NEW YORK

NEW YORK (AP)—In a record-smashing session, the stock market Tuesday reversed a dizzy downward spiral and scored a smashing advance on the second highest volume in the history of the New York Stock Exchange.

Volume soared to 14,750,000 shares from Monday's 9,350,000. It was second only to "Black Tuesday"—Oct. 29, 1929—when 16,410,030 shares were traded in the wildest day of the big crash.

An estimated $12,900,000,000 was recovered in quoted values of stocks listed on the New York Stock Exchange, based on the rise in the Associated Press Average.

The estimated loss Monday was $19,500,000,000 as stocks sank in their worst disaster since 1929.

Blue chips were dumped in huge blocks at the start Tuesday and losses widened until mid-session. Then the recovery got going.

The Dow Jones Industrial Average at its worst was down 13.69 at noon but it wiped out this loss and posted a net gain of 27.03 at 603.96.

The AP 60-stock average advanced 8.90 to 220.10.

American Telephone once more was the most active stock recovering from a loss of nearly three points at the start when it opened on a block of 50,000 shares. It closed at 108½ for a net jain of 7⅛ on 341,900 shares.

Brunswick was second most active, up 3½ at 26¾ on 198,300 shares. Third was Avco, up 1⅞ at 20¼ on 193,500 shares.

Following came General Motors, up 2⅛ at 51, and General Telephone and Electronics, up two at 2¼.

A few of the leading issues did not quite make it to the plus side. Chrysler was off ¼, Reynolds Tobacco 1½, Merck ½ and Texaco 1¼.

Cheseapeake and Ohio advanced 5½, International Nickel three and Jones and Laughlin 5⅝.

MONTREAL

MONTREAL (CP) — Industrial issues racked up the highest daily volume since "black Tuesday"—Oct. 29, 1929—on the Montreal and Canadian exchanges Tuesday as prices rebounded sharply in the afternoon from a dizzying drop that reached its crisis in the morning.

Industrial volume for the day totalled 445,400 shares, compared with 542,320 on the day of the big crash in 1929. Largest one-day-volume since 1929, excluding special-size transactions had been 305,316 shares July 12, 1956.

Prices fell sharply in hectic activity at Tuesday's open, with key issues like Bell Telephone, Abitibi and Hudson Bay Mining down two to four points. The abrupt upswing began about noon and gathered momentum until the close.

The about-face left most key industrial issues moderately higher on the day. Stelco rose a point to 18½, Hudson Bay Mining rose 4¼ to 53, International Nickel gained 2¾ to 69½, Seagrams at 42½ and Pacific Pete at 12½ each gained ½, Price gained 2½ to 45½ and Aluminium was up a point at 24½.

Floor-traders reported the day as the most hectic, and most unusual, in memory. The visitors' gallery was crammed with onlookers.

Despite the recovery of key industrial issues, losses outnumbered gains on the day 171 to 48. Many issues took heavy losses, though most showed some recovery from lows reached in the morning.

Among the losers, Rolland A fell 1¼ to 9¼, Banque Canadienne Nationale lost 2½ to 71½, Hudson's Bay Company lost a point to 11, Fleetwood fell two points to 18½ and Canada Cement lost 1½ to 26. Imperial Tobacco at 13½ and Imperial Oil at 43½ each lost ⅞.

Some heavily traded issues which bounced back from early losses to close higher on the day were: Canadian Breweries at 10 and Massey-Ferguson at 11⅛, both up ⅛; Algoma Steel at 46, up a point; MacMillan at 18¾ and Trans-Canada Fund at 10⅞, each up ⅜; Noranda at 58½, up ½; Standard Structural Steel at 12½, up 2⅞; Trans-Mountain Pipe Lines at 14¼, up ⅛ and Trans-Canada Pipe Lines at 20¼, up ⅛.

In mines, Mount Pleasant recovered from an early drop to $1.05 to close at $1.33, up three cents on the day. Dumont fell six cents to 26 cents and Helium Corporation lost two cents to $1.43 after falling to $1.20.

On index, banks were off 0.57 at 64.14, utilities up 0.6 at 132.3, industrials up 5.2 at 311.2, combined up 3.6 at 251.5, papers up 4.3 at 482.2 and golds unchanged at 76.73.

TORONTO

TORONTO (CP) — Bargain hunters, alerted by diving prices Tuesday morning, jumped into the stock market for a wild buying spree.

The result was a startling about-face, particularly among industrials. The index took its steepest one-hour drop in recent memory from the opening of trading—more than 13 points. Then the buyers took over.

At day's end, industrials had climbed more than five index points above Monday night's closing level.

The trading pace reflected the wide-ranging price fluctuations; at one point the ticker tape ran 25 minutes late in recording transactions. Closing sales totalled almost 5,000,000 shares, most in one day since the end of March.

Among industrial issues which dropped to their lowest prices of 1962 before rising sharply were Algoma Steel, Walker - Gooderham, Steel Company of Canada, Aluminium and Trans - Canada Pipe Line — all closing with gains in a one-point to 1½ range.

Canada Cement, Canada Packers B and Bank of Montreal failed to benefit from the buying surge, dropping in a 1⅛ to 1¾ range.

Hudson Bay Mining led base metals in their sharp revival. It dropped to a 1962 low of 47 in early trading, but bounced back to 43 for a gain of 4⅛. International Nickel jumped three points to 69 after earlier falling to 64½—its worst this year—while Falconbridge gained 1¾ to 52¾. Having gone as low as 47¼.

Speculatives saw Lake Dufault rise 15 cents to $4.95 and Northgage 15 cents to $6.65.

In western oils, Pacific Petroleum advanced ⅛, Home B ⅝ and Home A ⅛, while Calgary and Edmonton dipped ⅞.
