

COMMITTEE FOR FULL INFORMATION FROM I. C. C. S.

18 Third Ave OTTAWA ONT

WHEREAS:

If Canada withdraws from the International Commission of Control and Supervision (ICCS) at this time, it could endanger:

- 1) the successful implementation of the peace treaty;
- 2) the inhibition of further violent actions in the field;
- 3) the progress of political negotiations just begun between the Provisional Revolutionary Government and the Saigon Government;

AND FURTHERMORE:

If Canada's withdrawal were to coincide with the return of the last of the American POW's, it could appear that our presence had been planned only to facilitate their return, while failing to demonstrate any concrete concern for the fate of the remaining hundreds of thousands of civilian detainees still tortured in Thieu's prisons;

THEREFORE:

Before the Canadian Government considers withdrawing from the ICCS, thereby providing Nixon with a possible rationale to resume the bombing in Vietnam;

WE PETITION THE CANADIAN GOVERNMENT

to immediately obtain and publish full written documentation:

- 1) from all four members of the ICCS relating to all known and reported cease-fire violations; and
- 2) from the Canadian Red Cross relating to their access to all prison camps in Vietnam both POW and civilian, as set out in the Protocol.
