

A celebration that's been three centuries in the making

1985 marks the 300th Anniversary of the birth of one of the greatest musical geniuses of all time: Johann Sebastian Bach. This past summer at the Archives of the British National Museum in London, several authentic Bach manuscripts, thought to have been lost, were rediscovered by accident, producing almost six hours of music in total that hadn't been performed since the eighteenth century.

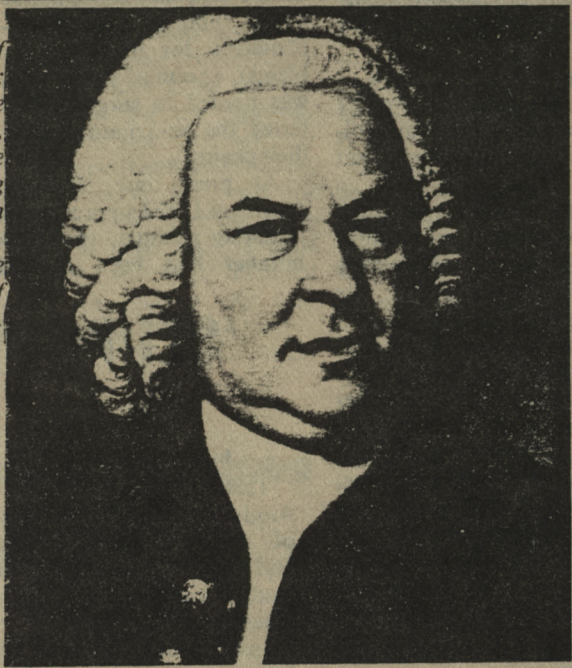

And now CBC Enterprises is proud to offer these new-found treasures, updated for the 1980's as part of its new BS-5000 Series, entitled "Techno-Bach Gold".

You'll Get: "Bach in the U.S.S.R."
"Bach in Your Arms Again"
"Get Bach"
"Baby Come Bach to Me"

And the inspirational "Brandenberg Rap"
All complied like never Before!

The Bourgeois Rap

By Robert Bodrog-Goodland

I'm middle class,
And it's a blast.
I have no hopes, I have no fears,
I drive a Chevy Cavalier.

You say you're poor,
And that's not fair,
Well I'm middle class,
And I don't care.

My friends are fools,
(Like don't it show?)
But I'm middle class
And they're all I know.

On the weekends,
What do I do?
— puke on my shoes.
Daddy does it, mommy too,
We're such a bitchen, privileged few.

I ask the old man, he writes me a check,
He shugs his arms, says "What the heck";
So I've always got tons of cash,
And enough left over to buy some Hash.

Hot damn, I Lead sheltered life,
Protected from external strife,
And I'll never have to make it in the real world,
With daddy catching whatever life hurls.

And it don't matter that I'm intellectually numb,
Because you don't need to be smart
When you're a bourgeois scum.

This is the story of a typical bourgeois scum
He had everything — but he never realized how lucky he was

Then he met her.

They hung out together
They ate lunch together
They did stuff together
Then she left him.

But it didn't matter, because he found a girl that reminded him of her.
The British Broadcasting Corporation, in co-operation with Broken Heart Productions presents:

"I loved you Patty, until I found Pamela"

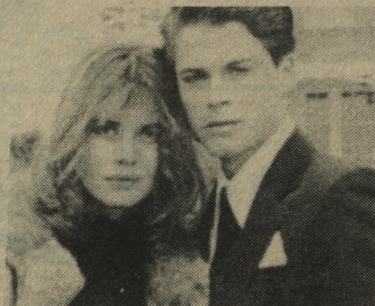

starring

Bob Geldof Goldie Hawn

and introducing Madonna as Pamela

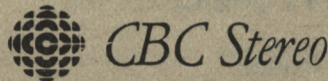

Don't miss this poignant tale of melancholy, misunderstanding, and middle-class trauma.

Rated — LW (long-winded) —
Kinda like John Stuart Mill's autobiography, but not as hard to understand as Immanuel Kant's "Groundwork do the Metaphysics of Morals"

"I loved you Patty, until I found Pamela"

Coming into your life sometime this Fall

Madonna a born nymphomaniac?

Madonna recently confessed she was precocious at birth.

"Do you know how hard it is to French-kiss with Pablum all over your face?" the sultry singer sighed. She claims that her primal yearnings became evident at the age of 3 1/2 weeks and have increased ever since.

During Kindergarten she acquired a Rolling Stones album and "Satisfaction" became her main ambition in life.

Although she tries to keep her uncontrollable urges under wraps as much as possible, she has been known to appear a little sex-starved on occasion.
