Dramatics And Sports Boosted By Souris CU

SOURIS— The Souris Credit Union held its annual meeting in the Credit Union hall recently, with a large number of members in attendance. Michael LaVie, president, presided.

In his report, Mr. LaVie, along with the usual facts and figures, gave an idea of outside activities taken on by the Souris Credit Union. He singled out drama as being the greatest achievement, mainly because drame was not in existence in Souris when the Credit Union Players were formed. The group's record in two years of operation was outstanding, winning the Provincial Drama Festival, and placing second in the Regional Dominion Drama Festival, with four individuals winning awards.

With such a fine showing, drama revived to such an extent that the players formed their own organization, but, continued Mr. LaVe, "with each outstanding performance in the future, we of the Souris Credit Union can hold up our heads with pride, knowing we helped to bring this about."

In the field of sport, the Credit Union was also active. A trophy was donated to the Town League, to be given to the league champions.

The credit union also sponsored the midget baseball team, supplying it with uniforms. "We were rewarded for this, when they won the Island championship."

Three vacancies were filled on the board of directors and committees. They were board of directors, Mrs. Fred Perry; credit committee, John Chaverie and supervisory committee Joseph L. Paquet.

Other reports given were by secretary, Mary Paquet; treasurer, Bernadette LaVie; credit committee, Paul MacPhee; supervisory committee, Eleanor Clinton.

Special guest speaker was George Mullally from the PEI Credit Union League. Following the meeting, a lunch was served by the ladies of the credit union.

A quartet comprising Lynn and Kathy Masters and Alice and Heather Lea, sang "Saviour Like a Shepherd Lead Us." The story "The Jesus of The Tiger" was read by Florence Richards.

A special number "How Great Thou Art" was rendered by the junior boys and girls. While a quintet composed of Margaret Enman, Gwen and Pauline Lea, Marilyn Drake and Florence Richards sang "Still Sweeter Every Day."

The organist was Mrs. Francis Drake, and the offering was taken by Ronnie Carver and Wayne Richards.

Dam Report Is Highlight

MONTAGUE — Fred Vuozzo gave an up-to-date report on the proposed dam site at Montague at the regular meeting of the Southern Kings Fish and Game Association.

He pointed out that he felt this dam should have been built long ago but that perhaps now this will assure a better type dam. He expected some work would be done this winter and when completed "We will have the largest and best dam in the province."

T. MacKenzie, and Russell McAulay each gave a report on the dams built on their property and both advised that results were good but that both dams required to be raised to assure sufficient depth of water for best results.

The president, Louis Cantelo also outlined briefly the winter works program as carried on during the past year and urged the association to take advantage of this program in the coming season.

Following his presentation of the results and a brief outline
