Made a Slight Mistake. Before accepting an invitation it is as well to be sure it is given in good faith. After an afternoon service held many years ago in a certain village in Scotland, the preacher, a stranger, who had officiated, accompanied one of the elders of the congregation home, and was introduced to his wife. The good man having asked the clergyman to stay to dinner, the latter, after a little pressing, consented. The good lady hurried off to prepare for the unexpected guest, and seeing, as she thought, her husband washing, as was the custom in those days, at the family sink, she seized the family Bible, approached stealthily from behind and brought down the ponderous tome upon his bald pate, exclaiming: "Tak' ye that for bringing hungry preachers here to dinner every time they come to the parish." As soon as the assaulted one could get the suds out of his eyes he looked about him, and, after thinking the matter out, concluded that the old lady had made a slight mistake. She, too, came to the same conclusion when, on returning to the parlor, she beheld her husband patiently waiting for his reverend friend!

Yawning in a Theater. Have you ever observed at a theater or concert that the people who are most deeply interested appear between the acts to be quite weary of the whole thing, yawning half a dozen times in succession? The reason of this is a physiological one. When your attention is much absorbed in anything exciting or touching, you breathe in a very shallow manner and take into your lungs only half enough air. Consequently, when your attention is relaxed, you have to make up the deficiency. This you do by yawning, which, after all, is only breathing a very deep breath. If you watch a man at a play and observe that he is greatly moved by some incident, you may feel sure that when the scene ends he will sigh, and a moment or two later yawn repeatedly. Of course the yawning, so far from being a sign of weariness, is a proof of the liveliest appreciation.

MEDICAL SCIENCE ADVANCES.

Positive Cure for Asthma Discovered

It has long been recognized by medical scientists throughout the world that nature has supplied all creation with some remedy in the vegetable or mineral kingdom where-with all forms of ailments can be cured, but it was not until the discovery by Stanley of the wonderful Kola plant along the Congo River in Africa that asthma was permanently curable. In fact, it was not until the investigations made by Dr. Clarke some years later that this disease was found curable; he found that by combining the extract of Kola Nut with other vegetable extracts that the compound obtained would permanently cure asthma. Clarke's Kola Compound was then tried on over 100 cases in different hospitals, with the marvellous result that over 95 per cent. were permanently cured in less than 60 days' treatment. Clarke's Kola Compound is now recognized to be the only permanent cure for this dreaded disease. Sold by all druggists. Free sample bottle sent to any person. Mention this paper. Address The Griffiths & Macpherson Co., 121 Church Street, Toronto, or Vancouver, B. C., sole Canadian agents.

What is Scott's Emulsion?

It is the best cod-liver oil, partly digested, and combined with the hypophosphites and glycerine. What will it do? It will make the poor blood of the anemic rich and red.

It will give nervous energy to the overworked brain and nerves. It will add flesh to the thin form of a child, wasted from fat-starvation.

It is everywhere acknowledged as The Standard of the World.

KRUGER'S MALADY.

Bright's Disease, the Formidable Curable Malady that has Fastened Itself Upon the Boer President.

Cape Town, Dec. 18.—Bright's Disease, the disease which a trustworthy report states has attacked President Kruger, of the South African Republic, is considered incurable here. It is an affliction of the Kidneys and doctors state that it is invariably fatal. The disease was first diagnosed as a distinct disease by Dr. Bright, from whom it takes its name.

It is understood that a remedy has been discovered for Bright's Disease in America in recent years called Dodd's Kidney Pills, and reports reach Africa to the effect that cures are being made in England and Australia by the same medicine.

It is unlikely that the Dutch of the Transvaal are acquainted with Dodd's Kidney Pills, however, they being very slow to take up with things that are new.

Would Be a Willing Apprentice.

Startling Confessions

Show that 25 per cent. of men and women suffer the tortures of itching piles. Investigation proves that Dr. A. W. Chase's Ointment has never yet failed to cure itching piles, and all of these men and women could end their sufferings at once by using it. Scores of thousands have been cured by this treatment. Every body can be cured in the same way.
