### Kipling Interviewed.

An Australian was correspondent had an interview with Mr. Rudyard Kipling in Bloemfontein. He is described as a little, squat-figured, sturdy man of about forty. His face has been familiar by portraits, but no photograph gives any hint of the quick nervous energy of the man. His talk is a gabble, a chatter, a constant jumping from one point to another. In manner he is more like a business man than a literary celebrity. There is nothing of the dreamer about him. After recalling his Australian tour and giving his views of antipodean books and newspapers, Mr Kipling said:—"I am going back to London to fight the people who will say 'The Boers fought for freedom—give them back their country.' I want to fight all that sort of nonsense. Mr Rudyard Kipling is strongly of opinion that there will soon be in South Africa the greatest demand for skilled labor the world has ever seen. Long ago the country would have been developed by railways, irrigation works, mines and mills under any other Government but that of the Boer. "We want you Australians to stay here and help to fetch the place along," observed Mr Kipling to his interviewer. He has the highest opinion of the Australians, both as colonists and soldiers. His admiration also extends to Australian horses, although his first introduction to the animal was of somewhat serio-comic character. It was in India he first mounted an Australian "back-jumper," and the tale is best told in his own words:—"I seemed to be sitting on great eternal chaos, and then the world slipped away from under me, and that's all I remember."

### ANOTHER NAME ENROLLED.

Growing List of those who Testify to Dodd's Kidney Pills in Montreal.

MONTREAL, July 9.—The list of those who have received benefit from the great medicine, Dodd's Kidney Pills, is steadily growing in the city. Since Mr. Robert Thomson's name was published, Mr. M. Mulin, of 4 Elgin Street, has stepped forward and submitted his testimony. His case was Rheumatism which though now generally recognized as a kidney disease is not always treated as such.

People waste a lot of money trying to drive Rheumatism from the system. If they would all follow Mr. Mulin's example they would be saved much pain and expense.

Says he: "I have had Rheumatism for some time and could get nothing to cure me until I used Dodd's Kidney Pills. I have now taken three boxes and am cured."
