Moving Day For Guardian Staff

The Summerside staff of the morning Guardian and the evening Patriot yesterday moved into their lovely new office building on Central Street.

Located on the north west corner of Central and First Streets, the new building is a modern, attractively designed, one storey brick building, with facilities for news, advertising, and circulation.

The building contains a large main office, business and advertising office, photo darkroom, newsboys' room for receiving their papers for delivery, boiler room, and wash rooms.

The main office, containing news desks, desks of other newspaper departments, and the inter-office teletype machine, is finished in rose and green pastel colors, with white ceiling, and cream and green tile floors.

The business and advertising office is painted a pastel lime color, and the newsboys' room is painted grey.

Nine banks of fluorescent lights provide illumination in the main office and the building is heated by hot water baseboard radiant heaters from an oil furnace.

Home delivery is provided for both papers throughout Summerside daily, Monday through Saturday, with the Guardian deliveries commencing shortly after 7 a.m., and the Patriots being

distributed about 4 p.m.

Death Of Northam Man Attributed To Injuries

The death of Sterling Dymont of Northam occurred as the result of severe chest injuries received in a car accident on the Clyde River Hill, July 9. Such was the verdict brought in last night by the Coroner's Jury investigating the mishap.

The inquest was conducted by Dr. Harold P. Stewart assisted by Crown Prosecutor, John P. Nicholson.

Evidence was given by Dr. T.A. Laidlaw, who examined the deceased on arrival at the P.E.I. Hospital and pronounced him dead; Dr. John Craig provincial pathologist, who performed the post mortem; Constable Peter J. Borys of the Charlottetown detachment of the RCMP, who conducted the investigation; Mrs. Emily MacDonald of Churchill, who, driving in the opposite direction, met the deceased's truck just prior to the accident; James Frederick Ellis, Northam, the only other passenger travelling with the deceased when the accident occurred; Colin MacPhail, Meadowbank in whose home the deceased and his passenger had been boarders, and Raymond MacDonald, service station attendant who examined the deceased's vehicle on its arrival in Charlottetown.

PATHOLOGIST'S REPORT
Death could have resulted from any one of several injuries revealed by the post mortem Dr. Craig said. These included multiple fractures of the ribs and breastbones with consequent damage to the underlying soft tissues, plus severe injury to the liver.

The semi-circular arrangement of the rib fractures suggested extremely violent contact with an object similar to the steering wheel of an automobile. Dr.

Centre, Mass., was a recent visitor at the home of her cousin, Mrs. E.S. Weeks and Mr. Weeks. She was accompanied by Mrs. Wallace Ramsay, Mr. Dymont of St. Eleanors, and Mrs. MacAusland of Summerside.

Mrs. Edward Monkey, Kitchener, Ontario, paid a brief visit to the home of Mr. and Mrs. Ernest Weeks, on July 10th.

Miss Tille Muirhead of Miami, Florida, spent some time in Central Bedeque visiting with her nephew, Mr. Harold Bagnall.

Mr. Dymont was driving at ordinary speeds—40-50 miles per hour—he said.

Questioned by Mr. Nicholson, Dr. Craig informed the Court that his examination disclosed the presence of alcohol in the blood, the urine and the gastric juices. Quantities present indicated that the deceased had consumed possibly three-quarters of a 26-ounce bottle of spirits, he said.

A number of bottles of alcoholic beverages was also discovered at the scene of the accident according to evidence submitted by Constable Borys. The RCMP investigating officer also introduced several photographs taken in the area of the accident.

MEET VEHICLE
Returning to her home in Churchill from a trip to Cornwall, she met the Dymont vehicle just as it swerved off the highway, Mrs. MacDonald told the Court.

Just prior to veering off the paved surface it had been travelling in the wrong lane and coming directly towards her, she said. In her opinion both passengers in the truck were still alive when she saw them in the overturned vehicle.

At the time the accident occurred he and the deceased were returning to their boarding house following a trip to Charlottetown. Fred Ellis stated. They had missed the Meadowbank intersection he said and had continued along to MacPhail's store where they had turned around adding later that he remembered nothing that had happened after they reached the top of the hill until waking up in hospital.

EMPLOYED ON CAUSEWAY
Both he and the late Mr. Dymont were employed on the West River Causeway job, Mr. Ellis asserted. Wet clay had caused them to discontinue work at 8:00 a.m. that day.

He admitted that two pints of rum had been purchased during the morning, but disclaimed all knowledge of the liquor discovered in the vehicle.

They had possibly stopped near the Charlottetown liquor store, he said, but he did not notice if any was brought to the vehicle.
