A KISS OF WELCOME—When the Vice-Regal party arrived at Rideau Hall, Ottawa, on Tuesday evening, the Marchioness was the first to alight, and standing at the main entrance received her liege lord with a kiss as he entered the portals of their home.

THE brown gelding, Zulu, who has frequently been seen on the track in this Province, and was owned by Mr. L. Hooper, won two heats in an unfinished race at Attleboro, Mass., recently—2.35, 2.34. The latter time was the fastest made in the race.

ON Sunday morning the cellar of Captain Robert Fraser's residence, Prince Street, was entered by thieves, and a quantity of meats, pastry, etc., stolen therefrom. The cellars of Judge Alley and Thos. Casley were also entered and relieved of a quantity of eatables.

THE BOSTON COMEDY CO. will open in Market Hall this evening, in the great drama of "Fanchon the Cricket." The Company are highly spoken of by our numerous exchanges; and Mr. Webber, the manager, is well and favorably known in our city; therefore, we predict a mighty successful season for them.

THOMAS HEYWOOD and Wm. Maskell, a marine and a sailor belonging to H. M. S. "Griffin," were arrested by the police on Saturday for being absent from the ship without leave. A despatch regarding their arrest was sent by the Marshall to Halifax this morning, and the men will be sent forward as soon as instructions arrive.

DECLINE OF MAN.—Impotency of mind, limb or vital function, nervous weakness, sexual debility, and all diseases caused by indiscretions and abuse, are radically and promptly cured by the use of Mack's Magnetic Medicine, which is for sale by all responsible druggists. Sold in Charlottetown at Apothecaries Hall. See advertisement in another column. [Oct 29 1w wky]

A SHORT time ago the Ontario bureau of industries sent circulars to farmers throughout the province as to the condition of the crops and from a partial examination of the replies received so far the damage from rust to the wheat crop has been much greater than anticipated, chiefly in western Ontario. The crops on the whole are not up to the average of former years. The fruit crop is very poor in most sections. The full returns will be issued in a fortnight.

THE Halifax Herald says on the 25th Oct., just fifty-one years ago Thursday, a then resident of this city, a young man at that time, purchased a property on Gerrish street, and on leaving Halifax three years afterwards to take up his residence in Charlottetown, sold it to a gentleman lately deceased. On the death of the latter, his executor became possessed of the old deeds, and strange to say his clerk, to whom the deeds were handed on Thursday, to note particulars as to size of property, etc., was the son of the conveyer of the deed. For the first time in his life, the clerk then saw his father's signature, the latter having died over a quarter of a century ago, his son being at that time quite young.

THE NUISANCE AT SPRING PARK.—This case was resumed at the Stipendiary Magistrate's Court this forenoon, and set at rest for the winter by Mr. Sutherland, counsel for the defence, submitting the following agreement signed by himself, Mr. Warburton and Mr. Stewart counsel for the prosecution, which was accepted by the Magistrate:— In re the prosecution against the Charlottetown Woolen Co., and Theophilus J. Farquharson, for pollution of the water or stream flowing through Spring Park.— It is agreed that the above prosecution now pending before the Stipendiary Magistrate for the City of Charlottetown, be allowed to stand over until next spring—the defendants agreeing to remedy the evils complained of immediately the frost is out of the ground next spring, by constructing a drain or such other means as they may deem best.

ABSOLUTELY the latest thing in the way of invitation cards for afternoon tea are in the form of a kettle, and have the name of the guest on the spout as a symbol that she will be served with tea, and the name of the hostess on the handle to show she will serve it. The invitation is on the body of the kettle. THE Pictou News says that the glass works at New Glasgow are running night and day with about 150 hands, all told. They have more orders for lamp chimneys than they can easily fill. Their table-ware, being almost staple articles, still continue to sell very well considering that wholesale buyers, particularly in Ontario, ordered largely last year, with a view to supplying the Manitoba market, and as the "boom" in that direction has fallen off, they find themselves with large stocks in certain lines and are consequently buying cautiously.

SUMMERSIDE will not remain much longer in the dark. Its citizens are to have lighted streets to walk upon and K. O. lamps to light them. At a recent meeting the Town Council discussed the necessity of lighted streets, and after a heated discussion a resolution was passed to the effect that eight kerosene lamps be placed at certain points in the town. Mr. J. Bethune was then awarded the contract for performing the work. We have not heard the candle-power of each lamp, but it must necessarily be great to light the streets of Summerside effectually with eight lamps.

SNEAK THIEVES—the "meanest kind of thieves"—entered the house of Mr. Charles B. Saunders, of Summerside, on Friday night last, and cleared the hall table of all the overcoats piled thereon. Mr. Hughes, of the Merchants Bank of Halifax, and Mr. Archibald Ramsay are the principal sufferers. Energetic, but unsuccessful measures were taken on Saturday to recover the stolen goods and catch the thieves. A search warrant was issued under which the house of a certain "lady" known by the boys as "Rowlocks" was entered and search was made among her effects. But notwithstanding most vigorous efforts by the officer and his assistants the stolen goods were not found.

WE learn that the Steam Navigation Co. steamers will be taken off the routes between Charlottetown and Pictou and Summerside and Shediac, on the 1st November. The "Summerside" will be placed on the route between Summerside and Shediac, and a suitable steamer will be placed on the route between Pictou and Charlottetown. The change is made by virtue of an order for inspection received from the Inspector of Steamboats. On the date above mentioned, the steamers will be hauled up, thoroughly inspected, and the necessary repairs decided upon. We have no doubt that the Steam Navigation Company in placing steamers on the Summerside and Charlottetown routes will afford the public that accommodation which is usually received.

THE House of Commons, Ottawa, has been turned into a workshop during the past few weeks, the work of renovation and improvement being prosecuted so as to be in readiness for the early opening of Parliament. The chamber of the House is being supplied with more seating accommodation, and the Post Office enlarged so as to procure more room for the Post Office officials to transact their business, and in the course of some three weeks the work will be completed. It was intended at one time to procure boxes for the employees of the House, but there will not be sufficient time for accomplishing this during the present session, but it will be done before the following session. The repairs in connection with the official reporters' room are all but finished.

HANLAN'S PROBABLE DEPARTURE FOR NEW ZEALAND IN AUSTRALIA.—It is very probable that Hanlan will go to Australia shortly, even though Laycock may have met with an accident, as reported a few weeks ago. There are three good scullers in the far away colonies of Great Britain, besides Laycock, viz: Michael Rush, Edward Trickett, and the young sculler Beach, by whom Trickett was beaten some weeks ago. Australians think so highly of their oarsmen that they will not be slow to match them if they show good form. In any event, Hanlan has decided not to lay in at Toronto this winter, and has ordered a new boat of Ruddock of this city. The order came by telegraph last Friday, and the builder began work on the shell yesterday. The craft will be ready for shipment to whatever point Hanlan desires by Monday of next week, and the boat in which he rowed last season's races will be covered over and sent with the new shell.—Boston Herald, 21st.

DOMINION SAFETY FUND.

THE following acknowledgments for payments death claims show the promptitude with which such claims are paid by the Dominion Safety Fund Life Association:— As insurances are effected in this Associations at actual cost, with a small fixed charge for office commission, there cannot possibly be a more equitable and cheap system of life insurance. No delay no heavy premiums, no enormous profits at the expense of the insured! This company having made the deposit of \$50,000 at Ottawa, as required by law, offers this further guarantee as to the prompt payment of its obligations. Every policy in this Association for \$1,000 is secured by the obligations of its members representing upwards of \$2,000,000 and rapidly increasing. FREDERICTON, N. B., July 3rd, 1883. To the President and Directors of the Dominion Safety Fund Life Association, St. John, N.B. GENTLEMEN,—I hereby acknowledge receipt of the sum of two thousand dollars, in full settlement of my certificates, Nos. 369, 370, on account of the death of my husband, Dr James Henry Ellis, M. D. paid to me immediately upon presentation of proofs of his death. I beg to express my grateful thanks for your promptitude in paying the claim, and gladly authorize you to publish this letter, if you deem it desirable, in the interests of your valuable Association. Yours, respectfully, MERCY ANNE ELLIS. Witness: (Signed.) Wesley Vanwart. ST. JOHN, N. B., July 30, 1883. To the President and Directors of the Dominion Safety Fund Life Association, St. John, N.B. GENTLEMEN,—I beg to offer you my sincere thanks for the promptitude with which my claim on your Association for one thousand dollars, as beneficiary on my husband, the late Moses Lockhart, was paid to me as soon as the necessary papers were completed and presented, and I trust the Association will continue to receive the support it so fully deserves. (Signed.) SARAH LOCKHART. Witness: (Signed.) C. A. Macdonald.

GAS-HEATING STOVES.

THESE Stoves can be seen in operation every evening at Mr. G. H. Haszard's Bookstore, South Side of Queen Square, where orders for Stoves can be left, and where an illustrated catalogue can be seen, containing every information. The cost of these Stoves range from \$4.00 upwards. The cost of gas varies from less than one cent per hour upwards, according to the size of the stove and heat required. The great advantages of these Stoves are that they will heat any sized bedroom, nursery or sick room, in a few minutes after lighting the gas, the consumption of which can be instantly stopped by turning off the tap, thus preventing the waste of fuel, either before or after the necessary heat is required. No coal to be taken up stairs. No ashes to be brought down. No dust, dirt or smoke about the room, which is most important in case of sickness. At a cost of about one-half to three-fourths of a cent boiling water, warm food or hot drinks can be had at any time during the night, in from two to four minutes after lighting the gas, thus making the stove useful in the nursery and sick room, both summer and winter. The Stove also lights the room with the same gas that warms it. Ch'town, Oct. 24, 1883.—1m eod

Disolution of Partnership

THE co-partnership heretofore existing between the undersigned, under the name and style of Dawson & LePage, has this day been dissolved by mutual consent. All amounts due and owing by the implement part of the business will be settled by H. T. LePage, and all the amounts due and owing by the Firm part of the business will be settled by W. F. Dawson. The Agricultural Implement business will be continued by the subscriber, who takes the present opportunity of thanking the numerous customers of the late firm for the liberal patronage received, and solicits a continuance of the same, and will in future, as in the past, use every effort to procure the best Agricultural Implements in the market. H. T. LEPAGE, Ch'town, Oct. 24, 1883.

MRS. SOPHIA POTTER'S Bone Rheumatic Liniment

IT is a fact worth knowing that Mrs. Sophia Potter's Bone Rheumatic Liniment cannot be excelled for removing pain and soreness. It is no worthless trash, as some may suppose, simply because they have been imposed upon by others, but is positively the "King of Pain." Sore throat cannot stand before its power. All we ask is a trial that you may be convinced of the truth of our statement. Our experience is that one bottle tried also sells many more. See circular for particulars and testimonials, and try a bottle—it will not fail to do all that is promised. R. V. BARKER, St. John, Wholesale Agent. W. R. WATSON, Charlottetown, P. E. I. J. A.
