effort, and Wanless pulled down five flies in the left gardens during the evening's play. The Royals wiped out a Holman rally in the eighth with a smart 6-4-3 double killing. Meier, Royal shortstop, was the only player to get two hits, and he was robbed of a third by Stewart's sensational grab in the fifth.

McCulloch who relieved Brown in the fourth inning, pitched his second fine relief effort of the second, allowing only two hits in 5-2-3 innings.

## Was Delegate At Cancer Meeting

Three delegates from P. E. I. attended the recent sessions of the Grand Council of the Canadian Cancer Society, held at the MacDonald Hotel in Edmonton, Alta. They were Wendell H. Beaton, Charlottetown, J. G. Jardine, representing King's Co., and secretary of the Island division, James McInnis of Prince Co.

One of more delegates, about 40 in all, both doctors and laymen, were present from every province for the three days of meetings, of which the first session was given over to secretaries' reports. The remainder of the time was spent in sessions of the Grand Council. The delegates were sent to the conference, all expenses paid, by the national division of the Canadian Cancer Society.

The work of the Canadian Cancer Society lies mainly along lines of research and education, and the great strides which have been made in the latter field were amply illustrated by reports presented at the sessions that people with possible cancer symptoms are now more inclined to seek medical advice.

## Attended Big Cattle Sale At Edmonton

Mr. Wendell H. Beaton, of Charlottetown, reports that during his recent short visit in Edmonton, Alta., the annual sale of purebred Shorthorn bulls was held in the Stadium there by Claude Gallinger of the Killarney Farms, just outside Edmonton.

Mr. Gallinger makes this sale an annual event, and every year invitations and catalogues are sent out all over Canada from British Columbia to Ontario, to all parts of the country where one of his bulls has been sold.

About 100 ranchers met at the MacDonald Hotel on the evening previous to the sale, and were entertained at a cocktail party and banquet by Mr. Gallinger. The following day the prospective buyers were taken by chartered bus to the stadium, where the sale was conducted by J. W. Durno of Calgary, recognized as one of the greatest registered livestock auctioneers in Canada.

The sale, at which 29 bulls were sold, took about one and one half hours, and 46, 45 and 44 hundred dollars respectively were given for the first three animals sold. The average price per animal was \$2,049 apiece.

On his way home from the west, Mr. Beaton had the opportunity of conversing with the buyers of the second and third most highly priced bulls, both from Portage La Prairie, and he also made the acquaintance of Mr. MacMillan from Melville, Sask., who purchased a registered Island sow through Mr. W. H. Clay, senior livestock fieldman in P. E. I. Mr. MacMillan reports that he is highly satisfied with the results of his purchase.

### SHAMROCK W. I.

The regular monthly meeting for the month of June was held at the home of Mrs. Margaret Nicholson. Fourteen members and four visitors were present and the roll call was answered with an article for auction sale. The meeting opened with the recital of the "Creed" and the minutes of the last meeting were read, approved, and signed by the

### president.

The committees then gave their reports as follows:—  
Sick: One visit to a sick member; and school: mouse seed needed for school.  
New committees were appointed: Sick, re-appointed: school, Mrs. Sam Gillis and Mrs. Ernie Duffy; lunch, Mrs. Lionel Cairns, Mrs. Ernie Duffy, Mrs. Sam Gillis and Mrs. George Hughes; program, re-appointed: Mrs. George Hughes; program, re-appointed: Mrs. George Hughes. A card of thanks was read by

the secretary and it was decided to hold a dance in the school the following week.

Mrs. Sam Gillis invited the members to her home for the July meeting. A contest was then put on by the program committee and won by Mrs. Leslie Clark and Mrs. George Hughes.

The meeting was brought to a close with "God Save Our Queen". A delicious lunch was served by the hostess assisted by the committee in charge.
