vinced of the utility of a Maine Liquor Law. He moved a resolution carrying out his views, but afterwards withdrew it and voted for the one offered by Mr. Whelan.

(The debate on this subject will be continued in our next.)

THURSDAY, April 5.

Mr. Haviland moved that the Elective Legislative Council Bill be read a second time, he stated that the principles of the Bill had been already debated, but he wished to have a division on the question.

The following division was taken.

For the Bill—Messrs Haviland, Montgomery, Douse, Cooper, Laird, MacIntosh, Palmer—7.

Against it—Messrs Coles, Warburton, Clark, Whigtman, M'Donald, Dingwell, Lord, Muirhead—8.

Mr. Palmer reported a Bill to tax Pewholders of the Episcopal Church for the support of their minister.

After some severe debate chiefly between Mr. Palmer, and Mr. Coles, the Bill was thrown out.

Mr. Coles laid before the House, an estimate of the Trustees of the Central Academy, for necessary repairs, and also the yearly accounts of the Royal Agricultural Society.

The House went into Committee on the Bill, for the appointment of assistants to the Public offices. After much discussion (a synopsis of which will be given in an early number) the House agreed to take the following sums off the Salaries of the Public officers, and to give the clerks the amounts annexed:

From Colonial Secretary £100 to clerk £150, from Treasurer £100, to clerk £150, from Register of Deeds £50, to clerk £100, Road Superintendent and Assistant Clerk of the Councils (new office) £100. Clerk of the Post Office as granted last year £120. The following was also agreed to Assistant Treasurer to give security. Assistants to hold office from the Government during pleasure, to be incapable to hold a seat in the House of Assembly.

Holloway's Ointment and Pills the best Remedy for the Cure of Female Complaints.—The extraordinary effects these Pills have upon all complaints peculiarly incidental to females, would appear incredible, if it were not confirmed daily by the wonderful cures they effect in Canada. It is an unquestionable fact, that there is not any remedy to equal them throughout the world, for exterminating suffering from the softer sex, than these admirable Pills, particularly for young girls entering womanhood, therefore all are requested to give them a trial, which will insure their recommendation.

GAS MEETING.

The special general meeting of the Shareholders of the Charlottetown Gas Light Company took place as advertised, when a resolution was submitted to the effect, "that the price of gas be reduced from 25s. to 20s. the thousand cubic feet," which was negatived by a majority of 26, the numbers being as follows:

For the Resolution, 27. Against it, 53.

The following was afterwards submitted by Charles Palmer Esq.

Resolved, That this meeting having heard various explanations with regard to the recent rise in the price of Gas, are of opinion that under the circumstances, the present directors were justified in increasing the price to the present amount, and that they have acted throughout for the best interest of the Company, and therefore that certain resolutions passed at a late meeting of the consumers reflecting on the conduct of the directors were unnecessary. And further resolved that this meeting are of opinion—the winter months having now expired—that it would be to the interest of the Company that at the next Annual Meeting which will be held on the first day of May next, the incoming directors be recommended to reduce the price of Gas to 20s per 1,000 feet which passed *nem con.*

At a meeting of the Wardens and Vestry of Trinity Church, Georgetown, holden in the Infant School on the 26th March, 1855, it was unanimously—

Resolved, That the special thanks of the Wardens, Vestry and Congregation of Trinity Church, Georgetown, are due, and hereby awarded to Mr. Henry W. Lobban, of Charlottetown, for his gratuitous, disinterested and generous services (given at a sacrifice of time and press of business) in putting up the Organ recently purchased for said Church, and setting the same in order.

Ordered, That the above extract from the Vestry proceedings, be forwarded to Haszard's Gazette and Islander Newspapers for insertion.

J. EASTON, Vestry Clerk.

MECHANIC'S INSTITUTE.—On Tuesday evening last, Mr. James R. Watt delivered an exceedingly interesting and highly scientific lecture, upon Pneumatics. He discussed the doctrine of Airs, and covered his topic in its component parts. He explained the principles of the Barometer, the Diving Bell, the Balloon, the atmospheric Rail Road, the essential elements to sustain life, &c., and illustrated his subject by various experiments, in all of which he was most successful. He placed a live Mouse and Bird under the receiver of the air Pump, and by exhausting the air therefrom, deprived them almost instantaneously of the power of motion. He also had a small atmospheric Rail Road, and which, by its operation, gave the audience a perfect view of its *modus operandi.*

An animated discussion ensued, and further information was then elicited

The Rev. Mr. Snodgrass will lecture next Tuesday evening on "Habit."

The condition of the stomach is of vital importance. No man, woman, or child can be healthy unless the work of digestion irregularly, thoroughly, and vigorously performed. With three-fourths of civilized society, this is not the case. And yet the remedy is within the reach of all. Hoofland's German Bitters, prepared by Dr. C. M. Jackson, Philadelphia, will as surely create a regular and healthy action of the stomach, as oil will lessen the friction of machinery. To the victim of dyspepsia or indigestion in any of its forms, try it, and we guarantee a good appetite, physical vigor, firm nerves, sound sleep by night, and increased cheerfulness by day. See advertisement.

DR. M'LANE'S LIVER PILLS.

☞ When the proprietor of this invaluable remedy purchased it of the inventor, there was no medicine which deserved the name, for the cure of Liver and Bilious complaints, notwithstanding the great prevalence of these diseases in the United States. In the South and West particularly, where the patient is frequently unable to obtain the services of a regular physician, some remedy was required, at once safe and effectual, and the operation of which could in no wise prove prejudicial to the constitution. This medicine is supplied by Dr. M'Lane's Liver Pills, as has been proved in every instance, in which it has had a trial. Always beneficial, not a solitary instance has ever occurred in which its effects have been injurious. The invention of an educated and distinguished physician, it has nothing in common with the quack nostrums imposed upon the public by shallow pretenders to the medical art. Experience has now proved beyond a doubt, that Doctor M'Lane's Pill is the best remedy ever proposed for the Liver Complaint.

☞ Purchasers will be careful to ask for *Dr. M'Lane's Celebrated Liver Pills*, and take none else. There are other Pills, purporting to be Liver Pills, now before the public. Dr. M'Lane's Liver Pills, also his celebrated Vermifuge, can now be had at all respectable Drug Stores in the United States and Canada.

☞ So celebrated has Dr. M'Lane's Vermifuge become, that it is regarded as the only specific cure for worms. Families should never be without a supply of it.
