The Troubles in Turkey.

It is learned that the Governor of Angora, Asiatic Turkey, has advised the Turkish Government to adjourn indefinitely the trials of the Armenians accused of treasonable conspiracy and of sedition, or else to abandon the trials entirely and release all the prisoners. The advice is said to be prompted by a dread of scandalous revelations in the event of a trial. It is said all the accused are willing to confess themselves guilty of sedition, but declare that they were driven to it by the abominable misgovernment and oppression practiced by the Turkish officials. It is not yet known whether the Turkish Government has decided to follow either of the courses suggested by the Governor.

A School Teacher Flogged.

Last Monday morning Mr. Charles G. Fraser, third teacher in the Berlin, Ont., Model School, severely flogged a thirteen-year-old girl named Mary Paure for an alleged trivial offence. When the girl's father heard of the affair, he was very angry, and went to the school after dinner to wait for the teacher. When that gentleman made his appearance at the school gate, Paure made a rush at him, and excitedly exclaiming, "You'd strike my daughter, would you?" he began to deliver blow after blow on the undefended face of the school teacher, until he was compelled to desist by some school boys, who pulled him off and saved Fraser further punishment. The face of the latter is much disfigured, two black eyes and a torn mouth figuring conspicuously. He at once laid a complaint, and the case will be thoroughly ventilated in the police court. Mr. Paure, who is a well known citizen of Berlin, claims that his daughter has black and blue stripes as a result of the whipping administered by the teacher.

GEORGE H. FOSTER,
Ch'town, June 1. Pownal Wharf.

A Hard Profession.

Old Dr. Johnson once said, addressing a class of medical students, that the study of medicine was a most arduous undertaking; that the most comprehensive mind and the most industrious student could scarcely do more than explore the portals to medical knowledge during the brief time allotted to study before commencing practice, but that throughout his whole life the responsibilities of his profession should rest upon him like a nightmare.

He should explore every avenue of natural knowledge, must become familiar with chemistry, natural philosophy and natural history, but, above all, he must learn the construction of his own frame, the means by which he lives, moves and has his being. He must understand the nature of all those influences by which health is broken down and restored, and by what means disease, suffering and death may be averted. Dr. Johnson further says that nothing contributes so much to the support of quackery as the present insufficiency of medical knowledge. Men do not, he says, easily abandon hope but as readily put faith in ignorant pretenders as drowning men catch at straws.

"The good that men do in this life lives after them." During the life time of old Dr Johnson he invented what is known as Johnson's Anodyne Liniment, a standard family remedy of surpassing merit. This liniment is both for internal and external use and it is safe to say that no single remedy ever discovered has done so much good as has this one. It is inexpensive, ready at a moments notice night or day and may be used with absolute confidence in the thousand and one ailments that afflict humanity. In the cure of severe cramps or pains in the stomach or bowels, dysentry, diarrhœa it is certainly worth its weight in gold. It has been known to cure cases from ten to fifteen years standing after the sufferers had been given up.

The Yott Case.

KINGSTON, May 22—The big ferry steamer Pierrepont has carried many a visitor to Wolfe Island recently to interview Mr. L Yott, a farmer of that Island whose wonderful cure by Dodd's kidney pills was recently published in these columns.

The publication of so many marvellous cures had already excited much interest in this community, and now that we have proof of what has been said of this remedy at our very doors it is taked of on all sides. Mr. Yott's case was one that had excited the pity and anxiety of everyone for many years, and now that he is well and strong the people are not only much gratified with the result, but interested in the incontestable proof that Dodd's kidney pills certainly strike right at the seat of the diseases for which they are recommended, and are certain in their results.

Doctor—The poor fellow has a cinder in his eye and is suffering inten—

Sympathetic Lady—I wonder why he don't try a hairpin to take it out with?

Young Man—"I've been delegated by our class to get points for a college yell."

Rose—Does Mr. Verydull know anything? Lilian—Know anything! He doesn't even suspect anything.

O. S. MERSEREAU said he never received as much benefit from all the other medicine he ever took as he did from Hawker's Tonic.

"Please give me a few pennies to buy something to eat with?" said the beggar.

"To eat with?" ejaculated the Bostonian; "what's the matter with your mouth?"

MONT. MCDONALD, the well known St. John barrister, was obliged to seek a change of climate for the cure of acute bronchitis. He took Hrwker's Tolu and was cured by two bottles. He considers it a remarkable remedy, and strongly recommends its use to all so afflicted.

"I wonder what a man's sensations are when he is struck by lightning?" said Dawson.

"I shou'd think he'd feel more or less thunders truck," said Hicks.

USE SKODA'S DISCOVERY, the great blood and nerve remedy.

A severe earthquake was felt at Guayaquil, Ecuador, on Sunday evening. Many houses were damaged and three prisoners were killed in the wreck of the jail.

F. W. HEATH, of Toronto, was cured of a cough that followed la grippe, by using Hawker's Tolu. He wrote Mr. Hawker a grateful letter of acknowledgment.

On Friday morning Mrs. Charles Colburr, of Boston, and her two daughters left their home to visit Hopedale. A package containing $10,000 worth of diamonds and jewels was given to the eldest daughter to take care of. The daughter forgot them, and when the coachman was sent back the gems had been stolen.

"Ma," said a newspaper man's son, "I know why editors always call themselves "we."

"Why?"

"So's the man that doesn't like the article will think that there are too many people for him to tackle."

MRS J E SNOW, Matron Infants' Home Halifax, says: "Puttner's Emulsion has proved valuable in all cases of pulmonary complaints, for building up the system of our little ones. They often ask for it."

AWFUL HEADACHES.

2 YEARS OF SUFFERING.

LIFE A TORTURE.

Kendrick Outhouse, of Tiverton, N. S., says: For several years I suffered from severe attacks of biliousness, which came on periodically, about every ten days. I had *awful headaches* and the smell of anything cooking turned me sick. I became *weak and nervous*, and had no ambition or strength to work. I passed *many sleepless nights*, and for days could not retain food on my stomach. I suffered intensely with piles and hives, and my life was a *constant torture* to me. I became so weak that my friends *gave up all hopes* of my recovery. My brother brought me a bottle of

HAWKER'S NERVE AND STOMACH TONIC, and a box of HAWKER'S LIVER PILLS.

I had not taken them long before I commenced to improve and in a short time I was *completely cured*. I grew *strong* and *vigorous*, my appetite returned, I *slept well* and in a few months had *gained 30 pounds* in weight. I have not suffered from piles or biliousness since, now 2 years, and am as *strong* and *hearty* as any man could wish to be. I firmly believe that

PARTIES using the Telephones would find talking much more satisfactory if they would observe the following rules:—

1st. Speak with the mouth about four inches from the transmitter.

2nd. Speak in a moderate tone of voice, not too loud, and distinctly.

3rd. Place the telephone so as to cover the ear just as if you wished to shut out all other sounds Do not press too hard on the ear.

It is possible to talk and be heard when standing back two or three feet from the transmitter, if you shout loud enough, but it is not a pleasant mode of conversation, is entirely unnecessary, and is a useless waste of wind and lungs, besides being very annoying to all within range of your voice.
