IN MEMORIAM

TOOMBS — In loving memory of our dear husband and Father Bertram Toombs who passed away December 27th., 1957.

Gone is the face we loved so dear
Silent is the voice we loved to hear.
Too far away for sight or speech
But not too far for thoughts to reach
Sweet to remember him who once was here.
And who tho' absent is just as dear.

Lovingly remembered by wife and daughter.

BERNARD — In loving memory of our dear father, William Bernard, Hunter River, who passed away, Dec. 27, 1956.

The dearest father the world could hold,
A cheery smile and a heart of gold,
Peacefully sleeping and resting at last,
All your suffering and troubles are past;
In silence you suffered in patience you bore,
Till God called you home to suffer no more.

Lovingly remembered by sons and daughters-in-law. San and Edna, Stella and Ray.

BERNARD — In loving memory of my father, William John Bernard who died December 27, 1956.

Someone remembers, someone cares,
Your name is whispered in our prayers.
A smile, a tear, a thought sincere,
How often we wish you were here.
God chose to take you from us,
No one can take your place
To-day brings back sad memories

That time does not erase.

Lovingly remembered son Vernon, daughter-in-law, Mildred granddaughter, Marilyn.

BERNARD — In loving memory of father, William Bernard, who passed away, December 27, 1956.

A precious one from us is gone,
The voice we loved is still.
His chair is vacant in the home.
No one will ever fill.

We think of him in silence
No eye can see us weep
But, many silent tears are shed
When others are asleep.

Lovingly remembered by Willard - Bea.

BERNARD — In loving memory of granddaddy William Bernard, who passed away December 27, 1956.

Fondly remembered by Don, Cliff, Eileen.

BERNARD — In lovin memory of our dear father, William Bernard, who passed away Dec. 27, 1956.

Time cannot erase a loving face
or mend a broken heart.
Time cannot stay the falling tears
That grief and sorrow start.
Time cannot fill the vacant chair
That holds an empty space.
Time cannot make our home the same
Without dear father in his place.
Sadly missed and always remembered by daughters Pearle, Wanda Lorean, Margaret.

BERNARD — In fond and loving memory of William Bernard, who passed away on December 27, 1956.

As time goes on two years have passed
Since death its gloomy shadows cast
Within our home where all seemed bright,
And took from it a shining light.

We often stand beside your grave,
With hearts still sad and sore
And think we hear your loving voice
Calling us as before.

The flowers we place upon your grave,
May wither and decay,
But the love for your who sleeps beneath
Shall never fade away.

Sadly missed and lovingly remembered by his wife, Rena and son, Jackie.

DORSEY — In loving memory of a dear husband and father, Frank Dorsey, who passed away, December 27th., 1954.

There is a link death cannot sever,
Lovingly remembered by wife and family.

MCLEAN — In memory of our dear daughter and sister May, Mrs. Harold McLean, who passed, December 28, 1949.

Our memories often wander as
twilight shadows fall
Back to days of happiness, days
beyond recall
Visions come before us, so calm,
so dear, so sweet,
Of her whose lips are silent,
And whose eyes are closed in
sleep.

Ever remembered and sadly missed by mother, brothers and sisters.

MEEK — In fond and loving memory of our mother, Mrs. Gertrude Meek, who passed away, Dec. 28, 1955.

God saw you getting weary,
So He did what He thought best,
He came and stood beside you
And whispered "come and rest."

Ever remembered by the family.

CARD OF THANKS

I wish to thank Dr. Laidlaw, nurses and staff of the Prince Edward Island Hospital for their kindness to me while I was a patient there. Harry Cummings, 67 Douglas St., Charlottetown.

Backstretch.

(Continued from page 6)

However, Emily's Pride won the second time out with 1.59 2-5—a world record for a three-year-old trotting filly, and came back to sew it up with a 1.59 4-5 effort as a world's record for three heats divided for three-year-old trotters.

Senator Frost later lowered the race mark for three-year-old trotters to 1.59 at Hollywood Park, while both Emily's Pride and Yankee Lass time trialed in 1.58 at Lexington—a world record for fillies, and equalling the colt mark set by Titan Hanover in 1945. Senator Frost's time erased Greyhound's old mark for geldings.

HUNG UP COAT

Fred Egan hung up his driver's coat after winning the 1957 Kentucky Futurity, but supervised the training of Emily's Pride this season, while his aide, Flick Nipe, handled the sulky assignment. Castleton Farm and Walnut Hall Farm are the co-owners of Emily's Pride, and they had a great pair to aid them in Egan and Nipe.

The McNamar's Two Gaits Farm came up with a great three year-old trotting filly in Sandalwood. She won the Matron Stake and Horseman Futurity, and first-heat conqueror of Emily's Pride in the Hanover Filly Stake at Lexington. She won 9 times during the year and was trained and driven by Ralph Baldwin.

Spunky Hanover, trained by Bobby Camper, nabbed the Yonkers Futurity, first leg of trotting's "Triple Crown", but finished up the track in the Hambletonian. Spunky didn't try for the Kentucky Futurity honors, but finished the season with $54,407 earned for Fiesta Farm. Two others that had speed to stay with the best all season were K.D. Owen's "McColby" and Gen Riegle's "Mr. Saunders". McColby won the Review Futurity for driver Dana Cameron, while Mr. Saunders shared American National honors with Great Lullwater.

Trainer Dick Boxton had a pair in the top ten money-winning list, with the record-setting Senator Frost winning 23 times during the year and bankrolling $43,834. LaBelle was Buxton's other ace. This filly could step with the best all year long and won 20 out of 28 starts, earning $34,452.

Had betting been in vogue at DeQuoin, Illinois, S.A. Camp's Little Rocky and Joe O'Brien undoubtedly would have established a Hambletonian record for a payoff price, when "The Rock" won the second heat of the classic. Until that day the colt had an undistinguished record and O'Brien and owner Jim Camp hesitated to start against the other bearcats. Little Rocky was last in the field of 14 in the first heat, but came home like the Prodigal Son in the second. Unable to shake loose from the crown until the homestretch, Little Rocky still finished fastest of all in the third heat to wind up fourth and stand second in the overall summary.

CLASS TO SPARE

Three-Year-Old Pacing Division: There was class to spare all season long in this division, and three different horses won the separate legs of the "Triple Crown". Yet the voters had no trouble in crowing Shadow Wave as tops in the division on the basis of his Little Brown Jug victory and his great showing at Hollywood Park.

A 1.56 3-5 mile in the second heat of the American Pacing Classic undoubtedly clinched it for the S.A. Camp Farm ace Only one pacer in history, Adios Harry, ever has raced in faster time. O'Brien Hanover, winner of the $108,565 Messenger Stake, the Jubilee, and the Roosevelt Governor's Cup among others, was the leading money-winner with a total of $124,583.

Del Miller trained Hugh Grant's ace (O'Brien Hanover) but was an unwilling bystander while Jimmy Jordan drove the colt to the Messenger victory. Joe O'Brien tried for the third leg of the Triple Crown—the William H. Cane Futurity-with Shadow Wave and turned stablemate Raider Frost over to Hugh Bell to drive.

Concert Held At Glenwood Hall

Glenwood Hall was filled to capacity Monday evening, December 22nd., when pupils of Dunblane School presented their Christmas concert under the direction of their teacher Mrs. Lillian MacLean.

It was an appreciative audience that heard the well executed program which included drills, recitations, exercises, solos, duets, dialogues all in the spirit of the Christmas season.

Santa Claus arrived following the program and distributed gifts from the tree.

Tignish Concert Is Well Attended

TIGNISH — A large crowd of interested parents and friends heard with pleasure the program of singing, dancing and playlets in Tignish Parish Hall which was decorated with trees, holly and colorful lights.

The appreciative audience was welcomed by a group of boys who sang the opening chorus: "We Wish You a Merry Christmas". Then followed the playlet "Cinderella's Stocking".

During the intermission the audience heard with pleasure the song: "Le Pere Noel" by the tiny tots.

The playlet: "Mrs. Santa Comes Unto Her Own" was also well received.

The pupils dressed in red and white skating costumes presented the "Skaters' Waltz", with grace and charm.

Before a background of snow and hills the older pupils presented the main part of the program in a playlet titled: "Our Lady of Snows".

The delightful program was culminated by the nativity tableau a "Mass Unending" which was the theme of the presentation. The beauty of the setting was enhanced by the variety of colorful costumes under the changing spotlights.

Concert Given At Springfield

SPRINGFIELD — The Springfield Baptist Church was filled to capacity on Thursday evening, Dec. 18th, when the Baptist Sunday School Children and Young People's Society presented their Christmas concert.

The Church was nicely decorated with Christmas trimmings. Reigh Shaw superintendant of the Sunday School presided, the opening hymn by the congregation was in "Joy to the World", scripture reading Matthew 2 by Rev. Ross Howard followed with the Lords Prayer in unison.

The program presented by the school was well received. It included drills, recitations and exercises, all in keeping with the Christmas season.

The offering was received by Thiren Smallman and Kaye Frizzell and the prayer of dedication was given by Rev. Ross Howard.

The program closed with Mizpah Benediction after which Santa Claus put in an appearance and presented gifts to all from a well laden tree.

This proved even the best can make mistakes, since it was Raider Frost that carried the Camp Farm colors to victory, while "Shadow" finished sixth.

Bye Bye Byrd, owned by Popular Hill Farm, scorched Springfield, Sedalia, DuQuoin and Indianapolis tracks with seven miles in two minutes or less, but the half-mile ovals brought an end to his streak. His 1.57 4-5 race mile in the Geers Stake at DuQuoin stood as a world record until Shadow Wave shattered it in California. Unlike the three-year-old trotting division the colts dominated the pacing events, although nobody doubted the ability of Parker Whiting's O. F. Brady or Carl Schultze's filly, Kwik. There are eleven other three-year-old pacers that may give much trouble to the free-for-allers in 1959, including: Napoleon Hanover, Jacob Hanover, Esquire Direct, Thorpe Hanover, and Sunbelle—the third of Joe O'Brien's "Triple-Threat" in this division.

Three-Year-Old Pacers, Season's Champions (in races only): Half-mile track, Shadow Wave, (Joe O'Brien) 2.01. Mile - track, Shadow Wave (Joe O'Brien) 1.56-3-5.

Our annual Review of 1958 Racing will appear in the Guardian and Patriot Monday.

Construction Is Expected To Increase

OTTAWA (CP) — Volume of construction in Canada in 1959 will exceed this year's record $7,100,000,000 by from three to five per cent, Harold J. Ball of Kitchener, Ont., president of the Canadian Construction Association Association, said Friday in a year-end message.

"Like each successive year in the post-war period," Mr. Ball said, "1958 was the biggest construction year in Canada on record.

"With the continuance of this trend in 1959, construction will retain its position as Canada's largest industry with a direct labor force of some 620,000.

"This larger volume will be accompanied by very keen competition, with the result that there will still be a buyer's market for construction."

Mr. Ball said housing represents "the main bright spot in the industry."

More than 145,000 dwelling units would be completed this year, against 117,000 in 1957.

Young Dishwasher Confesses To Kidnap-Murder Of Nurse

By PATRICK McNULTY

VENTURA, Calif. (AP) — A young dishwasher with a long criminal record confessed to a grand jury Friday that Mrs. Elizabeth Duncan hired him and a friend to kidnap and murder her daughter-in-law.

Authorities charge that Mrs. Duncan, 54—jealous over Olga Duncan's marriage to her son—hired Luis Moya and Augustine Baldonado to kill Olga, a nurse born near Dauphin, Man., who came here last year from Vancouver.

Baldonado told authorities earlier that the two strangled and buried Olga. He led them to the woman's grave. Moya, weakening under constant questioning by policemen, broke down Christmas night.

Friday, before the grand jury, he repeated the story. "I confessed to God for this," he said.

TIES UP CASE

District attorney Roy A. Gustafson, in seeking a murder indictment against the trio, said Moya's statement "just about ties it up."

Moya, 22, has a seven-year record of arrests on petty theft and narcotics charges. He was on parole when arrested.

The Canadian nurse was pregnant when she died Nov. 18. She and Frank Duncan, 30, separated two weeks after their marriage last summer.

Gustafson said:

"Moya said he lured Olga Duncan from her apartment by telling her that Frank was drunk and passed out in the rear seat of a car parked near the apartment.

"When she went outside to see for herself, Baldonado was lying in the back seat, posing as Duncan.

STRUCK FROM BEHIND

"When Olga looked inside, Moya struck her from the rear."

Gustafson said Moya's story matched that told by Baldonado, a 25 - year - old itinerant farm worker. Both told of strangling and whipping the woman with a pistol before burying her in a shallow grave near a canyon road in Ventura County.

Mrs. Duncan said after her arrest that she was innocent and that "those two men were trying to blackmail me." She said Moya and Baldonado were attempting to get back a legal fee her son collected from a man who later was convicted and jailed.

But Gustafson said she offered the two men $6,000 to kill Olga because "she didn't want another woman to have her boy."

She also is accused of posing in court as her daughter-in-law to obtain a fraudulent annulment of the marriage.

An autopsy disclosed that Olga suffocated, either from the throttling or from being buried alive.

Absent Minded Professor Starts New Career At 65

By RALPH DIGHTON

LA JOLLA, Calif. (AP) — Two professors met on the sidewalk at midday, chatted awhile, then moved on.

After a few paces one of them stopped and called to the other: "Say, John, which way was I going?"

The other smiled and pointed: "That way, Harold."

"Good," said Harold. "Then I've had lunch."

This is one of the many absent-minded professor stories told about Dr. Harold C. Urey, Nobel prize winner in chemistry and one of the outstanding scientists of this century.

Urey recently joined the faculty of the University of California's Scripps Institution of Oceanography here to continue his study of the origin of the solar system.

NEW JOB AT 65

At 65, when most men retire, Urey is beginning a new job and an expanded work schedule. He has already accomplished enough for two lifetimes.

Urey won the Nobel prize for his discovery of deuterium when he was 41. At that point he could have moved into an administrative post and taken things easy. Several offers were open to him.

Instead, he plunged into research that led to the atomic bomb.

Deuterium, or heavy hydrogen, is the element that is combined with oxygen to make heavy water, a vital ingredient in producing nuclear fission. Urey's discovery of heavy hydrogen won him the greatest prize of science, but it also brought on the most unhappy period of his life.

FRIGHTENING MONSTER

Dr. Urey was scared. The monster he had helped create was threatening civilization.

During and after the war he made speech upon speech, pleading for peace among nations. War in the atomic age was unthinkable. The only defence against an atomic bomb, he said, was a political defence—no military defence existed.

So he plugged away for a world government to outlaw war.

"We may not be able to secure a world government," he admitted, "but we will not solve the problem of peace versus war by any other means whatsoever."

TURNED TO NEW INTEREST

Time passed and the immediate danger of an atomic holocaust diminished. Then he developed a new interest.

While atomic physicists were claiming the headlines, advances in other sciences were opening new approaches to one of man's oldest questions: How was the world born?

In his 50s Urey began a new work, an investigation of the origin of the solar system. After five years' work he published a book called The Planets in which he advanced this new theory:

The earth and the other planets are not solidified chunks of the sun, thrown off in some cataclysmic explosion, but collections of comparatively cool clouds of cosmic dust which are swirled around the sun.

STUDIED SEA SHELLS

Urey arrived at this conclusion by studying prehistoric sea shells.

By grinding them into powder and analyzing their molecular structure, he learned how to determine not only their age but the temperature of the seas in which the shells were formed.

His studies in this field—still under way at Scripps—led him to believe that the earth ages ago was not hot, as it would be if it had been born in a solar explosion, but cool. The internal heat of the earth, he said, was due to the radioactivity of the dust from which it was formed.

Railway Calls Tenders For Sale Of Steam Ship Glencoe

ST. JOHNS, Nfld. — Canadian National Railways proposes to sell the S.S. Glencoe, it was announced in Montreal yesterday.

E.A. Bromley, the company's vice-president of purchases and stores, said tenders are being invited for the veteran ship which long sailed in Newfoundland coastal service.

The Glasgow-built Glencoe has been out of service since September 1958, and tied up at Saint John's under terms of sale by tender the vessel will be delivered to a purchaser at St. John's and in existing condition, with the exception of fuel and unbroached stores on board.

The coal-burning Glencoe was built in 1899 for he former Newfoundland railway of 767 gross tonnage, the ship contains 28,540 cubic feet of cargo space. It is 208 feet long.

At one time or another in its service to Newfoundland Glencoe has sailed on all the coastal runs. Operation of the coastal services was taken over by the CNR when Newfoundland joined Canada in 1949.

In 1956 the CNR added two ships to its coastal fleet, the Monia and the Bonivista. And in October 1958, the Multiple-purpose ferry William Carson was placd in regular daily service between North Sydney, N.S., and Port Aux Basques, Nfld.,

Deadly Poison Still Missing

WINDSOR, N.S. (CP) — RCMP said Friday night there was still no trace of a quantity of deadly potassium arsenate, missing since Monday.

The capsules, which police say look like hard candy, have been missing since a truck carrying them was struck by a freight train at nearby Newport Station. Several packages, including the one containing the poison, were scattered about the accident scene.

Freight Cars Are Derailed

EDMUNDSTON, N.B. (CPV(— Twelve cars of an eastbound CNR freight train were derailed Friday when a 99-foot steel span over the Quisibis River, between St. Leonard and Green River, collapsed at 11:15 a.m.

Two cars and the train's caboose plunged 35 feet to the river bed. Conductor Jean-Marie Pelletier and brakeman Conrad F. Castonguay, who were in the van escaped with a shaking up.

Nine cars were scattered along 1,000 feet of torn track. Officials said rail traffic on the 25 - mile stretch between St. Leonard and Edmundston would be suspended for at least a week.

Plan were made for rerouting heavy traffic and transferring passengers and express from St Leonard to Edmundston.

The train had 79 loaded cars and six empties.
