

Canadian Runs Rome's First Finishing School

Rome's first finishing school for young ladies has been started by a Canadian, Miss Louise Fleury D'Eschambault, stepdaughter of W.F.A. Turgeon, Canadian ambassador to Portugal. Miss D'Eschambault originally intended to set up her school in Paris, but fell in love with the Eternal City during a visit. Two of her pupils, Suzie Patterson from Australia, seen at right, and Princess Ety Zu Hohenlohe Bartenstein from Germany, left are seen being taught the finer points of table-setting by teacher in the Madri Ple de Ovada Convent, located in the shadow of St. Peter's dome.

Happenings

The Dominion Fellowship Trust for many years has given hospitality to overseas people. The Countess of Harrowby and Lady Frances Ryder began the work in March 1916 and Miss MacDonald of Slea's first association with it was in the autumn of 1917. In war years the members of the services were entertained and in peace years the students Group captain W. H. Swetnam and Squadron leader Howard Lutz now stationed in Summerside, as young officers, were guests of the Dominion Fellowship Trust. Group Captain Swetnam and Squadron Leader Lutz considered the hospitality and kindness of the Dominion Fellowship Trust as one of the highlights of Great Britain.

Mr. and Mrs. Willard Coffin left Saturday morning for Montreal. They will be away ten days.

Miss W. Conquest and sister, Mrs. Dowling, entertained at the tea hour on Tuesday for Gunner Pederson and friends, the occasion being his birthday. The dining-room table was tastefully decorated for the occasion and centered with a beautiful birthday cake and lighted candles. Mr. Pederson received congratulations with many happy returns. A very pleasant evening was enjoyed by all.

CONFIDENTIALLY YOURS
—By Byrne Hope Sanders

MONTREAL, February 23rd—Last weekend we visited friends, and spent hours playing with their Budgie. What an actor! As soon as he was out of his cage, he flew around and around, talking incessantly and playing all sorts of tricks. He'd land on our shoulder, say a bright hello, then fly on his way again. We had so much fun we didn't want to leave him behind.

"Johnny's Not Himself" . . . Little ones reveal very quickly the troubles caused by irregularity. That's why I advise you to keep a bottle of CASTORIA in your medicine chest—for it will bring relief to many childish disorders such as listlessness, headaches, teething troubles, irritability . . . caused, or aggravated, by irregularity. CASTORIA provides natural-like, satisfactory movements, and is mild, gentle and thorough. Get the large size at 45c or the family economy size, 75c.

Oh, But It Feels Good! When you have a chest cold—apply Mentholatum liberally to throat, chest and back. Massage thoroughly into the skin. Cover right away with a warm flannel cloth. Then tuck the blankets round you and relax. You'll soon feel the comfort, as Mentholatum's fast-acting medicinal ingredients help loosen tightness and ease soreness. And remember that Mentholatum is particularly useful in helping to ease symptoms of a threatening chest cold for children—as well as grown-ups. If you write to Confidentially Yours, 1411 Crescent St., Montreal, we'll send you a GENEROUS, FREE sample of Mentholatum.

So Much Is Done For Us, These Days! I'm thinking, for instance, of the fine FARMER'S WIFE formula milks, prepared especially for baby feeding. . . . You can get just the right type for your baby's needs. Ask your Doctor whether you should use the Whole Milk (Red Label) or the Skimmed Milk (Yellow Label) or the Partly Skimmed Milk (Blue Label). . . . He knows that the Partly Skimmed Milk formula was originally prepared because the baby doctor asked for it. It's a high protein, low-fat concentrated milk with Vitamin D added. . . . Nothing but the best for your baby!

"I Don't Believe It!" said "Have A Cup Of Hot Soup!" . . . That's a lovely welcome when you come home tired and cold. . . . I brought in my jar of INSTANT CHASE & SANBORN COFFEE. "Here's the secret," I said. "Look through this little window in the jar—see how good the coffee looks. None of that scorching color! Instant coffee used to have!" Then I told her about the exclusive "Gentle Brewing" process for Chase & Sanborn, which brews the coffee so gently that none of the delicate coffee essence is spoiled. "There's a special Introductory Offer on right now," I told her. She's getting a jar tomorrow for her family—Won't you try it too?

Key There!—you with the cough in your throat. . . . Did you ever try PINEX? It's really good for heading off these pesky, irritating coughs that make life such a trial. If you had taken Pinex at the very first signs of that rough, believe me, you'd have found fast relief. Pinex soothes away soreness and irritation—and is pleasant to take, too. I hope that you'll never let a rough get hold of you again! Start early, by using Prepared Pinex. For real economy buy Concentrated Pinex. You can make 16 ounces of rough syrup combined with syrup or honey. Get Pinex at all drug counters.

Easy Meeny Miney Mo . . . Are you finding it hard to decide which home improvement to do first? Well, why not do them all at once? My list included painting the living room, new cabinets and flooring in the kitchen, a downstairs lavatory, new bathroom fixtures, screening for the porch—besides repairs to the roof. But we didn't let a lack of ready cash stand in our way. The man of the house and I went down to our BANK OF MONTREAL and arranged for a Home Improvement Loan. That way we got all our improvements done in one fell swoop. B of M Home Improvement Loans are available for almost any worthwhile purpose about the house. They're inexpensive, too—only 3 1/2% interest per annum—and are repayable in equal monthly installments. Why not see your B of M manager about your H.I.L. today?
