

# Hey, Party Monsters;

What do you get when you put several cases of fermented barley water in a large room with a loud stereo, a hundred bed-sheets, and lots of thirsty people? Unless you live off-campus, you would most likely end up with one of the greatest parties to have ever hit the Island. For the benefit of those who indeed have the misfortune not to be living in residence, I should point out that the Toga Party in question was in the Marian Hall lounge Wednesday past; it was here at this time that residents of Marian and Bernadine showed why they are reputed to be among the greatest, most fun-loving folks to ever have been found at this school. Muchos Gracias to D.W. and Slink, our resident deejays, for once again spinning the vinyl for us; S. Wood and Spiccoli want to know when

you guys are gonna start playing Metallica. Regrettably, the boys didn't get a chance to bang their heads on anything solid at the party Wednesday night, but I nevertheless deem it safe to say that a good time was had by all, especially by those who had some memory of the event come Thursday morning; rumour had it that Scott H. had such a big head in the morning that he had to open his door twice to get out of his room!

The Pit Bulls would like to extend warmest regards to the Blue Jays on the completion of a successful season. When Gaston et al sewed up the A.L. East Saturday afternoon, the town was truly rocking (just ask a certain Marian Haller who passed out on the way home from Cheers); at any rate, it gave us yet another excuse

to party, as if we really needed one....

Dryland training for the Pit Bulls hockey squad is expected to start any day now. The team's chances, while somewhat diminished with the departure of players like Kelly "Mad Dog" Van Buskirk, Bert "The Fish" Ronahan, Greg "The Hammer" Wilson, and Scotty "Caper" Lewis, are nevertheless enhanced with the acquisition of a great deal of younger talent. With the help of veterans like Tony "The Weasel" MacKenzie, Greg "The Fly" Flynn, and Kevin "Weeble" Sark, this talent is expected to be developed to its maximum potential under coach Don "Won" Gunning. Look out, Knuckleheads; the Big Dogs are searching for prey!

## UPEI History Society

The History Society recently elected its 1989-90 executive. Listed below are their names with their respective offices. These people are here to help all history students to air their concerns. We strongly encourage you to attend the meetings on Wednesdays at 2:30 in Main 301.

We are planning many activities for this year including our "infamous" wine and cheese social where you can meet your favourite (or otherwise) professors.

We look forward to seeing you!

### Executive Members

Graham Durden (Senior) - President  
 Kevin Barbour (Senior) - Vice-president  
 Jill MacMicken (Sophomore) - Treasurer  
 Darin MacKinnon (Senior) - Secretary

### Faculty Board Representatives:

Scott Maynard  
 Dan Gottel

## Open Education House

October 21 10 AM - 4 PM  
 October 22 1 PM - 4 PM

This great event will consist of:

- Drama skits depicting schools of the 1890's and the 1980's
- Colourful bulletin boards and posters
- Interesting and informative displays on books, computers, math, and more!

Everyone is Welcome!
