

Indians Stagger Into First Place In League

(By The Canadian Press)
Cleveland Indians staggered into first place in the American League by dividing a doubleheader Tuesday night with Philadelphia Athletics while the lowly St. Louis Browns were topping New York Yankees twice.

Cleveland won the first game, an 11-inning affair, 6-5, then bowled 9-5 in the nightcap. The Browns upset the Yankees 4-3 and 6-3 to toss the world champions out of the lead in the hotly-contested pennant race.

A pair of former Yankees outfielders, Cliff Mapes and pitcher Tommy Byrne, combined to win the second game for the Browns after rookie Jim McDonald pitched and batted the Browns to their first-game victory.

Mapes smashed a three-run homer in the third to account for the winning markers. Byrne gained his first victory over his former mates but needed help from Satchel Paige. The ageing Negro right-hander took over in the sixth to quell a Yankee uprising and held the Bombers runless the rest of the way.

McDonald broke up a 3-3 tie in the opener with a two-out single in the ninth. The blow drove in Fred Marsh who had doubled. Joe Ostrowski, a former Brownie, was the loser.

The Indians' first-game victory was a personal triumph for Early Wynn who pitched himself out of bases-loaded situations in the ninth and 10th innings and then drove home the deciding run with a triple in the 11th.

Labor Convention Votes For Withdrawal

HALIFAX, Sept. 11 (CP)—A six-month honeymoon of Canada's top labor bodies was broken off abruptly today by the Trades and Labor Congress of Canada.

After a stiff scrap and on a fairly close vote, the Congress decided to withdraw from a national co-operation committee of the central union organizations, though leaving its leaders free to work with the other groups on individual matters.

The withdrawal from the continuing joint committee representing about 1,000,000 workers came on the heels of a similar move last month by the American Federation of Labor in pulling out of its united labor policy committee connection with the Congress of Industrial Organizations.

The T. L. C. is the Canadian affiliate of the A. F. L., but spokesmen for the T. L. C. officers in interviews insisted the A. F. L. action had not influenced the Congress in its move.

The co-operation committee in Canada, set up in February as the labor groups got together in Ottawa to press the government for price controls, consisted of representatives of the 500,000-member T. L. C., the 350,000-member Canadian Congress of Labor, the Canadian and Catholic Confederation of Labor, which has 90,000 members, and the Dominion joint legislative committee of the Railway Brotherhoods, independent unions with around 40,000 members in Canada.

Report West Germans Living Standard Low

FRANKFURT, Sept. 11 (Reuters)—A survey by the West German Finance Ministry asserts that West Germans today have the lowest standard of living in Western Europe, after Italy.

Allied officials confirm that although there is no rationing in West Germany, a large part of the population cannot afford a really adequate diet.

Total food consumption in West Germany averages 2,790 calories a person a day, or about 94 per cent of the pre-war consumption. After taxes and other duties have been paid the average yearly income is 1,227 marks (about \$285) a person, compared with an equivalent of 1,683 marks (\$394) in France and \$465 in Britain.

Before the war, the survey said German meat consumption was about 112 pounds a year per person. Today the figure is only about 69 pounds compared with 121 pounds in rationed Britain.

West Germany produces about 30 per cent of her total food

Comments On Status Of Gray And Bonhomme

"If the Glace Bay Community Hockey Club is entitled to the players of last season's Glace Bay Miners then have they accepted all the liabilities of last year's club?" asked Dr. F. C. Dougan, President of the Islanders Hockey Club last night. Cash deficit of the Miners last season was reported to be in the vicinity of \$16,000.

Dr. Dougan was talking in reference of yesterday's news release from Glace Bay which stated that the new Community Hockey Club would not relinquish their claims of Bob Gray and Connie Bonhomme. Both players performed with the Miners last season.

Dr. Dougan repeated what he had said previously that last season's Glace Bay Miners were a defunct organization and that this year's Community Hockey Club were a new entry in a new league.

"I would leave it to any fair minded person to decide whether or not it would be right to ask hockey players to wait all summer and see what Glace Bay was going to do after the organization had folded up and the hockey players were free agents," he stated.

He explained that clubs in the Maritime Provinces had been given until June 30 to deposit a \$1,000 bond as signification that they intended to play in the Maritime Major Hockey League this year. Glace Bay did not deposit the bond nor did they appear at meeting of the clubs in Charlottetown on July 7 and Dr. Dougan moved that the time be extended until July 14.

At the next meeting of league officials it was found that Sydney, Halifax, Moncton, Saint John and Charlottetown were the only ones who had paid their bond and were the only ones who could compete in the league.

Then after the Miners had folded and did not exist after July 14, the Islanders signed Bob Gray and Connie Bonhomme. A week ago the Glace Bay Community Club, a separate and distinct organization from the Miners applied for admission to the league.

The withdrawal from the continuing joint committee representing about 1,000,000 workers came on the heels of a similar move last month by the American Federation of Labor in pulling out of its united labor policy committee connection with the Congress of Industrial Organizations.

The T. L. C. is the Canadian affiliate of the A. F. L., but spokesmen for the T. L. C. officers in interviews insisted the A. F. L. action had not influenced the Congress in its move.

Before the war, the survey said German meat consumption was about 112 pounds a year per person. Today the figure is only about 69 pounds compared with 121 pounds in rationed Britain.

West Germany produces about 30 per cent of her total food

The recovery of West Germany's agriculture since 1945 has, however, been impressive. Production reached 98 per cent of pre-war during 1950-51. Crop and livestock output should in 1951-52 reach 104 per cent of pre-war. But with its highly industrialized economy, West Germany is still one of the great food deficit areas of the world.

The original of Shakespeare's Falstaff is believed to have been Sir John Oldcastle, English soldier who died in 1417.

Holman's will be playing without the services of Gordie MacKay and Abbie's will not be able to call on Lefty MacAleer, their dependable left hander. Holman's face a do-or-die task today and without the services of a fielder like MacKay, they certainly have to come off the floor to win the series.

19th Annual Colt Stakes Begin This Afternoon

The nineteenth annual colt stakes will be raced off today and tomorrow at the Charlottetown Exhibition Track with today's races scheduled to get underway at 1.45 p.m.

In addition races will be held tonight and tomorrow night. Eight dashes will be run off on each night with the cards slated to get underway at 8.10. Another racing card on Saturday night.

When LeBaron Reid of Moncton announced Sunday night that Johnny Horeck had been signed as playing coach of the Hawks, Kuhn was probably as surprised as anyone.

He attended the meeting in Amherst on Sunday with Reid and according to reports acted as though he were still coach of the Moncton team although Horeck's contract had already been agreed to.

In Horeck, Reid has obtained what he has described as a man of "fighting qualities." His ability as a hockey player has been proved but his leadership of a hockey team has not. In his capacity as a playing coach, Horeck will have a dual job that will be hard to fill for it is a big order to coach a team properly, let alone play through a heavy schedule with it.

However if Pete Horeck were planning to retire from Boston Bruins in the National Hockey League, the signing of Johnny as coach could have quite an effect on where Pete might want to play. If Johnny does not measure up as coach, Reid might again turn to Doggie Kuhn who did an acceptable job last year. After all as a fired manager of an American League baseball team who finished in last place said, "You can't make chicken soup with chicken feathers."

It's old news now that the signing of Horeck came as a surprise to hockey men here. According to reports Horeck's release was signed before Murph Chamberlain left for Vancouver. If Chamberlain were coaching in the Maritimes this year Horeck probably would be playing for him.

The big question in Maritime hockey currently concerns the status of Conny Bonhomme and Bob Gray. Both were selected on the Cape Breton League All Stars last season. Gray's defense and Bonhomme's offense were the highlights for a total of 56 points and Gray picked up 17 goals and 20 assists. The final decision of whether they play with the Islanders or Glace Bay may come from the C. A. H. A. as one of the clubs probably will appeal the M. A. H. A. ruling.

Playing coach Bill Dinning, one of the three playing coaches in the Maritime Major Hockey League will be guiding the fortunes of the Sydney Millionaires again this season. For a while it was thought that the big defenseman might not be back but the news was made official at a Sydney meeting last week.

About ten of last year's team and seven new players are expected to line up with the Millionaires according to reports from Sydney. One of those who probably will not return is Bob Bowness who may be traded to Quebec Aces at the request of Bob and the Aces. Among the new players expected are three defensemen. The club reportedly received a number of applications from players in the defunct United States Hockey League.

The eyes of the local baseball world will turn to Summerside today where the Provincial Intermediate and Junior series will be resumed. Abbie's need only one game to clinch the intermediate title while the Junior series is deadlocked at one game apiece.

Holman's will be playing without the services of Gordie MacKay and Abbie's will not be able to call on Lefty MacAleer, their dependable left hander. Holman's face a do-or-die task today and without the services of a fielder like MacKay, they certainly have to come off the floor to win the series.

Miners' Manager Charges Islanders Getting Gravy

GLACE BAY, N. S., Sept. 11 (CP)—There's feuding and fighting on the hockey front, even though the Maritime Major League doesn't swing into action for weeks to come.

Manager Leo Gally of Glace Bay Miners charged tonight that Charlottetown Islanders are "getting all the gravy" as far as the league schedule is concerned.

He said a check of the schedule puts Miners in a worse position than at first realized. He said Islanders are scheduled to play 14 Saturday games at home and eight on the road, where the 10 per cent cut for the visiting club will be at its peak.

On the other hand, Gally said, Miners play only four Saturday home games "in a Saturday night hockey town" and play 10 Saturday games on the road.

Miners also reiterated that they still hold the cards of Connie Bonhomme and Bob Gray, reportedly signed by Islanders. Indications are that Miners

Prince Philip Keen Advocate Of Sport

LONDON, Sept. 9 (CP)—When the Duke of Edinburgh visits the Dominion in October with Princess Elizabeth Canadians will meet one of Britain's keenest sportsmen who revels in rugged recreation when he can get it.

As president of the National Playing Fields Association, Prince Philip has striven for years to encourage a diversity of team games among Britain's growing generation and himself has had a fling at almost every sport in the book, except ice hockey.

An all-round athlete he still has a modest collection of trophies won for swimming, diving and high-jumping during his school days. In more recent years, however, he has devoted the meagre spare time available to him in pursuit of his favorite sports, yachting and polo.

He has his own racing yacht, the "Coveslip", presented to him by the people of Cowes, famous yachting centre in the Isle of Wight, and the dragon class "Bluebottle", a wedding gift to the royal couple. He is particularly fond of this craft and has sailed it himself in many races in home and continental waters.

In 1948 he presented a trophy bearing his name to the Yacht Racing Association, which has become one of the most prized awards at the annual Cowes Regatta.

Rugged Polo Player
Encouraged by his uncle, the Earl of Mountbatten, the Duke likes polo. Although he has figured in several spectacular spills Philip is regarded as a rugged player, forceful in attack and possessing a fine, driving shot. He is the owner of some of the best ponies in the country, including three highly-bred performers, presented to him by the President of Turkey.

At Dartmouth College, where he received his early training, he

was picked for the school's first soccer eleven and usually found himself playing in goal by reason of his height and agility.

Later, while attending Gordonstoun school in Scotland, he was selected to lead the cricket team. When he subsequently became president of the Marylebone Cricket Club, he captained all-star teams in special charity matches, mainly for his pet hobby—more and better playing fields for the nation.

As a spectator, the Duke particularly favors motor-speedway racing, although he is also a keen horse fan, particularly since the Princess became an owner. He makes a special effort to attend one of the major events of the Ascot fall meeting, the running of the Duke of Edinburgh Stakes, a late test for two-year-old fillies.

In season he is fond of shooting and also rounds up his friends for an occasional game of squash racquets, his favorite indoor sports diversion.

When he returns from his Canadian tour, he will have less opportunity than ever for sports diversions. He will then assume added responsibilities as royal representative at home while the King, Queen Elizabeth and Princess Margaret are away on their tour of Australia and New Zealand early next year.

Wonders At Moncton's Silence
Dr. F. C. Dougan, President of the Islanders Hockey Club last night stated that he thought it strange that LeBaron Reid of the Moncton Hawks "did not think it worth his while to mention to him that he had signed Johnny Horeck as Hawk's playing coach or had been bargaining with the former Islander. At least it would have been a sporting gesture," he added.

Dr. Dougan met Mr. Reid Sunday at the league meeting in Amherst and spent considerable time with him and Doggie Kuhn, former Moncton coach. News of Horeck's signing with Moncton was released shortly after Dr. Dougan returned from the Amherst meeting.

Intercollegiate Football Schedule To Open Here

The fifth annual Prince Edward Island Intercollegiate Track and Field Championships will be held at Memorial Field, Charlottetown on Saturday afternoon, September 22, the Guardian learned last night. The meet will get underway at two o'clock.

A total of 27 events will be run off in the competitions for girls and boys. Dashes will be held, ranging from the 25 yard dash for girls under seven, to the 100 yard dash for boys. Other events include the shot put, mile run, relay, high jump and pole vault.

Trophies will be awarded for first placings in each event and ribbons will be given for second and third. Each school is limited to one entry in each event. The meet is being sponsored by the Department of Physical Fitness.
