

Italy Planning To Make '60 Olympics Greatest In History

ROME (AP) — Italy plans to make the 1960 summer Olympics at Rome the greatest sports spectacle in history, dwarfing the forthcoming Melbourne Games and its predecessors.

Even before the Melbourne Olympics, and with four years to go until the Rome games, the Italian Olympic committee has completed a 100,000-seat Olympic stadium and allocated \$18,000,000 to go on from there.

Italy plans to make full use of historic Rome as a backdrop. The Colosseum and the chariot-racers Circus Maximus will return to their original role of sports stadiums.

There will be two new sports palaces, a swimming stadium with three pools, a velodrome with a cycling track and two Olympic villages — one for men and one for women, on opposite sides of the Tiber.

Novices Take Over Montreal Lagoons For Bait-Casting

MONTREAL (CP)—Angling novices, from small boys to middle-aged women, take over lagoons in three Montreal parks every Wednesday evening to practice bait-casting, fly-casting and spinning under supervision of the Montreal Hunters and Anglers Inc.

The classes to improve fishing technique among large numbers of inexperienced devotees wind up the current term with a fishing derby—using live fish—on Aug. 18.

They have been giving free instruction "to anyone who comes along," with the co-operation of the city parks department. They teach the proper handling methods and a better understanding of conservation efforts.

Three instructors, including Ernest Bleau, chief inspector of the Montreal police department, give advice from 7 p.m. until dark at La Fontaine Park, Raymond Prefontaine Park and MacDonald Park.

RESTOCKING SUCCESSFUL

A restocking campaign initiated some time ago by the Coaticook Fish and Game Club is beginning to show results. Several good size fish, including a 17-inch trout, have been taken this season from

Sanders, Penrose Deny Reports

TORONTO (CP) — Jack Penrose and Doug Sanders of Miami Beach, Fla., denied Monday they talked to Moe Norman of Kitchener about entering the insurance business with them and playing tournament golf on the side.

Norman, winner of his second consecutive Canadian amateur golf title at Edmonton, N.B., Saturday, said the two Americans made the suggestion and that he would meet them at U.S. tournaments next month.

Penrose and Sanders, in Toronto Monday, said they had not made any insurance offer to Norman.

The two Americans both sell insurance and are active amateur golfers, playing frequently in Canadian tournaments including last week's amateur.

Four Powerful U. S. Speedboats To Defend Title

DETROIT (AP) — Four powerful American speedboats begin tests today for the honor of defending the historic Harmsworth Trophy on the Detroit River this weekend.

Challenger for the plaque,

which symbolizes the speedboat championship of the world, is the Canadian-built Miss Superbest, owned by J. Gordon Thompson of London, Ont., and his son, Jim.

A 12-man committee representing the Yachtmen's Assn. of America selected six boats to run in the trials today, but Joe Schoenith of Detroit Monday withdrew his Gale V and Gale VI, two of the six boats named.

The Canadian challenger suffered damage to her hull in preliminary tests but her owners say they expect to have the boat in the last Saturday's running of the Silver Cup regatta on the Detroit River.

Only one American boat will compete in the Harmsworth. In many earlier Harmsworth races say challenging or defending nation was permitted to enter a "team" of boats. Under the revised rules this year's Harmsworth will be strictly a two-boat race.
