The largest telegraph office in the world is the general post office building, London. There are over 3,000 operators, 1,000 of whom are women. The batteries are supplied by 30,000 cells.

Every mineral and metal of value in the arts or industries is found within the limits of the United States. Every precious stone known to the lapidary has been found within the limits of the United States.

Quite a profitable business is done in some large towns of England by lending turtles to restaurants. They are permitted to remain in the windows for a few days, and are then taken to different parts of the city as advertisements for other eating houses.

A single page in an issue of the Century taken for advertising purposes, costs $500; in Harper's, $400 down to $100. A yearly advertisement in one column of the New York Herald costs $30,300 for the lowest and $130,000 for the highest priced column.

A model (?) newspaper is to be printed in Chicago. It will have no Sunday issue, and the Monday issue will be set up on Saturday night. Crime will be ignored completely, and only things which shall picture the world as a thing of sunshine and goodness will be printed.

Boston has a unique exhibition in the shape of a display of lilacs which is probably the largest ever seen in this country. The collection contains from 125 to 150 varieties of the Syringa vulgaris, which have been obtained from all parts of the world. The display includes every known species of this fragrant flower in cultivation.

The widest canal in the world is said to be the Chenab Irrigation Canal, in the northwest province of India. It is 110 feet broad, and will be 200 feet when finished. The main canal will be 450 miles long. The pricipal branches will have an aggregate length of 2,000 miles, and the village branches of 4,000 miles, 250,000 acres are already irrigated.

It is said that there are in Kansas 28 well-built towns without a single inhabitant. Saratoga, in that State, has a $30,000 opera house, al arge brick hotel, a $20,000 school house and a number of fine business houses, and yet there is not a single person to claim that city as his home. At Fargo, a herder and his family constitute the sole population of what was once an incorporated city.

A belting company of Hartford, Conn., has just made the largest belt that the firm or any other company ever made. It is for the Washburn & Moen Iron Company of Worcester, and will be shipped in a few days. The belt is six and one-half feet wide and 120 feet long. It is made of four thicknesses of leather, being 15-16 of an inch thick. All complete it weighs a little over 3,200 pounds. It is expected to transmit 2,000 horse-power.

The French mode of conducting auctions is rather curious. In sales of importance the affair is placed in the hands of a notary, who, for the time being, becomes an auctioneer. The auctioneer is provided with a number of small wax tapers, each capable of burning about five minutes. As soon as a bid is made, one of these tapers is placed in full view of all interested parties, and lighted. If, before it expires, another bid is offered, it is immediately extinguished and a fresh taper placed in its stead, and so on, until one flickers and dies out of itself, when the last bid becomes irrevocable. This simple plan prevents all contention among rival bidders, and affords a reasonable time for reflection before making a higher offer than the one preceding. By this means, too, the auctioneer is prevented from exercising undue influence upon the bidders, or hastily accepting the bid of a favorite.

LITERARY NOTES.

The complete novel in the August issue of Lippincott's, "Little Lady Lee," by Mrs. H. Lovett Cameron, narrates the vicissitudes of a faithful heart which found its true mate after its owner, obeying the customs of English high life and match-making fathers, had lost her freedom.

"A Friend to the Devil," by Maurice Thompson, is an amusing story of Georgia superstitions. The "Applied Art" which William T. Nichols treats was akin to that of the late M. Worth, of Paris, but it did not prevent the artist from winning his lady love.

Prof. Charles D. Roberts relates "The Romance of an Ox-Team" in the land of the Blue Noses. "Two Prayers," by Kathleen Gray Nelson, is a condensed and painted tale of love and hate.

In "Bicycling Era," John Gilmeor Speed gives something of history and much of the ethics of a mode of exercise in which he thoroughly believes—a belief shared by a large and steadily increasing number of Americans of both sexes and all conditions.

TEA PARTY!

DANGEROUS CONSOLATION.

All Right in a Day or Two, But the Day Never Came.

"All right in a day or two" is the thought that consoles every one who is suffering from any indisposition that does not prostrate him. In the case of a person bedridden for months with disease of the Kidneys being asked, "Did you not have any warning of this condition you are now in?" "Yes, I was bothered at first with backache, with occasional headaches, but did not consider myself sick or the necessity of medicine further than a plaster on my back or rubbing with my favorite liniment. It was months before I began to realize that it was useless to further force myself to ignore my condition. The backache had become a pain in the back and sides, weak and tired feeling, high-colored urine with obstructions and stoppage, pain in the bladder, palpitation of the heart, poor appetite, indigestion, and a dull, languid feeling, with entire lack of energy." Had the first signal of distress from the Kidneys—*Back-ache*—received the assistance of Chase's Kidney-Liver Pills, the after state of misery and suffering would have been avoided. A few doses dispel first symptoms; delay results in liver, heart and stomach becoming affected. It is useless to expect to overcome this complication without a persistent and regular use of Chase's K. and L. Pills. Price 25c., sold by all dealers. Edmanson, Bates & Co., Toronto.

NUTRITION AND THE NERVES.

Nervous exhaustion results especially from defective assimilation of food.

Anything that affects the general nutrition of the body will injuriously affect the nervous system.

So long as the digestive organs are not in a healthy condition, the process of building up of tissue and removing from the wasted tissues cannot go on as it should to ensure health.

Whoever, therefore, is suffering from nervous debility must first of all do something that will restore the digestive organs to their normal condition. The great merit of Hawker's nerve and stomach tonic is that it brings about this important change, and restores healthy action to the digestive organs. It cleanses, stimulates, and strengthens. Its effect upon the nervous system is very marked. The person taking a course of this remedy according to directions and with due regard to regular habits will regain lost appetite, food will be digested without distress, restful sleep will be enjoyed, the nerves invigorated, and health fully restored. These are not idle words. The happy experience of thousands is behind them. Be advised, herefore, and if your system is out of order secure a supply of Hawker's nerve and stomach tonic It is sold by all druggists and dealers at 50 cents per bottle or six bottles for $2.50, and is manufactured by the Hawker Medicine Co., (Ltd.) St. John, N. B., and New York City.

MOST INVALUABLE.

The New Specific Remedy Is being Extensively Used at Ottawa.

OTTAWA, July 29.—The marvellous recovery of Mr. G. H. Kent, of this city, from Bright's disease by the use of Dodd's Kidney Pills is still fresh in the memories of Ottawa people, and the remedy is being freely recommended both by druggists and private citizens. The similar wonderful cures of Dr. A. G. McCormick, of Richmond, Quebec, and of Mr. Arthur Coley, of Somerset, Manitoba, to say nothing of many others, are generally quoted in favor of the assertion that no remedy of modern times has gone so successfully through a severe trial, and been so efficacious in all cases of kidney trouble. It is also proving itself invaluable in the milder forms of sickness which appear during the summer.
