Green Gives A. F. of L. Stand On Steel Drive

(A. F. By Guardian's Special Wire) WASHINGTON, July 7.—William Green, president of the American Federation of Labor, predicted tonight that "only the enemies of organized labor" would benefit from what he called John L. Lewis' "unwise policy."

Resuming his battle of statements with the president of the United Mine Workers, Green said that Lewis' current steel organization campaign needed organized labor's undivided support to be successful.

The steel industry's attitude and statements, he said, could be interpreted to mean only "they understand no language except the language of force."

Green leads the federation faction favoring organization of all workers into craft unions, Lewis heads the faction—now trying to organize steel—that favors organization of all the workers in each big industry into one big union.

"New those identified with the committee for industrial organization (the Lewis group) find that their real enemy is not the American Federation of Labor and its executive council which they so vehemently denounced, but instead their real enemies are the steel corporations and the powerful financial interests associated with them," Green said.

"The sum total achieved by the committee thus far is nothing whatever, except division, discord and confusion within the ranks of organized labor."

During the day Lewis' field lieutenants pushed forward with the campaign. Van A. Bittner, western regional director, arrived in Cleveland for a mass meeting with a statement that the committee intended to organize every worker in that area.

In Pittsburgh, Philip Murray said that 72 paid organizers and 2,000 volunteers already were at work in the district extending from Cleveland to New England.

Green gave no hint that the craft factions would lend Lewis any help. He concluded his statement with a brief announcement that the A. F. of L. executive council would consider the status of the unions in the Lewis group when it assembled tomorrow. There has been talk that the 11 unions supporting Lewis would be suspended.

Keen Interest In Souris Field Day July 14

"Considerable interest among sport followers has been aroused by the Field Day being held at Souris on July 14th. We understand that it will be the largest event of its kind held on Prince Edward Island this year.

The track is in good shape and with entries coming in daily, keen competition will be looked forward to. The fine collection of Trophies will be presented at the Dance that night—Elliot's five-piece Orchestra will be in attendance.

Leaders Continue Downward Trend

(Associated Press Financial Writer) (A. F. By Guardian's Special Wire) NEW YORK, July 7.—Influenced by the drought and steel labor situations, stock market leaders continued their downward slide.

While a few issues bucked the trend, losses of 1 to 2 or more points predominated. The Associated Press average of 60 stocks dropped 6 of a point at 62.9 on top of yesterday's decline of .5. Transfers totalled 966,190 shares against 844,220 the day before.

Allshany Corp. preferreds were given an upward push, along with Chesapeake and Ohio, on rumors that larger earnings might result in a dividend boost by the Chief Van Swearingen carrier. Freeport Texas lost a point at 24 5/8 following Louisiana's lifting of the sulphur tax.

J. I. Case, off nearly six at one time, showed a net recession of three at 162 1/2. Others prominent on the dowside included Deere at 70 1/2, International Harvester at 70 7/8, Oliver Farm at 41 1/2, U. S. Steel at 57 1/4, Bethlehem at 47. General Motors at 67 3/8, Chrysler at 111, Great Northern at 34 7/8, Northern Pacific at 24 3/8, Santa Fe at 7 1/2, Union Pacific at 124. Montgomery Ward at 41 7/8 and Allied-Chalmers at 42 5/8.

Woolworth got a lift of 1 1/4 at 53 when June sales were reported 10.8 per cent above those of the same 1935 months. Among other gainers were Standard Oil of New Jersey at 58 3/8, Consolidated Edison at 38, Gimbel at 14. Newport Industries at 11. International Paper preferred at 36 1/8, Hiram Walker at 29 3/4, Chickasha Cotton Oil at 23 1/2 and Wesson Oil at 38 3/4.

Amongst Canadian advances of a point or more were scored by Lake Shore, Dome Mines and Hiram Walker. Distillers-Seargams and McIntyre Perumpe were up fractionally while small losses occurred in International Nickel, Shwinning, Bell Telephone and International Hydro-Electric preferred.

Crop Prospects Decline In West

(C. P. By Guardian's Special Wire) OTTAWA, July 7.—Western crop prospects declined steadily during the past week as temperatures ranged far above normal and rain was all but completely lacking, the Dominion Bureau of Statistics reported today in its seventh weekly telegraphic crop report on the Prairie Provinces.

"Severe drought conditions extend westward over a wide area from south-eastern Manitoba to the southern foothills of Alberta, having the greatest width in western Saskatchewan," the report said. "Practically all of Manitoba is included in this drought area, excepting parts of the Red River Valley and extreme northern districts.

"The north-eastern and east-central areas of Saskatchewan have fair prospects as yet, but the remainder of the province shows a steady decline.

"A large southern and east-central area of Alberta is drought-stricken, but further north and in west-central Alberta, heavier June rains were received and crops are holding up well under the hot weather.

Mulqueen Suggests Immediate Probe

(C. P. By Guardian's Special Wire) (TORONTO, July 7.—Chairman P. J. Mulqueen of the Canadian Olympic Committee today sent a wire to W. C. Clark, deputy Minister of Finance, suggesting that if distribution of the government's \$10,000,000 Olympic grant is to be investigated, the investigating be done at once. The officials and team sail next week.

It was announced at Ottawa yesterday the Finance Department would "look into" distribution of the fund, following complaints that Sculler Chuck Campbell raised money himself to take him from Toronto to Berlin for the games.

Last night Mr. Mulqueen said Campbell would be met at Liverpool by a Canadian representative who will arrange for the rest of his trip. Campbell had rejected an offer to sail with the Hamilton Leander eight-oared crew, he said, adding the committee originally had made a grant toward his expenses and the rest had been put up by a Toronto sportsman.

He added there never had been a time when the Olympic committee did not account for its expenditure of government money.

Will Appeal Court Ruling on Bennett "Reform" Statutes

OTTAWA, July 8.—(C.P.)—Prime Minister Mackenzie King told newspapermen tonight the government would appeal soon to the Privy Council of Canada on the constitutionality of "some" of the Bennett administration's "reform" statutes. He declined to say which opinions would be appealed.

The Prime Minister indicated, however, that an early announcement giving details of the appeals would be forthcoming from the justice department, perhaps tomorrow.

The Prime Minister indicated, The Supreme Court gave opinions June 17 finding ultra vires the Canadian Parliament, the employment and social insurance act and the natural products marketing act. It found partly valid one Dominion trade and industry commission act, expressed the opinion section 498A of the criminal code and the Farmers Creditors Arrangement Act were valid and split 3-3 on validity of the weekly day of rest, minimum wage and limitation of working hours act.

The two acts found invalid, the employment and social insurance and natural products marketing statutes, were regarded as the most important of the "new deal" measures produced by the former Conservative administration.

Under the first men and women working in industrial undertakings would have their wages set by a fund and receive a 50c if they lost their jobs. The second allowed producers of natural products to set prices and regulate marketing of their goods.

Under the Natural Products Marketing Act several occasions of products were formed and boards established to conduct marketing. The existing machinery was not affected by the opinions but new operations under the ACO were suspended while the opinions were pending.

It was considered likely that judgment on this act would be given on appeal to the privy council as producers in many parts of the country had viewed with favor schemes conducted under it. The employment insurance act was not placed in operation and there was no indication that the present government favored application of its principles.

High Commissioner Will Be Ostracized

(A. F. By Guardian's Special Wire) FREE CITY OF DANZIG, July 7.—Any communications from the League of Nations high commissioner will find their way quickly into the wastebasket, Dr. Arthur Karl Greiser, Nazi head of the free city Senate, indicated tonight.

Furthermore, it was made plain Sean Lester, the commissioner, will be socially ostracized by the Nazis and any request he may make will be received with stony silence.

Thus, the Nazi regime disclosed, it wishes to demonstrate the League commissioner is "more than superfluous" in the conduct of Danzig affairs.

Lester came back home today from Geneva, where Dr. Greiser, before the League of Nations council, gave the Nazi salute, thumbed his nose at newspapermen and raised a new paper- League relations with Danzig.

A huge cordon of troops was thrown around the railway station, but there was no untoward incident.

Copies of the Volkzeitung, organ of the opposition Catholic Centre party, were confiscated today.

On the other press of Poland, the Canadian National Railways harbor and customs announced today separation of the free city from the League of Nations would "not be acceptable to Poland." The declaration came after Joseph Beck, Polish Foreign Minister, had returned to Warsaw from Geneva.

Should Congratulate Aberhart Says Mayor McGeer

(C. P. By Guardian's Special Wire) VANCOUVER, July 7.—Mayor G. G. McGeer told the budget committee of the City Council today they should send a letter of congratulations to Premier Aberhart of Alberta "if you have any brains."

He broke into a discussion of whether the city should accept reduced interest payment of Alberta bonds.

"Aberhart," continued McGeer, "does not ask you to accept lower interest, he just tells you what he will pay and the British Columbia Legislature has the same power."

"I tell you the bondholders are going to sweat more. This is the day of adjustments. Free from the wrath to come," he quoted.

The committee referred the subject to Wednesday's meeting of the City Council.

Gov. Hoffman Refuses To Extradite Parker

(A. P. By Guardian's Special Wire) TRENTON, N. J., July 7.—Governor Harold Hoffman of New Jersey refused tonight to extradite Ellis Parker, Burlington County chief of detectives, to New York to face a charge of kidnapping Paul Wendel, who said he was forced to make a false confession of the Lindbergh baby kidnapping. There is no extradition agreement with New Jersey.

"Placing the 42 years of devoted and zealous service of Ellis Parker, Sr., to the state of New Jersey against the mendacity and criminality of Wendel," Hoffman said in a statement, "I could not in decency and honor have done anything but deny extradition."

Parker, a long-time friend of Governor Hoffman and widely known for the crimes he has solved, shared the Governor's expressed doubts of the guilt of Bruno Richard Lindbergh baby's murder.

District Attorney William F. X. Geaghan of Kings County, informed previously the Governor had indicated he would not extradite said: "Governor Hoffman will not always be governor of New Jersey and this indictment will always hold good."

Clyde River

The Sunday School of Clyde River Presbyterian church held their annual outing and picnic on Saturday afternoon July 4, at Argyle Shore.

Private cars and Mr. MacSwain's truck, leaving from the church grounds at one o'clock conveyed all to the picnic grounds.

After a dip in the ocean, the Young People spent the greater part of the afternoon in sports. Then came ice cream, and finally the supper which was spread on tables in the grove and enjoyed by all.

The following were the results of the sports: Girls' Race—(16 to 20 yrs.) 1. Ethel Livingstone, 2. Myrtle MacLean, 3. Bertie Coffin, 4. Alma MacPhee.

Boys' Race (10 to 14 yrs.) 1. Ralph MacDonald, 2. Louis MacLean, 3. Willie Livingstone, 4. Everett Murray.

Children's Race—(5 to 7 yrs.) 1. Phyllis MacKinnon, 2. Florence MacDonald, 3. Lorne MacLean, 4. Eric MacKinnon.

Children's Race—(3 to 5 yrs.) 1. Kathleen Livingstone, 2. Jackie MacKenzie, 3. Clarence MacKenzie, 4. Morrison MacKinnon.

Girls (Three-legged Race) 1. Bertie Coffin and Olive Livingstone; 2. Ethel Livingstone and Alma MacPhee; 3. Laura Livingstone and Myrtle MacLean.

Boys (Three-legged Race) 1. Louis MacLean and Ralph MacDonald; 2. Everett Murray and Willie Livingstone.

Pilgrimage Leaves For St. Anne

(Special to the Guardian) MONCTON, N. B., July 7.—One of the pilgrimages from the Maritime Provinces left here this afternoon over the Canadian National Railways for St. Anne de Beaupre, Que. Two special trains were necessary to carry the pilgrims. One train is made up of pilgrims from New Brunswick under the direction of Rev. Father Brown of Moncton, and the other of those from Nova Scotia and Prince Edward Island under the direction of Rev. Father Mombourquette of Arichat, N.S. J. H. Corcoran, district passage agent of the railway here, accompanied the special with the New Brunswick pilgrims and W. G. Meier, travelling passenger agent, Halifax, N.S., accompanied the train with pilgrims from Nova Scotia and Prince Edward Island. Both trains will leave St. Anne de Beaupre on return trip Thursday, July 9.

Heavy Loss Of Life Marks Heat Wave In Drought Area

(A. P. By Guardian's Special Wire) CHICAGO, July 7.—More than a score of deaths were counted tonight in the harvest of havoc wrought by record breaking heat and month-old drought.

The deaths included at least 10 fatalities attributed to the intense heat which scorched through its fifth consecutive day of better than 100 degree readings with indications that yesterday's top of 119 would be equaled in many places and probably surpassed in several. There were also upward of a dozen and a half drownings as thousands sought refuge from the burning rays in lakes and rivers.

Early afternoon readings including an unofficial maximum of 118 at suburban Des Plaines and Chicago's highest of the year—102 on the municipal airport thermometer.

The Weather Bureau in Washington announced no alleviation was likely for the next two or three days, increasing the pessimism of planters that corn's "critical period" might resolve into added disaster.

In one of the wildest months in months, wheat zoomed to a new high price for the season—a peak since August of the drought year of 1934—and then was whirled downward almost a cent below yesterday's close as an avalanche of selling orders. Reports of Rainfall in Saskatchewan were credited with causing the reversal. After selling as high as \$1.10 a bushel, the first serious break in the dry spell market ended with July delivery at \$1.05 3/4.

Corn swooped the four cent limit allowed here but dropped back about two cents.

At Lincoln, Neb., regional offices of the Rural Resettlement Administration, estimated 33,000 farm families in the two Dakotas now were in need of help. It will supply emergency grants of \$17.50 per month.

Forest fires in Wyoming, Montana and South Dakota called several thousand men to battle against another enemy of vegetation in those powder dry areas. Nearly 1,500 battled two blazes in the northern and western black hills of the latter state.

North Dakota suffered also from a grasshopper descent.

Italo-German Rapprochement Seen by France

PARIS, July 8.—(C.P.)—Havas—Indications are that first steps toward an Italo-German understanding have been taken, said the newspaper Le Temps tonight.

The recent conclusion of an economic accord between Italy and Germany, and the civil aviation agreement signed a few days ago in Berlin by General Giuseppe Valle, Italian air under-secretary, are mentioned by Le Temps as indications of a drift toward a Rome-Berlin tie-up.

The newspaper also asserted that as friendly negotiations between Berlin and Austria could not have been effected without the agreement of Italy.

"We ask you now to accept this gift not for its value but expressive of our friendship and good wishes and may happiness and success follow along your pathway. Signed on behalf of the Kingston Group

MULLIGAN—MURPHY NUPTIALS. St. Ann's Church, Hope River, P. E. I. was the scene of a very pretty wedding on the morning of Wednesday, June 24th, when Mary Patricia, oldest daughter of Mr. and Mrs. J. Leeming Murphy, Millvale, became the bride of Louis Vincent son of Mr. and Mrs. Michael Mulligan, Newton. The ceremony was performed by Rev. Oswald J. Murphy, cousin of the bride, who also celebrated the nuptial Mass. The church was tastefully decorated for the occasion with flowers and potted plants. As the bridal party entered the church the Wedding March was delightfully rendered by Mrs. J. Willard McAleer who also presided at the organ while the choir sang suitable hymns during the ceremony.

The bride was charmingly attired in a gown of white satin, Princess style, with large picture hat, and accessories to match, and carried an arm bouquet of white lilies and maiden hair fern. She was attended by her cousin, Miss Lillian Cahill, Killdare, who wore a lovely gown of flowered chiffon with hat to match, and carried a bouquet of Tallman roses and maiden hair fern. Mr. Fred Rana-ham ably supported the groom.

After the ceremony a delicious wedding breakfast was served at the home of the bride, after which the bridal party left on a short return trip through the province returning in the evening to receive the congratulation and good wishes of a host of relatives and friends. Dancing was indulged in till the "we sma' hous" of the morning when all departed to their homes wishing Mr. and Mrs. Mulligan many years of happiness.

The happy young couple will reside in Newton where the groom is a prosperous farmer. The bride formerly held a lucrative position in the Provincial Building, Charlottetown where through her courteous and efficient manner she won for herself many friends. Previous to her marriage she was the recipient of many useful gifts.

Eden Ordered To Take Week's Rest

(A. F. By Guardian's Special Wire) LONDON, July 7.—Foreign Secretary Eden, who more than a year ago was forced to lay aside governmental duties for a month to recuperate from heart strain, tonight was ordered by his physician to take a week's rest.

Viscount Halifax (Lord Privy Seal) will act for Mr. Eden in his absence.

It was not known whether the rest was made necessary by a recurrence of the heart ailment, but visitors at Whitehall and members of Parliament recently have noted the Foreign Secretary's face appearing drawn and that he seemed over-tired.

For more than a year, both as Lord Privy Seal, as minister for League of Nations affairs, and as Foreign Secretary, he has been busy with delicate negotiations that included the Italo-Ethiopian conflict, Germany's march to the Rhine, and the Locarno conferences, all requiring long hours in London and Geneva and involving much night work.

In Memoriam

MR. HUGH JOHN LAMONT. There passed peacefully away at his home in French River on Tuesday, June 16th, Hugh John Lamont in his 69 year. Deceased had been in failing health for a long time and bore his illness with calm resignation to the Divine will. The funeral service which was largely attended was held on June 17th and was conducted by Rev. V. E. Osborne who spoke comforting words to the bereaved family from Ps. 108, verse 15. "As for man, his days are as grass." The hymns sung were: "The Lord's my Shepherd," "Sleep on Beloved." Mr. Osborne sang very effectively. "Looking This Way."

The pall bearers were Robert MacLeod, Fred Clark, Everett MacLeod, Hall Burt, Elphatlet Howatt, and Wm. E. Profit.

The remains were tenderly laid to rest in the Geddie Memorial Cemetery. Funeral arrangements were under the direction of Undertakers Outcliffe and Anderson of Hunter River.

Besides an invalid widow, he leaves to mourn their loss, one son, Donald at home, and four daughters, namely: Jean, (Mrs. J.A.W. Cousins) Park Corner; Minnie, (Mrs. Kenneth MacLeod) French River; Emma, (Mrs. Andrew Bain) Park Corner and Maizie, (Mrs. Claude Adams) French River.
