

Six Athletes Admitted To Hall of Fame

MONTREAL (CP)—Six athletes, including one now deceased, were admitted Thursday night to the Canadian Amateur Athletic Union's hall of fame. This raises membership of the hall of fame, formed a few years ago, to 42.

Those admitted by the hall of fame committee, which sat here, were:

Swimming: Beth Whittall of Montreal, winner of two gold medals in the Pan-American games in Mexico City last February.

Shooting: The late Walter Ewing, Montreal, who was a member of the Canadian Olympic team in 1908 and won the clay pigeon championship; and Gilmour Boa, Toronto, world champion at shooting.

Marathon: H. R. A. Webster, Hamilton, Ont., track and field star, and Gerard Cole, St. Hyacinthe, Que., three-time winner of the Boston marathon and of the western hemisphere marathon and four-time winner of the Yonkers, N.Y., marathon.

Weightlifting: Gerald Gratton, Verdun, Que., winner of two British Empire Games championships.

Several other nominations were tabled for further consideration. These were gymnasts Ernestine Russell, Windsor, Ont., and Edouard Gagnier, Forest City, Me., wrestler Henry Hudson, Montreal, who was 160-pound Dominion champion in 1947 and 174-pound champion this year, and was on the 1953 Canadian Olympic team; paddler Roy Nurse, Toronto, and cyclist Robert McLean, R.C.A.F.

The nominations are made by AAU bodies governing each sport.

ing Moncton, and finished first in her specialty with a time of 26 seconds, well above her record.

George Walters of Charlotte-town, won the javelin throw with a loss of 151 ft. 5 ins., which is 8 ft. 7 ins. short of the Maritime record which he holds.

A stiff south-west breeze worked against the runners in their bid to crack Maritime records and as a result none of the existing marks were closely approached.

by Colonel D. A. MacKinnon, Real Fingo 2:1 2/5 (O'Meara), owned by Mrs. Mustacalis, Miss Mile 2:06 3/5 (Barrieau) 3-3.

In the 3rd and 7th dashes the 4-year-old Bell Banks 2:13 3/5, owned by N. A. Renton of Moncton and driven by Guy Gaudet, was 1-2. Keppoch Playgirl 2:14, owned and driven by Horace Willis, was 5-1. Suffolk Chief 2:14 3/5 (Stead), owned by Cmdr. George Buntina, 2-4. Time, 2:16 3/5, 2:13 1/5—a new record for Keppoch Playgirl and a wonderful drive by owner Willis. In the 4th and 8th dashes Moriel Woody 2:07 2/5, owned and driven by Sam Kennedy, was 2-1. Jo-Jo Spencer 2:10, owned by Andrew Perry, Summerside, and driven by James MacGregor, 1-3. My Darling 2:08 1/5 (O'Meara), owned by Senator G. H. Barbour, 4-2. Time, 2:14, 2:12.

Horsemen are still talking about the sensational opening of Bay State Raceway, Foxboro. Twenty thousand persons paid admission, the largest crowd ever to see harness racing over a half-mile track in New England. They were delighted with the beautiful new grand stand and other improvements and stated that the 1955 Foxboro meeting will be the greatest since harness racing was introduced there ten years ago. One of the biggest surprises of the meeting was the winning of the \$5,000 Inaugural Pace by Vonlan Chief 2:01 that driven by Freddie Bradbury, equalling the other pacers to the track record made by Good Time with Frank Ervin up in 1952. Vonlan Chief was purchased as a yearling by a patron of Joe O'Brien and Joe raced him as a year-old and 2-year-old. Despite his age being now a six year old, he has steadily reduced his record each season. There was no more pleasing victory at opening night than when Daniel Steele, the dean of the Charles River Speedway, won in 2:08 with Jubal, owned by Fred J. Walker, Charles J. McKee of Concord, N. H. Danie got a tremendous hand from the large audience.

At last Monday night's races at Fredericton the 8-year-old trotter Tyndall Semple, owned and driven by J. H. DeWitt of Woodstock, won the 8th dash on the program in 2:14 2/5, which is a record for him. In the 2nd and 6th dashes Calso Boy (Walker), owned by Hazen Ashley, St. Stephen, was 1-1. Prince Amer (Hamilton), owned by Ned London, Newcastle, N. B. Farmer Brown 2:22 3/5 (Haley) was 2. Peaceful Patter 2:20 (J. E. Washington) 3. Race 2 a class E pace, was won by Just Barbara, a 5-year-old mare by Watson Peter (Chappelle), owned by Harold Woodside, Kensington, in 2:17 3/5—a record for her. Miss Alice Guy 2:13 (K. Pinkney) 2. The 5th dash, Class D Pace, and DD Trot was won by Mischief Clare 2:07 4/5 (S. Walker), owned by C. J. Walker. Hope Spencer 2:17 2/5 (N. Lindon) 2. Time 2:17 4/5.

The 6th race, Class C Pace and CC Trot, was won by Miss Blue-noon, owned and driven by Harley Spence, Bridgewater, N.S. with a new record of 2:15 1/5. Texas Girl 2:13 1/5 (K. Pinkney) 2. Mr. Read thinks Miss Blue-noon is destined for a much faster mark this season. In races 3 and 7 A. G. Scott 2:09 4/5, owned and driven by Lorne Fletcher, was 1-1. Esso 2:11 3/5 (C. Smith), owned by Mrs. James Poulton, Charlottetown, 2-4. John Clegg 2:10 4/5 (Walker), owned by Dr. A. E. Murray, Halifax, 4-2. Time, 2:14, 2:13. In the 4th and 8th races Mighty Boy stretch race, owned by H. E. Sweeney, Bridgewater, and later sold to Eric Whelby of Dartmouth, won both dashes from a fast field and set up a new season's pacing mark for the Maritimes—2:09 in the former and 2:10 3/5. Our informant is that Mighty Boy was warmed up in the hoppers then they were taken off and he raced fre-legged. Josedale Double Hal 2:05 1/5 (J. Conroy), owned by A. D. Napke, Newcastle, was 2-2. Joseph Clansman 2:06 (D. Turner) 3-4. Headway 2:09 (G. Given) 4-3. Other starters were Athlete Ruler 2:01 4/5, Direct Mite 2:06 3/5 and Judge Miller 2:07.

Last Monday night was an almost perfect racing night and a large crowd turned out to witness a splendid program at the Charlottetown Raceway. The 1st and 5th dashes were for slow class pacers, some of them making their initial start this year. America's Ace, owned and driven by Harold Cudmore, was 1-2. Taurida Bay, owned and driven by Earle Semple, 5-1. Time 2:17 1/5—a new record for America's Ace—and 2:18, a record for the 3-year-old Taurida Bay. Taurida Bay is owned by Goose Bay 2:00 2/5 and was received in part payment by Earle for Dean Gallon 2:07 2/5. He is one of the entries in the \$1,000 2:30 pace at Chatham, N. B. July 1st. Another 3-year-old received in trade, Whispering Hope, will also be a starter in that race. We understand that twenty pacers have been named in the third and final payment and that it will be raced in two divisions with the purse split. The 2nd and 6th dashes for trotters were won by Pet Hanover 2:13 2/5, owned and driven

Other dash winners were, 1st and 5th dashes, Toby Brooke (Renaud), owned by Clovis Bellevue, 1-4. Robert Mc (Creamer), owned by W. A. McCombs, 3-1. Time, 2:18 3/5, 2:13. In the 2nd stretch race, owned by A. L. Sadler, Calais, Me., and driven by Teddy Weir, won the 4th dash in 2:16 and was second to the trotter Tyndall Semple when he made his record in the 8th dash. At the bottom of the list was the recently imported 15-year-old trotter Allen Spencer. While he occupies that position now our guess is that he will be heading the season. He could do 2:10 quite handily last fall for the versatile trainer Jimmie Cruise, and it should not be too much effort when he gets in shape to do 2:12 at least over our Maritime twice arounds.

And here's a release from Jim Harrison, publicity director for the USTA—Harness racing speed valves are being opened to a new high this year, according to U. S. Trotting Association officials who report that a trio of fast pacing milers over the past weekend are without precedent in the sport. In more than a century, only 13 pacers and two trotters have ever beaten 2:01 over a half mile track. Yet, in the course of the past weekend the feat was accomplished by three horses at three different tracks. The new members of the honor roll are pacers Adios Harry, Philip Scott and Roadmaster. Philip Scott got the parade off winging last Friday with a 2:00 4/5 performance in the \$15,000 Laurel Invitational at Laurel, Md. The 7-year-old star owned by Perry and Jerry Gray and George Reed of E. Providence, R.I., also established a new half mile track record for himself, his best previous mark having been 2:01 1/5.

The 2:01 mark was beaten twice

the following night with Adios Harry going in 1:59 2/5 at Roosevelt Raceway and Roadmaster in 2:00 4/5 at Buffalo, (N.Y.) Raceway. Adios Harry, pitted against Adios Boy in a match race, set a new world's record for a 4-year-old as he posted the second fastest mile ever registered over a half mile oval. The record is 1:58 3/5 hung out at Roosevelt in 1953 by Hi-Lo's Forbes. Adios Harry is owned by J. Howard Lyons of Greenwood, Del. Roadmaster, property of L. A. Hawkins, Forestville, N. Y., carved out a new Buffalo Raceway record with his 2:00 4/5 mile at that oval. The former track record of 2:01 was set by Good Time in 1952. Roadmaster's best previous half-mile track mark was 2:08 1/5.

Dates for the 17th annual Standardbred Horse Sale at Harrisburg, Pa., have been announced as November 7, 8, 9, 10 and 11. In an ad entitled A Claim to Fame, they point out that such famous performers as the following, who have trotted or paced this year in the times mentioned, were sold there—Adios Harry 4, 2:00. Dotty's Pick 3, 2:00 2/5. Meadow Gold 4, 2:03 2/5. Meadow Leo 2:01 3/5. Quick Chief 3, 2:02 4/5. Faber Hanover 2, 2:02 4/5. Freeman Hanover 2:02 1/5. Scott Dean 2:01. Hillisota 2:02 4/5. We might add that locally there is Sir Joseph that raced here in 2:09 1/5.

Galophone, that set the early pace and made possible the world's trotting record for the 2-year-old Scott Frost 2:00 last fall at Lexington with Joe O'Brien, is going great guns this year. He recently trotted in 2:05 at Westbury and has won in very fast time over other tracks. So far we have had no word of Scott Frost starting.

Our friend S. Thane Belyea, who supplies us with the summaries of the Fredericton races, has written us that Frank McAlduff arrived there last Saturday with Poplar Veep, Bonnie H. 2:10, Early 2:07 1/5, for owner Charles J. McKee of Concord, N. H. Danie got a tremendous hand from the large audience.

The Cape Breton Turf Club had excellent racing at their last Monday night program. Pink, a 6-year-old bay mare by Real Money 2:09 1/4, owned by Mike MacKinnon, New Waterford, and driven by Ernie Frost, won races 3 and 7 and lowered his record to 2:20 and finally to 2:19. My Pride was 2-3 and Ace Fingo 8-2. Another straight victory was in Bangor, Maine, and was driven by Bob Ryan, Annapolis (R. Creamer), owned by W. A. McCombs, Newcastle, was 2-2. Time 2:15, 2:15. Jolilly Girl 2:07 3/5 has been racing since she was a 2-year-old and was in Bob Ryan's stable when he was at Roosevelt and headed the number of summaries. John Kelley is one of the best known horsemen in the Eastern states and has owned many of the great pacers of the years ago. It was from his stable that the pacer Marjorie M. was purchased in 1931 and she went on to be one of the most talked of pacers in the Maritimes and at one time was co-holder of the Charlottetown track pacing record of 2:07 3/4.

At a meeting of the executive of the Provincial Government held recently a Commission to govern harness racing and sports on Prince Edward Island was appointed. The members are Judge W. E. Darby, Summerside, Chairman, James Pendergast, Secretary and D. K. MacLeod, Charlottetown, member. They have the power to allocate dates and to oversee matters in connec-

tion with harness racing so that it will be featured to the public in the best possible manner. We understand that care will be taken not to interfere with the rights of Summerside's Dominion Day or Charlottetown with regard to Old Home Week, both of which have been popular fixtures for many years. Other tracks wishing to hold races will be given an opportunity, and knowing that members as we do we are confident that everyone will get a square deal.

Judge Darby was at one time secretary of the Summerside race track and if you look through the old records of Island tracks you will notice that his father was one of the most ardent harness horse owners in Prince County. James Pendergast was the man who put New Annan on the map and while he was in charge it was one of the most popular rural meetings here. Jim is versatile and knows all sports. As a young man he played football while attending Prince of Wales College, took part in various athletic events in the United States and was certainly a long distance walker as he trekked most of the way to the Klondyke in the days of the gold rush. A book could be written on his activities and it would be a most interesting one. D. K. MacLeod has been an ardent race fan since he was a boy. He has a good memory for racing events and can easily recall all the great horses of the past, the drivers and where records were made. He knows the rules of the USTA thoroughly and for many years acted as starter and presiding judge at race meets. We think the government has made an excellent selection and we are confident the commission will be well received by the public.

The entry list for the Charlottetown track on Monday evening gives assurance of a very fine night's racing. New horses will be appearing on the scene and new records made. There are over 100 horses stabled on the grounds and this gives the classifier, E. Frank Acorn, an opportunity to provide excellent programs twice weekly. We have heard so many favorable comments on the racing since it started and it is a pleasure to start them along. The track is getting faster as is evidenced by the miles made over it. Speaking to some guests at the Charlottetown Hotel we heard that the automobile dealers who were present last Monday night said it was one of the best night's sport they had ever witnessed. Almost all of them with their wives were present and they will carry back to the various towns and villages of the Maritimes the story of Charlottetown Raceway and the harness horsemen of Prince Edward Island.

Hunter's Corner

Continued from page 6

It was last year.

On Sunday evening a disgruntled Halifax fisherman, who has just returned empty handed, remarked: "I have driven 900 miles this season for 15 trout and not one of them over ten inches." He went on to explain that by this time last season he had caught 72—a number of them over the pound mark.

An angler's luck sometimes runs that way regardless of whether or not the trout fishing is up to, or below par, in comparison with the preceding season. There is such a thing as not getting the breaks and being tied down so tight it is impossible to get away when conditions are favourable.

July and August are tough months in which to run up a high trout score. If one doesn't make the best of one's changes in May

and June its an uphill fight to catch up during the heat of summer. In midsummer algae and other growth clog up the water surface and after a few casts the artificial flies look like anything but what they are supposed to resemble. It's under such circumstances that the died-in-the-wool fly fisherman, at least they lead us to believe that, glances over his shoulder to see if anyone is watching and digs out the old reliable Garden Hackles.

Quite a number of our local anglers have developed into water purists, and during July and August spend their leisure hours on our seaward bars and tidal estuaries. They take trout food, and what they lack in quantity they make up in quality. There are disappointments that have to be taken with a smile, but that's all in the game.

One hears of green hued beauties up to three and six pounds at the Harbour's entrance and of a more silvery type being creoled in the Cardigan River, at Murray Harbour or in the Causeway but—how many who try those places return home empty handed?

I have watched 16 anglers along a tidal channel and when I pulled out only two or three at the most would have any trout. Every lure known and every type of rod on the market would be in action. Sometimes the lucky angler would take his prize with a blob of worms. Others would land theirs on an artificial minnow or spoon, a shrimp or just a plain Red Tibs.

Metinks a lot depends on the mood a big trout is in. If in a nasty frame of mind, they're liable to hit at something just to relieve tension—blow their tops like we men do on occasion. In a playful mood they'll rise and slap at most anything but do necessarily take it.

Local anglers have been piling up some pretty impressive scores this season but they had to work for what they got for the most part. There are times, of course, when trout will go on the rampage for 15 or 20 minutes and strike at most anything, regardless of the technique with which it is offered

The Guardian Page 7 Saturday, July 2, 1955

ed at Kensington a few days ago and at reports both mother and family were doing well. So far as can be learned this constitutes a record in the province.

14 additional eggs are expected to hatch in a few days. The eggs came from six pair of quail brought to the island last fall from the Lands and Forests Department of the province of Nova Scotia. The birds were introduced, with permission from our provincial Department of Industry and Natural Resources, by the P. E. I. Fish and Game Association.

The attention of dog owners is drawn to the large number of hunting dogs roaming the fields, woods and marshes this season all on their own. Govern yourselves gentlemen. This could be the last call to the diner.

The first broods of pheasants have been reported this week with a top hatch of 12 chicks. No authentic information regarding Huns, except that breeding pairs are numerous. Eight quail hatch-
