NEW HOSE.—The Fire Department has imported 500 feet of cotton hose from the Guts Percha and Rubber Manufacturing Co., Toronto, Ont. They arrived on Wednesday evening. The Department has gone over all the rubber hose now in stock and the bad lengths have been picked out.

I. O. O. F.—Mr. C. Blackett Robinson, editor of the Week, Toronto, also of the Dominion Oddfellow, is in the city and visited Wilby Lodge last evening. He gave a very interesting account of a trip across the continent over the C. P. P., and spoke in glowing terms of the future of the great Northwest. He also said that Oddfellowship in the west was keeping pace with the rapid development of the country.

A CURIOUS ACCIDENT.—Mr. John Munro, was taken seriously ill, at Westville, last week, with a swollen tongue so that he was unable to speak. By means of writing he said that he felt sure that a bone had got into his throat and was doing him harm. Dr. Munro extracted from his tongue a piece of pipe stem 3/4 inches long and John speedily recovered.—Yarmouth Times.

IS THIS TRUE?—It is now stated that "Jim," the partner in crime of "Back," sentenced to be hanged at Dorchester on the 1st December next, is the son of a prominent resident of St. John, N. B. It is said that "Jim" got mixed up with an American in trying to pass some bogus papers on a St. John Bank in 1879, and had to leave the Province rather suddenly, since which time he has led a very checkered life.

PEST SHIPS.—The New York Press says: Three thousand bales of rags collected in Germany, France, Holland and Belgium are on their way across the ocean to New York and Boston. Some of them come from Hamburg, where several deaths from cholera occur every day. This international traffic in rags from cholera infected districts is an outrage against humanity and a crime against civilization. Our health officers should keep a sharp lookout for the expected pest ships.

SPECIAL FARES.—Through the kindness of Mr. Unsworth, arrangements have been made to allow all friends throughout the Island who purpose attending the Masonic Bazaar, which opens December 6th, the privilege of doing so by purchasing one first-class ticket. These tickets will be issued on Tuesday, Wednesday, Thursday and Friday, good to return any day, including Saturday, Dec. 11th. A certificate signed by the Sec'y. of Bazaar Committee must be presented to the conductor on the return trip. These certificates will be obtainable at the Bazaar only. 25 28 & wv—n25

CAPE TORMENTINE.—The breakwater and pier works at Cape Tormentine are now complete. The present contractor, Edward Murphy, of Toronto, began work on the pier in the spring of 1888. The pier has three parts. The main section projects out into the straits at an easterly direction, 2,500 feet. Then a section runs at right angles to this in a southerly direction, 400 feet, when another angle occurs and there is a section of 400 feet running towards the shore parallel to the main pier. The structure is partly stone and partly crib work, which has already been injured by the Tereda, a slender, grayish worm about two inches in length. About 200 feet of the upper crib timbers on the central portion of the work was carried away by the storm of Thanksgiving day. The cost of the pier is about \$160,000.

"Now is the Winter of our Discontent made Glorious Summer," by the warm and comfortable

MELISSA RAIN-PROOF CLOTHING!

This is the season of the year when one appreciates the great benefits which Melissa has placed within the reach of everybody. No one thinks of going out these days without taking something along as a protection against the inclement weather.

An Umbrella does not fill the bill, for even if one does not leave it in the street car or somewhere else, it is always in the way.

A Rubber Coat won't do,

for it is positively dangerous to be folded in the clammy embrace of an air-tight waterproof in cool weather, and then the odor is so intensely disagreeable.

A Melissa Coat is the thing,

stylish, warm, comfortable, rain-proof, porous, odorless—takes the place of overcoat, waterproof and umbrella.

Be sure you get the genuine Melissa, stamped with the Melissa Trade Mark. All good dealers keep them. J. W. MACKEDIE & CO., Montreal, Wholesale Agents. 24 26—nov24

24 Black Worsted Sacque Coats, worth from 6 to 8 dollars, will clear the lot at 4.75. Call and see this lot--SCOTCH STORE.
