Severe Storm In Saint John Area

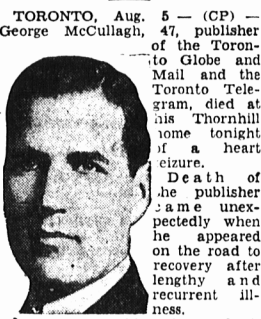

SAINT JOHN, N. B., Aug. 5.—(CP)—A vicious summer storm pounded the Saint John area tonight, setting fires, dousing street and home lights and plugging sewers. Lightning ignited a small boathouse on the Kennebecas riverfront of the city and on the Belleisle River in nearby Kings County a barn was hit and destroyed.

The rain was general throughout the province and expected to kill several forest fires and reduce the extreme hazard rating on all N. B. woodland. It also broke a drought which had begun to damage crops in some areas.

BOOSTS FORESTS
STOCKHOLM.—(CP)—Campaigns of good forestry management and new reforestation laws are credited with increasing the total wood in Sweden's forests to about 65 billion cubic feet, compared with 50 billion cubic feet in 1929.

Coming Events

- Hope River picnic cancelled.
- Films at Seartown Hall tonight.
- Dance Flat River Hall Friday, August 8th.
- Dance, Morell Hall, tonight. Burns Orchestra.
- Reserve Tuesday, July 26th, for Lot 8 Mission Picnic at West Point.
- Reserve August 13th for annual picnic at St. Anthony's, Bloomfield.
- Reserve Sept. 1st for bingo, jazz and dance at Emerald Hall.
- Green Road Parish Picnic, Thursday, August 7th.
- Try our Purina Finance Plan for hogs and poultry. Dillon & Spillit.
- Sandy's Drive-In Theatre, shows Tuesdays, Wednesdays and Fridays at 9 P. M.
- Ice Cream and Dance, Westmoreland School, Friday, August 8th.
- Show in Morell Hall on Tuesday, Friday and Saturday only at 8.30 P. M.
- Reserve Thursday, August 21, for chicken supper in Kinkora hall.
- Unloading car bulk wheat, Thursday, \$3.25 cwt. Bring bags. Dillon & Spillit.
- Dance, Refreshments, Kelly's Cross School, Wednesday, August 5th.
- St. Teresa's Parish Hall, August 7th, Supper, 5 P. M. till 8 P. M. Games and Dance.
- Chicken Supper — St. Charles Hall, Thursday, August 7th, Supper 5-10. Games, Dance, 10-1. Come and enjoy good food.
- Murray Harbour United Church Tea Party, Wednesday, August 6th. See Highfield Highland Dancers. Other attractions.
- Weekly dance in Rustico Cross School, Oyster Bed Bridge, Thursday night.
- Weekly Thursday night Dance Mt. Stewart Canadian Legion Hall MacKenzie Orchestra. Canteen service. Admission 50 cents.
- Hamper in W. I. Chicken and Ham Supper in Hubert Tremere's field. Also bazaar, Thursday, August 7th.
- Mrs. O'Malley and Mr. Malone's. Starring Marjorie Main and James Whitmore. A great comedy.
- Will be loading hogs at the following points each Thursday, Summerside until 1.30 p.m. and Kensington until 3.00 p.m. MacEwen and Caseley.
- Yes, crowds are planning to attend Winsloe Congregational Tea today. Chicken supper served at 5 p.m. Full band on grounds at 6 p.m. Also sports. Come early.
- Monthly meeting Kingston Branch Canadian Legion will be held at the Legion Home, Charlottetown, Thursday, August 7, at 8.30 p.m. All members please to attend.

TORONTO, Aug. 5.—(CP)—George McCullagh, 47, publisher of the Toronto Globe and Mail and the Toronto Telegram, died at his Thornhill home tonight of a heart ailment.

Death of the publisher came unexpectedly when he appeared on the road to recovery after lengthy and recurrent illness.

Mr. McCullagh's story-book newspaper career began as an 11-year-old newsboy in his native London, Ont., hustling copies of the old Toronto Globe to be purchased Oct. 14, 1936. Five weeks after purchasing the Globe he bought the larger Toronto Mail and Empire and merged the two into Canada's largest morning paper, the Globe and Mail.

On Nov. 25, 1948, Mr. McCullagh bought the Toronto Evening Telegram for \$3,610,000 to become publisher of two of Toronto's three daily papers.

Born March 16, 1905, he was son of George H. and Anne Catharine McCullagh, both of London. In 1929 he married Phyllis Laidlaw, daughter of the late John D. Laidlaw. He is survived by his widow, two sons and one daughter.

Other relatives include four sisters, Mrs. Gordon Morris and Mrs. Ralph Blackmore of Toronto, Mrs. Harold Godber of Montreal and Mrs. Thelma Thompson.

A magazine once dubbed Mr. McCullagh "Canada's wonder boy" because of his meteoric rise from humble beginnings to a position of wealth and influence. In his youth he joined the staff of the Globe at London, selling subscriptions in Western Ontario.

He caught the eye of the newspaper's management and was assigned to Toronto where he was given the extra task of locating promising young men to act as Globe correspondents throughout the province.

Before long Mr. McCullagh left (Continued on page 5 col. 3)

Quiet Election In South Korea

PUSAN, Korea, Aug. 6.—(Wednesday)—(AP)—The Republic of Korea chose a president Tuesday in a quiet, orderly election marred only by one Communist guerrilla raid on a polling place.

Aged President Syngman Rhee seemed assured of re-election, although returns from this first direct election of a president will not be known for two or three days. Previously the president was chosen by the National Assembly.

Government officials estimated 90 per cent of the 8,300,000 eligible voters went to the polls. Long lines of Koreans, including women with babies strapped to their backs, formed outside Pusan voting booths.

Police were on the alert for Communist guerrillas, expected to try to disrupt the voting. But the Rgds struck only at a small village near Hadong, 70 miles west of Pusan.

About 40 guerrillas stumbled into police guarding the village polling place. Police killed six, wounded 10 and drove off the rest.

Rhee was opposed by three other candidates. But since he is the only one well known, his election seemed certain. Voters also chose a vice-president from among nine candidates.

Migs Venture Almost To 38th Parallel

SEOUL, Aug. 6.—(Wednesday)—(CP)—Communist Migs swept southward almost to the 38th parallel in Korea Tuesday and U. S. Sabre jets, one of them piloted by a Canadian, blasted four out of the skies in five dogfights.

The Fifth Air Force reported six other swept-wing Red jets were damaged—one by a comparatively slow U. S. F-84 Thunderjet.

The Air Force described the Communist jets as "very aggressive." Perhaps they were trying to head off fighter-bomber assaults which the Allies warned would be unleashed on 78 North Korean towns housing military installations. Civilians were warned by radio and pamphlets to get out.

Ft. Lt. J. C. A. Lafrance of Loreville, Que., R.C.A.F., exchange pilot with the Fifth Air Force, was listed among jet pilots credited with kills in today's battle.

Lafrance arrived in Korea in June, under a Canadian agreement with the U.S.A.F. to send to Korea a fighter pilot a month up to a minimum of five to help the R.C.A.F. build up a pool of pilots skilled in jet warfare.

Egyptian Gov't Seizes Property Of King Farouk

CAIRO, Aug. 5.—(CP)—The government in a cabinet decree tonight seized control of abdicated King Farouk's properties in Egypt. They are estimated at more than \$100,000,000.

The actual value was a secret he joined the staff of the Globe at London, selling subscriptions in Western Ontario.

He caught the eye of the newspaper's management and was assigned to Toronto where he was given the extra task of locating promising young men to act as Globe correspondents throughout the province.

Rhee was opposed by three other candidates. But since he is the only one well known, his election seemed certain. Voters also chose a vice-president from among nine candidates.

Eisenhower Reveals 10-Point Program

LOS ANGELES, Aug. 5.—(AP)—General Eisenhower tonight outlined a 10-point program for the United States—a program aimed at lasting peace, honesty in government, equality for all citizens and loyalty in federal service.

The Republican presidential nominee also called for protection of the earnings and the savings of the people "from a double toll of high prices and high taxes."

And he appealed to veterans to help him put the program into effect.

In notes prepared for a speech at the annual encampment of the veterans of foreign wars—his first major address since the Republic's choice him as their standard bearer July 11—the General set forth these "positive objectives":

"1. To increase America's strength: spiritual, creative and material.

"2. To win a just and lasting peace secured by the strength of the free world.

"3. To build a prosperity not based on war.

"4. To make America's promise of equality a living fact for every American.

"5. To strengthen and to extend measures for the security and welfare of the people.

"6. To protect the earnings and savings of the people from a double toll of high prices and high taxes.

"7. To serve the worthy interests of every group of our people, yet make the test of each policy: Is it good for America?

"8. To restore honesty to government.

"9. To ensure, by means which guard our basic rights, that those who serve in government are Americans of loyalty and dedication.

"10. To revive in every American the faith that he can achieve a better future for himself and his family."

British Party Brutally Slain In French Alps

FORCALQUIERS, France, Aug. 5.—(CP)—Sir Jack Drummond, 61, Britain's Second World War food planner, his wife and their 12-year-old daughter were brutally slain early today in the foothills of the French Alps where they were vacationing.

A police raid robbery appeared to be the motive. Money and suitcases were missing.

Shots were about about 1 a.m. by a farmer living nearby. Up and doing his chores four hours later, he found the body of the child, Elizabeth, lying at the side of the highway near which the Drummonds had been camping. Her skull was shattered.

Up the road, near their automobile, lay the body of Lady Drummond, the former Anne Wilbraham who collaborated in Sir Jack's writings. She was shot through the heart.

Fruit Crop Report Given

OTTAWA, Aug. 5.—(CP)—There won't be quite so many apples, pears, plums and grapes around this year as there was in 1951.

The Bureau of Statistics, in its first estimate of Canada's 1952 fruit crops, said yields of these fruits will be moderately smaller than last year. But output of all other fruits will "up to some extent" and the apricot crop is expected to show a big increase.

The Canadian apple crop is at present estimated at 12,844,000 bushels compared with 13,613,000 bushels last year. Lower yields in Ontario, Quebec and New Brunswick will outweigh larger crops in Nova Scotia and British Columbia.

The pear crop is put at 973,000 bushels compared with 1,201,000 bushels and prunes at 623,000 compared with 674,000 and grapes at 88,275,000 pounds compared with 88,303,000 pounds.

The yield of peaches is expected to increase to 2,919,000 bushels compared with 1,766,000 last year. The cherry crop is estimated at 26,511,000 quarts compared with 25,445,000 last year, raspberries at 13,016,000 compared with 12,724,000 quarts and loganberries at 1,437,000 pounds compared with 887,000 pounds.

A police dog led police to a railroad where the scent was lost. Near Digne, some 20 miles away, the uniform of a deserter from the French Foreign Legion was found later. In it was a letter addressed to an Italian. Police were unable immediately to connect the uniform with the slayings.

The Drummonds left their home, Spencer House, Nuthall, Nottingham, England, last month and were driving to Marseille and the French Riviera.

Sir Jack, a tall, spare, modest man, was scientific adviser to the Ministry of Food during the war. He gave Britons a balanced diet—short on taste, but long on nutrition.

Knighted in 1944, he never used his second name, Cecil, and refused to be called Sir John. He was the only knight called Sir Jack.

Lady Drummond helped him write the book "The Englishman's Food." Sir Jack once predicted that if the world refused to cooperate in husbanding its food resources, there would be an international famine within 50 years.

Whitfield, Calif., Aug. 5.—(AP)—Pansco Hazel, a Holstein cow, today set a record for milk production. After today's milking her total was 267,308 pounds of milk. This is four pounds more than the previous record held for 15 years by a cow now dead, owned by the Michigan Board of Control. "Hazel" is 17 years old, has had 13 calves and has outlived seven of them.

So. Africa To Produce First Uranium Shortly

JOHANNESBURG, South Africa, Aug. 5.—(Reuters)—South Africa will produce its first uranium by the end of September, the Johannesburg Star said today. Production is expected to begin from gold mines at Krugersdorp, about 20 miles from here.

The newspaper said uranium production in the Union has been financed by the U. S. and Britain, whom South Africa has contracted to sell the uranium.

For instance, W. J. Bennett, head of the government's uranium-mining Eldorado Mining and Refining (Eldorad) Ltd., has said that uranium production "is associated almost exclusively with an instrument of war."

Without mentioning U. S. needs, the latest annual report of the Eldorado firm emphasizes the "great urgency" of the demand for uranium and the "paramount importance" of getting new production facilities into stride as swiftly as possible.

Canada uses only a minor fraction of this uranium for her atomic plant at Chalk River, Ont., engaged only in non-military research. It is U. S. requirements which are behind these phases of the current hunt below the earth, in laboratories and over lonely wastes of land:

1. The first Eldorado mine in Ontario.

Fatal Accident On N.B. Highway; Phone Lines Cut

SAINT JOHN, N. B., Aug. 5.—(CP)—Accidents late this afternoon in which one man was killed and a truck loaded with fruit was wrecked cut telephone communications to some areas north of Saint John and all areas east, including Nova Scotia. Extra crews were working tonight to repair the lines.

At Petersville, Queens County, 40 miles north on the Broad Road, Steadman Brewer, Oromocto, died when a car he was driving careened off the left of the highway about 4 p. m. Brewer was about 30 years old and married. Peter Martin, Oromocto, owner of the car and a passenger in it, is in hospital at Fredericton Junction but is not believed seriously hurt. An inquest has tentatively been set for Thursday.

At Nauwigewauk, 25 miles east on route 2, a Davidson Transport Co. Halifax tractor-trailer rig loaded with peaches and pears apparently skidded on rain-wetted pavement and spun off the highway, smashing out poles and leaving scores of telephone lines hanging like icicles. Driver George Taylor, Truro, N. S., is in hospital at Saint John, and his assistants, James Patterson, Maitland, N. S., and Malcolm McPherson, Truro, escaped unhurt.

The truck en route from Truro to Halifax, wound up on its side after spewing its load of fruit over the area. The men were removed through a window of the smashed cab. The accident took place about 5 p. m.

Princess Margaret's Friend To Wed

LONDON, Aug. 5.—(Reuters)—Jane McNeill, 21-year-old English society girl tonight announced her engagement to the Earl of Dalkeith, Scottish peer whose name has often been romantically linked with Princess Margaret.

The 28-year-old Earl will be the fifth of the Princess' immediate circle of young men friends to marry.

Strong rumors of his engagement to the Princess last January were swiftly followed by gossip that he was already engaged to Miss McNeill, at the time visiting her father, a Hong Kong lawyer.

The rumors cropped up again today and Miss McNeill confirmed them herself, although an announcement had been scheduled to appear tomorrow in The Times.

Miss McNeill, a model for London fashion designer Norman Hartnell, said no wedding plans have been made.

Great Efforts To Boost Production Of Uranium

OTTAWA, Aug. 5.—(CP)—The "great urgency" of demand arising from the United States atomic bomb is spurring Canada's efforts to increase her uranium production sharply and to find more of the vital mineral in the north.

The efforts are already paying off.

Production at the government's first mine has been boosted substantially this year by a big construction program. A second mine is due to start producing next April. By then Canada hopes to be producing at least twice as much uranium as now.

Officials describe the program as a "great urgency" of demand for uranium and the "paramount importance" of getting new production facilities into stride as swiftly as possible.

Canada uses only a minor fraction of this uranium for her atomic plant at Chalk River, Ont., engaged only in non-military research. It is U. S. requirements which are behind these phases of the current hunt below the earth, in laboratories and over lonely wastes of land:

1. The first Eldorado mine in Ontario.

Win 5th Straight Victory Since 1935

By Canadian Press Staff Writer EDMONTON, Aug. 6.—(CP)—The Social Credit Party swept back into power in Alberta tonight, winning its fifth straight election since 1936.

Return of the Government party headed by 43-year-old, Bible-teaching Ernest C. Manning was reported by the Canadian Press at 7:19 p. m. MST, (10:19 p. m. EDT) 19 minutes after the polls closed.

The re-election of the party which gained its first foothold in Canada in 1935 under the leadership of the late William Abernethy was assured early by returns from rural constituencies. Country polls closed at 6 p. m., an hour earlier than the city polls.

Five of the nine cabinet ministers standing for re-election were returned in their rural constituencies within 1-2 hours of the close of their polls. With nearly a third of the House elected, the Opposition had no members elected.

All indications pointed to another lopsided Legislature majority for the Social Credit Party. The Liberals and the C. C. F. only opposition parties with enough candidates to form a government, appeared to be heading along the same line as in the 1948 election.

At dissolution, Liberals had three seats and C. C. F. two to Social Credit's 49.

Party Standing

8:40 p. m. MST—Canadian Press party standings in Alberta:

Elected:	33
SC	33
Leading:	
SC	15
Lib.	5
PC	1
CCF	1
Ind-SC	1
Ind.	1
Ind-Lab.	1
Total	61

Sweden Hands Russia Two More Protests

STOCKHOLM, Aug. 5.—(AP)—Sweden handed Russia two more strong protests today and hinted she might take to the United Nations her quarrel with the Soviet over the shooting down of two unarmed Swedish planes in June.

Swedish Foreign Minister Oesten Unden summoned the Soviet Ambassador, Rear-Admiral Constantine Rodionov, and handed him two notes, one of which asked Moscow to order its diplomats here to stop spying on Swedish military establishments.

In the fifth of a series of protests over the shootings, Sweden expressed "surprise and regret" at Russia's refusal to let the International Court of Justice pass on Swedish charges that the aircraft were shot down over international waters.

The note served notice that the Swedes "reserve their full right to revert to the matter in the form and at the time they will find suitable."

This was interpreted in diplomatic circles as indication that in the next session of the U. N. General Assembly, at stake in the Swedish view, is freedom of the Baltic Sea where the planes were lost last June.

Immigration Increase Reported For This Year

OTTAWA, Aug. 5.—(CP)—Canada admitted more immigrants in the first six months of this year than she did in each of the years 1946, 1947, 1949 and 1950.

The Immigration Department announced today that 98,057 new citizens entered in the six-month period compared with 79,785 in the corresponding period of 1951, an increase of 18.72%.

The rate of arrivals, it continued, could establish a near-record year for immigration. However, Immigration Minister Harris said recently he expected the rate to drop in the latter months of the year.

Arrivals from the United States totalled 3,931 compared with 3,658, an increase of seven per cent. Canadians returning from the United States also increased by about 33 per cent with 2,494 compared in the first six months with 1,825.

Opposition Party Leaders Elected

EDMONTON, Aug. 5.—(CP)—Liberal leader J. Harper Prowse tonight was re-elected in Edmonton. He was the first Opposition Party member returned in the Alberta election. Mr. Prowse ran second to Premier E. C. Manning. First candidate to be elected in Edmonton.

EDMONTON, Aug. 5.—(CP)—C. C. F. leader Elmer E. Roper tonight won re-election in Edmonton in the Alberta general election. A member of the House since a by-election in 1942, he was unsuccessful in his third straight attempt to lead his party to power in a provincial election.

Irishman First In Uranium Rush

URANUM CITY, Sask., Aug. 5.—(CP)—An Irishman was the first to stake a claim as the world's first uranium rush began in this town 980 miles northwest of Regina.

Ten minutes after the recorder's office opened yesterday, Patrick Hughes of County Down, Ireland, filed his claim. He led the way for some 1,000 prospectors, flushed with the hope of striking it rich in an area in the Beaver Lodge country near Lake Athabasca, in the northwest corner of Saskatchewan.

Sunday night no one knew how many uranium hunters lay in wait in the bush and lake country surrounding this recently-opened mining town.

Yesterday, however, every type of conveyance spilled bearded sourdoughs, geologists, Indians, and even three women. Others tramped the bush through rain and mosquitoes.

Hughes, starting out on foot, transferred to a boat and later to a waiting aircraft which parachuted him down 13 miles from Uranium City. The final leg of his trek was made by taxi which rushed him to the office.

Twenty concessions were thrown open by the Department of Natural Resources yesterday for public staking. More than 500 claims were expected to be registered in the first two days.

All the surveyed lots in the new townsite have been taken, and surveyors are expected to open another 150 soon.

Imperial Oil Earnings

TORONTO, Aug. 5.—(CP)—Imperial Oil Ltd., estimates its consolidated net earnings for the first half of 1952 after income taxes, at \$19,203,921.

This is equivalent to 64 cents a share and compares with \$18,120,860, or 60 cents a share, for the corresponding period of 1951, based upon 29,847,227 common shares now outstanding.

Volume of product sales is approximately nine per cent greater than for the first six months of last year.

Halifax, Aug. 5.—(CP)—Official forecast issued by the Dominion Public Weather Office in Halifax and valid until midnight Wednesday.

Synopsis: Thunderstorms will advance slowly eastward across the Maritimes Wednesday, followed by clearing weather.

Prince Edward Island-Cloudy. Showers and widely scattered thunderstorms Wednesday morning. Continuing warm. Light winds. Low and high at Charlottetown 66 and 78.

High tide today at Charlottetown at 10:28 A. M. and 11:51 P. M. High tide on the North Shore at 5:33 A. M. and 6:37 P. M. Summerside tide eighteen minutes later than Charlottetown. Sun rises today at 8:03 A. M. and sets at 7:33 P. M.
