Here We Are Again!
McLEOD & MCKENZIE,
STAR MERCHANT TAILORS,
The Original and Peerless Artists of Our Day.

THE ABOVE HAS BEEN A SETTLED FACT FOR YEARS, and to keep before the public what is so well known to every good dresser in this Province, may seem superfluous. But as a good dinner tends to give a quietus to the disturbing influences within the inner man, so a thorough knowledge of our capabilities will give a quietus to anyone who may have had the good fortune of being dressed by us. The sun rises and sets, and it appears to the ordinary judgment that the sun revolves around the earth instead of the earth revolving around the sun; so we, through the immense strides we have taken in our art, would appear to the uneducated to be moving around our many friends, instead of their moving around us; like the sun imparts its warm rays to revive drooping nature, so we are the benefactors of our people, by aiming high and attaining to a STYLE and FINISH in our Garments, which cannot but commend us as the MERCHANT TAILORING PHILANTHROPISTS of our day.
Are you anxious to test the foregoing? Come in, then, and see our line of Goods, which are superior, in every sense of the word, and we will fit you out with a Suit which will doubtless draw the loving remark from your best girl that she has "the best dressed young man in town." Call early, if you must have it before 1st July.

Local and Other Items.

ST. DUNSTON'S COLLEGE.—The distribution of prizes will take place on the 25th inst.

CRUISER CRITIC.—The cruiser Critic has been at Souris since Wednesday, and left yesterday for Georgetown.

NO MACKEREL UP NORTH.—Two American seiners from Portland, Me., arrived at Souris on Wednesday. They have been up north and report that no mackerel have been seen schooling there yet this season.

THEATRICAL.—The Harvard Quartette have written the manager of the Lyceum for dates early in July, and Lucier's Novelty and Comedy Company have secured the same hall for the evening of the 22nd July.

A WIDE RANGE.—Fort Keogh, M. T., has the widest range of temperature of any place on earth. Last summer the thermometer ranged from 120 degs. to 130 degs. above, while recently it marked 65 degs. below zero—a total range of 195 degs.

TO BE HANGED.—The man Parnell, who murdered Sellers, a St. John's, Nfld., merchant, last fall, was last week sentenced to be hanged. Parnell made a confession in which he states that he and Sellers had a quarrel in the store the night of the murder.

HOLDING HIS OWN.—It is reported on the authority of the New York State Entomologist that a parasitic mite is at work on the Colorado beetle or potato bug. Thus far the beetle has been able to resist the mite and keep on the even tenor of his way.

THE CORRECT THING.—According to an exchange it is now considered correct for bridegroom to wear a boutonniere of orange blossoms in his coat. The idea is that he is being married just as much as the bride, and is just as glad of it as the girl presumably is.

MY FATHER AT ABOUT THE AGE OF FIFTY, lost all the hair from the top of his head. After one month's trial of Ayer's Hair Vigor, the hair began coming, and, in three months, he had a fine growth of hair of the natural color."—P. J. Cullen, Saratoga Springs, New York.

HE KNEW.—A certain Sunday school teacher had been telling her class how honesty was better than royal birth, and, to test the force of her remarks, inquired, "Now, Johnny, what is better than a King?" Johnny was silent. "I know," said the new pupil. "Well, you may tell." "The right power."

LORNE HOTEL.—Railway return tickets at one first-class fare will be issued on Wednesday, the 26th inst., from Charlottetown to Bedford Station, by morning train, to parties going to the Lorne Hotel sale. Teams will be at Bedford Station, on arrival of train, to convey passengers to and from the sale at small fares.—j21 2i

SPECIAL FARES.—We call the attention of our readers to the special railway fares for Dominion Day, advertised in another column. The tickets will be issued June 29th, and will be good to return up to July 3rd. These cheap excursions by train should be taken advantage of to a far greater extent than they have heretofore been.

I. O. O. F.—Pennsylvania may be called the hotbed of Oddfellowship. In Philadelphia alone there are in the vicinity of one hundred and fifty lodges. These, together with the numerous lodges in the State, have contributed large sums for the relief of the Johnstown sufferers, and it is not probable that aid will be required from any lodge outside the State.

DECLINE IN PRICES.—We learn from the Halifax Herald that a dullness in the flour trade there has caused a fall in flour of from ten to fifty cents per barrel, according to grade, nearly all qualities of the staple being affected. Oatmeal and rolled oats have also made a decline of from ten to twenty and ten cents per barrel respectively.

MORE ARCHDEACONS.—The Halifax Herald reports that the Bishop of Nova Scotia having decided to create three archdeacons in his diocese instead of one, as formerly, Rev. David Smith, of Sydney, who for several years has been rural dean, has accepted the office of venerable Archdeacon for the district of Cape Breton. Rev. Mr. Bambrick, of North Sydney, will probably succeed him as rural dean.

FISH FOR MONTREAL.—The Intercolonial railway are forwarding fish to Montreal now with great promptness. On the 17th inst. a car of fish left here at 4:30 o'clock p. m. and at 7 a. m., on the 19th inst., it was in Montreal, just thirty-eight hours and twenty-five minutes from this city. A car expressly for fish is attached to the express one day each week (generally on Monday) and reaches Montreal in time for Wednesday morning's market.—St. John Sun.

SCOTT-SIDDONS.—One never tires hearing Mrs. Siddons. The moment she comes before her audience she makes a favorable impression, not less by the ease and grace of her movements than by the beauty of her appearance. Her face was strikingly beautiful and capable of expressing the varied emotions. Every pose is full of eloquence, and in each effort, no matter how widely different from the preceding one, she is even more successful. Nothing can exceed the interest with which she holds her audience.

KING'S COLLEGE.—The Ecumenia of King's College, Windsor, will be held on Thursday next, 27th inst. The following is the programme for the convocation:—
Address by Dr. Willetts, and opening of Convocation.

King's County Exhibition, 1889.

The general meeting of the Commissioners for managing King's County Exhibition, 1889, was held in the Court House, Georgetown, on Thursday, the 20th of June, inst. Owing to the unfavorable weather the attendance of Commissioners was smaller than usual.

The Commissioners present were: Hon. D. Gordon; Hon. A. J. Macdonald; Thos. Annear, Lower Montague; Wm. P. Lewis, Cardigan; Robert Dewar, New Perth; Andrew Mooney, Lot 46; P. J. D. Edmonds, Lot 66; Stewart Hunter, Dundas; John McKinnon, Rollo Bay; P. Walsh, Summerville; A. C. Macdonald, Montague; Capt. Malcolm Macdonald, Georgetown; Geo. F. Owen, Cardigan.

Hon. D. Gordon was re-appointed Chairman, and George F. Owen, Secretary.

On motion of P. J. D. Edmonds, Esq., seconded by Robert Dewar, Esq., it was resolved that the King's County Exhibition for 1889 be held at Georgetown on Thursday, the 26th of September. The regulations of 1888 were amended by striking out sections 7 and 12, and by adding the following in place of section 12:—

"12. All animals receiving prizes are required to be exhibited on the Show Grounds from 2:30 to 3 o'clock, p. m., under forfeiture of any prizes to which they may be entitled."

The prize list for 1889 was then considered, and it was resolved that 3rd prizes for cattle should be struck out. In the classes for yearling Shorthorn and Ayrshire Bulls, the words "with registered pedigree" were struck out, and a second prize of \$2 was given in each of those sections. A prize of \$4 was added for the best Berkshire sow with litter of four pigs. Some alterations were also made in the prizes for fruit and cheese; which being agreed to, the prize list for 1888, with the foregoing amendments, was adopted.

On motion being made that judges be appointed, it was moved by A. C. Macdonald, Esq., seconded by Robert Dewar, Esq., "That in selecting judges for horses, one judge from each County in the Island be selected." This motion caused considerable discussion, and it was moved in amendment by Capt. Malcolm Macdonald, seconded by Wm. P. Lewis, Esq., "That this meeting, when it adjourns, be adjourned to a future day, in order that the appointment of judges may be made with a larger number of Commissioners present."

As an amendment to the amendment, it was moved by Andrew Mooney, Esq., seconded by Mr. John McKinnon, "That the appointment of Judges be made at this meeting in the usual way." The amendment being put, was carried on division.

Some discussion then took place on the necessity of having better order maintained in Georgetown on Exhibition Day, and the hope was generally expressed that the town authorities would take steps to enforce the observance of the law with respect to the sale of liquor on that day.

Mr. Andrew Mooney advocated the claims of the eastern end of the County to have the Exhibition held in a more central place than Georgetown; and pointed out the disadvantages suffered by exhibitors from the eastward of Souris. Hon. A. J. Macdonald contended that Georgetown, being the County town, was the proper place for holding County Exhibitions; and showed that it was centrally situated as either Summerside or Charlottetown, where the Exhibitions for Prince and Queen's Counties are held.

The meeting then adjourned.
Geo. F. OWEN,
Secretary.

Lost Off the Train.

The Rev. J. G. Cameron recently purchased from Mr. Alexander Hayden, of Dundas, a valuable young Dean Swift horse for a friend in Nova Scotia. The horse was put on board the train at Souris on Wednesday last. He did not appear to be at all frightened when being taken to the box car. He was, however, carefully tied with a strong rope on each side of his halter to opposite sides of the car. The car doors were left about ten inches open, and were locked with a chain across the opening. Thus secured, young Swift started on his journey to the land of the blue-noses. After going something less than half a mile, he made a dash for the open country, breaking his tie and forcing the door open far enough to allow him to jump out, which he did, landing on his feet and turning a somersault at lightning speed. After regaining his feet, and casting a wild look at the train he had so suddenly left, he began grazing along the fence as if nothing in particular had happened. None of the train hands saw him make the leap, and it was not until they reached St. Peter's Bay that he was missed. The conductor telegraphed from there that a horse shipped at Souris had been lost off the train. In the meantime Mrs. Stephen McDonald, who saw the horse jump from the train, quietly walked down to the station at Souris and told the agent what she saw, and that the horse was then feeding along the track. The animal was at once secured, and on examination he was found to be unhurt. He was shipped again yesterday.

MONEY IN SUGAR.—The Nova Scotia Sugar refinery has declared a dividend of 7 1/2 per cent. (payable July 5) for the past six months. Sugar during this month has advanced 1 1/2c. per lb.

The Presbyterian Assembly.

TORONTO, June 20.—Revs. Peter Lindsay, A. L. Wylie and John Cameron are allowed to retire from the active work of the ministry. The assembly refused the application of Rev. Andrew Wilson. The Montreal Presbytery was authorized to place Father Chiquiquy's name on the roll with the full status of a member of the court.

The Aged Minister's Fund, east, was presented by Rev. D. S. Fraser. The fund is prosperous. There were 14 annuitants last year; 15 this year, of \$200 each. Sixty-three congregations failed to contribute. Rev. S. C. Gunn, of Boston, was permitted to continue on the fund, paying \$15 a year.

Remitted to Presbyteries to consider a proposal that all ministers at their induction join the fund, west.

The report of the Widows' Fund, east, was presented. It is an excellent report. Nineteen widows and eighteen orphans are on the fund. Capital \$75,000. Balance in favor of the fund this year is nearly \$1,800. Total receipts, \$5,498. Total paid to widows since the origin of the fund, \$31,000. The western fund receipts are \$28,000. There are sixty-nine widows on the fund. Capital \$116,000.

A new presbytery has been formed in the Northwest, named Minnedosa. The application to erect the presbytery of Saskatchewan was referred to the synod of the Northwest.

Rev. Mr. Henry reported progress on behalf of the systematic beneficence committee, and recommended regular weekly contributions.

The assembly finally adopted the remit allowing liberty of opinion with regard to the marriage of a deceased wife's sister.

The assembly authorized the presbytery of Sydney to remove from suspension W. M. Calder, of Mira.

Dr. Bryce reported gratifying progress on behalf of the historical society, which is collecting documents relating to the early history of Presbyterianism. The assembly commended the vigorous prosecution of the society's work.

Thirty-five ministers and sixteen elders from the maritime provinces attended the sessions.

The moderator was authorized to issue a pastoral letter urging the claims of the home and foreign missions. The usual votes of thanks to the citizens of Toronto were adopted. The assembly closed at 10 o'clock, with a few remarks from the moderator.

Park surrendered himself to the police.

NEW YORK, June 20.—Steamer Saginaw to-day brought advices from Cape Hayti, dated June 5, which chronicle the unvarying success of the army of the north. To-night the strike was declared off, and a thousand or more men paid and discharged. The authorities have announced that all idlers must leave early in the morning or the militia will be called upon to drive them away. New men are coming on every train, and the contractors have agreed in the future to furnish the men with more and better rations.
