WASHINGTON, D. C. — The United States weather office in its 30-day forecast predicts much below normal temperatures for a large part of central Canada. For the remainder of Canada it will either be normal or above. Bracketed figures are forecast average daily temperatures. P.E.I. shows partly normal; partly above normal. (AP Wirephoto)

## P. E. I. Christmas Seal Sale Leads Canada In Percentage

According to the second interim report from the Canadian Tuberculosis Association, Ottawa, received by Miss Blanche Conway, Secretary of the P. E. I. Tuberculosis League, Prince Edward Island leads all Provinces in Canada with the highest percent increase (12 per cent) over the previous year.

To date total receipts from the Seal Sale amount to \$9400.00. Citizens of the Province are to be greatly commended for their splendid generosity and cooperation and are reminded that the Annual Christmas Seal Sale closes on February 28th., 1958.

## Delightful Program Enjoyed At The Sacred Heart Home

At the Sacred Heart Home on Thursday evening a high class musical and dancing program was put on generously and well by a group of talented musicians.

Mr. Al Blanchard, Mrs. Kathleen McGuigan, Mr. Alfred McKeay and Mr. Cantwell in a harmonium organ selections, violin and saxophone numbers captivated an audience made up of the Sisters of the Hospital, those of the "Home" and the music lovers of the Home.

Among the many numbers played with charm were "One Fleeting Hour", "Out of the Dusk" and "O Little Town of Bethlehem". Miss Eileen Grant sang sweetly "The Christ Child". The three Doyle sisters did full justice to "Whispering Hope" and an encore.

A chorus of five voices made up of the four mentioned and Stephanie Gillis sang "Adeste Fideles", "Silent Night" and "Angels We Have Heard On High". Mr. James Power with "Bless This House" and a couple of stories added much to the enjoyment of the evening. Two young girls, Misses Walsh and Dowling did their dancing numbers to the delight of all. Mr. Andrew Gallant gave an exhibition of step-dancing accompanied by his own violinist Gerry Chipman, 13 years old, who did a very fine job with the strings.

A couple of hours passed quickly after which a delicious lunch was served bringing a delightful evening to a close.

## Two City Councillors Will Nominate For Mayorality

Councillor Edwin C. Johnstone and Councillor Picton C. McCormac have each announced that they will contest the Mayorality seat in the forthcoming civic election which will be held February 12.

Mayor J. David Stewart who was first elected to the Council in 1946 and has held the position of Chief Magistrate since 1951 said he has not made a decision as to whether he will seek re-election or not. He stated yesterday he will make his intentions known at the first January meeting of the City Council.

**ELECTED 1948**

Councillor Johnstone was first elected in 1948. He first served as chairman of the Market Committee and four years ago was named to head the Finance Committee. During the past year he served as a member of the Metropolitan Committee.

Councillor McCormac was first elected in 1952. His initial assignment in the Council was that of chairman of the Fire Committee. For the next three years he served as chairman of the Street Committee.

Councillor Gaudet, lawyer, who is also Deputy Mayor stated Thursday he will not run for Mayor but will contest Ward two of the City. He has completed two terms in the Council during which time he held the chairmanship of the Fire Committee and the Tourist and Industrial Development Committee.

Last year he was appointed chairman of the Street Committee. Councillor Gaudet acted as secretary of the Metropolitan Committee.

Councillor Arthur Gormley who has been on the Council continuously since 1950 will run again in Ward one. He has been chairman of the Police Committee for the past four years.

**LAWYERS PROMINENT**

Four other councillors will be seeking their second election to the Council. Three of these are Gerald R. Foster, John P. Nicholson and James Haslam are lawyers. Councillor Foster has represented Ward five. He has been chairman of the Market Committee. Councillor Nicholson has represented Ward 4. During the past two years he has been chairman of the Fire and Tender Com-

## Canada Plans More Defence Buying At Home

OTTAWA (CP)—Defence Minister Peakes indicated Friday the government will reduce purchases of defence material in the United States and order more in Canada.

He said in the Commons that every effort is being made to ensure that there will be no continuation of practices such as described by a retired RCAF officer.

Group Capt. C. B. Limbrick who retired in 1956 as RCAF director of guided missiles and special weapons wrote in a recent magazine article that the U.S. is hampering and even blocking defence co-operation between Canada and the U.S. He said at one point:

"I know of many millions of dollars worth of 'made in U.S.' equipment that is being used in Canada by U.S. and Canadian forces that could have been produced here at home."

"This equipment was deliberately prevented from being made in Canada by a conspiracy of forces in the Pentagon, other U.S. armed forces establishments and U.S. industry."

## Lava Threatens Italian Village

CATANIA, Sicily (Reuters) — Women prayed Friday night in villages on the slopes of Mount Etna as a two-mile finger of molten lava crept slowly toward them from the volcano's exploding northeast crater.

The crater, shrouded in mist all day, has been hurling rock and ash 1,000 feet into the air for the last 24 hours.

Volcanologists watching the eruptions, which began six months ago, say the threat to the villages is not yet great.

The first jet-propelled commercial airliner, the de Havilland Comet, was put into service by Britain in 1952.

## Bronchitis Is Blamed For Opera Star's Trouble In Rome

ROME (Reuters) — Bronchitis was blamed Friday for the failure of soprano Maria Callas to finish her role at the opening of the Rome opera season Thursday night.

As riot police broke up crowds of anti-Callas demonstrators outside the New York-born star's hotel, a spokesman for the 34-year-old singer said she had the chest ailment and had run a temperature when her voice gave out after one act of Vincenzo Bellini's Norma.

The hotel's house physician one of a stream of doctors who went in and out of her plush suite like spear-carriers in a Wagnerian opera, confirmed she had bronchitis but added the singer's temperature now was normal.

But the temperature of opera-loving Rome was still high. Police swung their clubs in breaking up the anti-Callas crowds outside her hotel.

Other angry fans chalked anti-Callas slogans on posters advertising Thursday night's unfinished performance. Miss Callas, a Milan resident, was told in one: "Callas, Rome doesn't want you."

The press blasted Miss Callas with a round of critical editorial notes, and there were arias of indignation in the Chamber of Deputies. Premier Adone Zoli's office ordered an inquiry.

## Automobile Output Down

WINDSOR, Ont. (CP) — Canadian automotive output in calendar year 1957 dropped 13.5 per cent below 1956, Ward's Automotive Reports said Friday.

The bulk of this year's decline resulted from a year-long truck production slump and a sweeping cut in December passenger car schedules.

Ward's said the nation's assembly plants turned out 411,325 vehicles in twelve months of 1957 compared with 475,520 in 1956. Passenger car manufacturing totaled 339,984 units, 9 per cent below 1956 (374,162). It was the smallest automobile count since 1954 (285,595).

## Sees Easing Of Tension

HARRISON, emfw shrdlu — MOSCOW (Reuters)—Premier Nikolai Bulganin said Friday night the recall of Soviet Marshal Rokossovsky from the Turkish border is an indication of lessening tension in the Middle East.

The premier was talking to correspondents at a reception at the Burmese Embassy.

Rokossovsky was appointed commander of Soviet troops on Turkey's doorstep last October when the Middle East crisis was at its peak.

It was announced Thursday that Rokossovsky had been relieved of his duties as commander of the trans-Caucasian military area to resume his former post of Soviet deputy defence minister.

## Plan Series Of Meetings Regarding Land Use Etc.

Farmers in a number of areas throughout the province will have the opportunity during the month of February of learning in a scientific manner something of the important subjects of land reclamation and soil conservation.

Meetings have already been arranged by the Caterpillar Tractor Company and the Rome Disc Plowing Company and at least two experts in this field will be present to explain this important phase of agriculture and to answer any questions that farmers may have. Films depicting the work done in other parts of the world will form a part of the program.

At the meeting will be Bill Kingery, Maritime District representative of the Caterpillar Tractor Company. Before coming to the Maritimes, Mr. Kingery was an agricultural representative in the United States and since coming to the eastern part of Canada has carried out several practical

## Good Traffic Safety Film

In the interest of highway safety a film entitled "Flagged For Action" will be presented over CFCY (TV) on Sunday, 5th of January, next at 6.30 p.m.

"Flagged For Action" is a factual presentation of a successful safety program enforced by the Manitoba's Driver Improvement Clinic. The film shows how a system of careful and detailed records on the performance of all drivers of motor vehicles in the province is helping to keep accident rate down to 1939 level, although the number of vehicles on the roads has quadrupled.

In the interest of highway safety, the Registrar of Motor Vehicles urges all motorists to view this film.
