

THE DAILY EXAMINER.

SEPTEMBER 28, 1893.

NOTES AND COMMENTS.

A gentleman from Crapaud reports that the West-land and Inkerman roads are in a scandalous condition, and that Collett's Bridge is positively dangerous. He states that the supervisor has not put in an appearance this year. The Government is scattering so much money elsewhere that they have no money to meet the public necessities of a Township.

—Montreal Gazette: The University of Pennsylvania has established a special course of training in journalism. Such a school, properly directed, and properly appreciated, might do much good to the press of the United States. Nevertheless, it is likely that great journalists, like poets, will continue to be born, not made. There are things colleges cannot teach.

—Statistics prepared by the United States Government show that from the beginning of the year up to the end of September 569 state and private and 155 national banks suspended. Under these circumstances the General Garfield bill, which men in business alone will be able to appreciate what such a state of affairs must have meant as a disturbance to trade.

—Premier Gladstone has intimated, it is said, that the measures Parliament will be asked to deal with next are a bill embodying one-man-one-vote principle and one to regulate the relations between landlord and tenant in London. The one-man-one-vote idea is in the line of fairness and political freedom. But Premier Peters deems it necessary to give a landlord two votes and a tenant but one vote, and to take away altogether the vote of those men who happen to be in official. There is evidently a wide gulf between Gladstone and the "Liberal" Peters.

FASHIONABLE WEDDING.

The now somewhat commonplace injunction of Horace Greely, "Go West, young man!" in nowise precluded the possibility of his going east again to pick him out a partner with whom to make the voyage over the pleasant sea of matrimony. At least, so thought our talented young friend, Dr. P. C. Murphy, of Alberton, who this morning led to the altar, in the pretty little parish church at Georgetown, Miss Minnie Maxwell Burke, daughter of Capt. Jas. Burke and sister of Father Burke—one of the eastern capitals' most charming and accomplished daughters. The church, with its beautifully decorated altar, was filled by an eager crowd of eight-seaters at the early hour when the ceremony began. His Lordship the Bishop of Charlotteville officiated and afterwards celebrated the Nuptial Mass. He was assisted by the Rev. Dr. Doyle, former pastor of the room, Father Burke, the bride's brother, the pastor of Georgetown, the Rev. S. E. Phelan, and the other reverend friends of the contracting parties. Fathers Curran, McGrath, Hogan, and J. McDonald. Mr. Joseph McArdy, of the Post Office Department, supported the Dr. and Miss Minnie Burke. The bride, Winnie Ryan, daughter of D. D. Ryan, Esq., were bridesmaids. After the ceremony an elaborate dinner was served at the bride's home, of which the clergy and friends of the happy couple partook, when the pleasant addresses appropriate to the occasion were made by the Bishop and Dr. Doyle. After breakfast the Dr. and his bride took the first train for this city amid the applause of torpedoes and whistling of engines, where they remain a few days visiting the Exhibition and receiving the felicitations of the many friends before settling down in their western home. That the good wishes of many friends attend them was well evinced by the very large number of beautiful and costly wedding gifts exhibited. To those many hearty expressions for a long, prosperous and happy wedded life, THE EXAMINER is glad to add its own unfeigned felicitations, and a God-speed never more cordially uttered. May the joys of today never be interrupted!

THE ORGAN RECITAL.

The grand organ recital and evening of sacred song in the First Methodist Church on Tuesday night was not without some disappointing features. The choir had evidently not had enough practice, and in the first anthem and the last selection they labored beyond their capabilities. Again, "Cast Thy burden upon the Lord" was utterly ruined by each note being slurred into each succeeding one. It is a mistake to imagine this lends pathos or additional expression; it is most offensive to cultivated ears, and very bad form. Mr. Fred Davies sang his solo nicely, and the semi-chorus in its support of the soloist sang very well. "Hark, hark my Soul!" was well sung and very pleasing. Mrs. Roomer sang better. Mrs. Lockhead sang well. Mrs. Malcolm sang "The member now Thy Creator" was the gem of the evening, and was sung with ease and exquisite taste. Of Mr. Earle's ability there is no question, but some of his selections were evidently not appreciated last night. To our mind the Moderato in his second number was the best performance. We trust the financial results were fully up to his expectations. As a whole, the concert was above the average, and we trust that the criticism we have given will be taken in the kindly spirit in which it is offered.

The World's Fair.

Mr. John A. White & Co., of Dover, New Hampshire, have been awarded first prizes at the Chicago Exposition for their superior transmission of power, their Reson Band Saws and valuable speed lathes as well as their new and improved feed planer. Mr. R. J. Butcher, of this city, is manager at the World's Fair for this well known house. Mr. Butcher is a son of the late Mark Butcher, and is, we are glad to learn, giving good satisfaction in his present role and prospering in his adopted home.

PROGRESS.

It is very important in this age of vasomotorial progress that a remedy be pleasing to the taste and to the eye, easily taken, acceptable to the stomach, and healthy in its nature and effects. Possessing these qualities, Syrup of Figs is the one perfect laxative and most gentle diuretic known.

The people of the United States appear to be weary with the silver question which has pretty well dropped out of discussion in the country. But the senate is hard at the subject yet, and the end is not in sight. They have a closure system in the other chamber, but nothing can close the mouth of a United States senator.

An inoffensive old couple, Samuel Rightly, aged 84 years, and his wife, two years younger, who lived on their farm near Newton, Pa., were found murdered some time Saturday night. The murderer set fire to the house, but the fire was discovered by the neighbors and extinguished.

The Boston Herald seems to fear that there is truth in the statement that Mr. Van Alen, the new United States ambassador to Italy, bought the office with a contribution to the campaign fund, it seems that there is some doubt as to the fitness of the man for the place, and that the president was at first unwilling to make the appointment. The Herald, which is a great admirer of President Cleveland, "would greatly regret to find him following the bad example of President Harrison" in respect to the sale of public positions.

PROVINCIAL EXHIBITION, 1893

THIRD DAY.

Weather Dark and Threatening.

AN IMMENSE CROWD IN ATTENDANCE.

The Races are the Great Attraction.

A very large crowd assembled to witness the races today notwithstanding the indications of rain. A great deal of interest was shown in the steeple chase, and the contest between Golden and Golden. Almost Wilkes surprised many persons by coming in ahead, in the first heat trotted today, but the splendid three-year-old Promoter, by Preceptor, won the second heat and the race, Golden having to take second place notwithstanding his excellent trotting of yesterday.

STALLION RACE.

According to announcement, this race, postponed from yesterday, was renewed at one o'clock today. The track was still in good condition, but the wind was high and the temperature too cool for good racing. In the fourth heat of the steeple chase, the horses got away to the front and the Golden broke lally shortly after the start. At the first quarter, Almost Wilkes drew to the front passing the ganey, young Promoter, and held his lead to the close. Harry C. made some fine spurs and finally captured second position on the home stretch. Almost Wilkes finished the heat about a length ahead of Harry C. with Promoter third and Golden fourth. Both Golden and Harry C. broke several times. The judges gave Promoter fourth place for running. Time, 2:33.

Fifth Heat.

The horses got a good start and the heat was a hot one. Almost Wilkes held the lead steadily until the homestretch, when Promoter drew to the front and came in half a length ahead. Harry C. and Promoter broke several times, and both put in some splendid trotting. Golden also broke and acted badly. At the conclusion of the heat, the driver of Almost Wilkes claimed the lead, but the judges gave it to Promoter, who thus captured first money. Golden obtained the second, Almost Wilkes third, and Harry C. fourth. Time, 2:31.

2.40 CLASS.

The entries in this class were Roline, owned by E. LeRoy Wilkes, St. John; Natalie Cuyler, by J. M. McCleod, Ch'town; Harry C., by H. C. Connolly, Ch'town; Dearborn, by A. L. Shipp, Truro, N. S.; Deceiver, by J. Deaver, St. John, N. B.; and Olive Wilkes, by H. C. Craswell, St. Eleanor. Harry C. was drawn, as he was in the steeple chase, and Olive Wilkes was also drawn. Dearborn had the pole, Natalie second, Roline third, Deceiver fourth. The horses were sent off on the third score. Roline being in the front. Deceiver soon drew to the front, trotting very steadily and well. At the first quarter, Roline drew ahead of Dearborn, leaving Natalie Cuyler in the rear. The heat ended as follows: Deceiver first, Roline second, Dearborn third, and Natalie Cuyler fourth. Time 2:34.

In this heat Roline was about a length and a half behind at the start, but the driver having nodded to the judge he gave the word "go." We are requested to make this statement, as Mr. J. J. Davies, who acting as starter some years ago, was censured for the same action under the same circumstances.

Second Heat.—In this heat there was a hard contest between Deceiver and Natalie Cuyler. Deceiver trotted beautifully from start to finish. Natalie Cuyler made some running and the judges gave her third place. Roline having trotted well throughout obtained the second place, Dearborn fourth. Time 2:37.

Third Heat.—In this heat Roline was again a little behind at the start, but pulled up to the second place before the quarter pole was reached. She trotted very steadily. Deceiver had for the first place, but the latter increased his speed just as the mare pushed him. It was a pretty race between the two. Deceiver won the heat and race, Roline second, Dearborn third, and Natalie Cuyler fourth. Time, 2:35.

FREE-FOR-ALL.

The entries in this class were Promoter, Golden, Stranger (owned by A. H. Lear, Truro); and Olive Wilkes and Onward (owned by J. A. McDonald, St. Eleanor). Promoter was drawn. Stranger obtained the pole, Onward second, Golden third and Almost Wilkes fourth.

The horses got away on the fifth score. Stranger soon drew to the front, and the struggle was between Golden and Almost Wilkes. Golden broke lally at the three-quarters, but pulled up and came in second, Onward third and Almost Wilkes fourth. The judges put Onward back to fourth for running, and gave Almost Wilkes second. Time 2:32.

THREE-YEAR-OLD CLASS.

The entries in this class were Banker, owned by H. A. Darby, Egmont Bay; Promoter, owned by W. S. McKie, Charlottetown; Sir Richard, owned by A. L. Shipp, Truro, N. S.; Banshee, owned by Wm. Blair, Amherst, N. S.; Gracie Wilkes, owned by H. C. Craswell, St. Eleanor.

Banker and Promoter were drawn. Sir Richard obtained the pole, Gracie Wilkes second and Banshee third. The horses got away on the fourth score. Banshee broke and ran at the first turn, and acted badly. Sir Richard trotted steadily and easily, and won the heat in 2:45. Gracie Wilkes second and Banshee third. All three were chestnut horses with white faces and all splendid colts, particularly Sir Richard.

Second Heat.—Gracie Wilkes not having come to time, the only starters were Sir Richard and Banshee. They got away on the first score. Sir Richard held the lead from start to finish, Banshee being a good second. Time 2:44.

Third Heat.—The horses got away well together, but Sir Richard broke at the first turn and lost several lengths. He did not overtake Banshee until the third quarter pole had been reached. Banshee came in a good second. Time 2:42.

CHARLOTTETOWN

TO-DAY the race for the possession of the America's Cup will be sailed. This trophy was first known as the Queen's Cup, but its capture years ago by the famous yacht America has caused its original appellation to be forgotten. Thus far English yachtsmen have sought in vain to recover the coveted emblem. The Vigilant now seeks to continue the unbroken series of American victories.

Ye men of the expedition, if you want to win, trade with "The Star Tailor." Happily we beam through your very eye, contentment will reign supreme with all who will patronize "The Star Tailoring Establishment" this Fall. We offer our stock at prices that will be sure to give the wearer genuine satisfaction, and this is what you want something to do you genuine service. Our Overcoatings, Suitings and Pantings are first-class value. Our Underwear are unsurpassed in quality and value.
