OTTAWA SPECULATES ON CARFERRY CLAIM PROCEDURE

Attlee Stakes Future Of Government On Steel Issue

Survey Shows Ch'town Ahead In Business Activity

Takes Long Trip In Taxi; P. E. I. Included

VICTORIA, B. C., Sept. 14 — (CP) — "Will you send a car to my home, please?" was the routine call received in a Montreal taxi office in August.

Yvon Ravary, 22-year-old owner of his own cab, took the call. Today he arrived in Victoria, on the second leg of a trip which will be 12,000 miles long and which would cost the fare, at the rate of 20 cents a mile, upwards of \$2,000.

The fare, a Montreal woman who chose to be unnamed, plans to drive from here to San Francisco and from there through the southern United States and up the Atlantic coast to Montreal.

"When I first answered the call I took the lady for a long drive," Ravary said. "She liked my driving, and asked me if I would like to make a long trip. I said 'okay' and away we went."

They first visited Prince Edward Island, where they were caught in a hurricane, but since then the trip has been uneventful.

"We keep going ahead of our mail, though, and I'd like word from home. My wife and I are expecting our first baby shortly, and I'd like to know how she is."

Coming Events

- "Mail your Files to Garbham Photo Studio, Charlottetown."
- "Provincial Plowing and Horse Show, September 27th and 28th."
- "Chicken Supper and Dance, Lot 66, Monday, September 18th."
- "Reserve Oct. 9th for Chicken Supper, Vernon River Hall."
- "Dance at Vernon River Hall, Monday, Sept. 18."
- "Supper and Dance, St. Theresa's, Monday, September 25th."
- "Regular Dance, East Royalty Rink Hall, Friday, Bus leaving B. Terminal 9:30 and 10:00."
- "See The Jolson Story, North Rustico Friday and Saturday 8:30 P. M."
- "Now in stock 'Handy Killer' for killing potato tops, Dillon & Spillet."
- "Remember Women's Institute Supper in Tryon Baptist Hall, September 20."
- "Pantry Sale at Moore & McLeod, Saturday, September 23rd, 2:30 P. M. Brackley Point Institute."
- "Rollo Bay Chicken Supper, Bazaar and Dance, Monday and Tuesday, September 18th and September 19th."
- "Pantry Sale at Moore & McLeod, Saturday, September 16th, 2:30 P. M. Mt. Albion Women's Institute."
- "Piddling, Step Dancing and Singing Contest, Cardigan Hall, Friday, September 15th. Dance after."
- "Pantry Sale, in aid of St. John's Altar Society, Frowse Bros., Ltd., at 2 P. M. Saturday, September 16th."
- "Sandy's Theatre Under the Stars — Shows every Wednesday and Friday nights. Car service, sandwiches and soft-drinks."
- "Unloading car of bulk wheat Friday and Saturday, 15th and 16th. \$3.40 each bag. We have also complete stock. Show-gain feeds. Free delivery on one ton or over lots for cash. Clark's Feed Service, Mt. Stewart."
- "Poultry — Buying live poultry weekly for American and Canadian Markets. Poultry weighed and paid for on farm. Contact Urban McQuaid, Central Street, Charlottetown before selling elsewhere. Phone—day 2525. Night 1681-14."
- "Coming to Morrell Hall, Friday and Saturday 'The Stratton Story' starring James Stewart, June Allyson. This is the true story of Monty Stratton who was on the way to fame and fortune when fate stepped in. It's also the story of that girl he met on a blind date. A wonderful story of romance and courage. You'll like it."

To Take Over Steel Industry Next Jan. 1

Showdown Vote May Result In New British Elections.

LONDON, Sept. 14 — (CP) — The Labor Government moved today to take over Britain's steel industry next Jan. 1 and thus brought on a parliamentary crisis which could end in Labor's downfall and new elections.

Quick to take up the challenge, Conservative leader Winston Churchill denounced the move as a "wanton and partisan act." He announced he would ask the House of Commons to censure the Government for taking the step "at this most critical period in our national safety and affairs abroad."

Prime Minister Attlee replied that Labor was merely "carrying

Commons Finishes Work; To Adjourn Until Feb. 14

OTTAWA, Sept. 14 — (CP) — The Commons, to all intents and purposes, today completed the work of its special emergency session.

Tomorrow 18 days after the opening of the session members will witness royal assent to some of the legislation passed and then will adjourn until Feb. 14.

The lengthy adjournment was opposed by George Drew, Progressive Conservative leader, as members tackled the last item of business on the order paper — the fixing of a date for calling the House back into session.

Mr. Drew moved that members be recalled by Nov. 15 at the latest. His motion was defeated by a voice vote. A motion by Prime Minister St. Laurent fixing Feb. 14 as the date for the next sitting was adopted "on division" — without a recorded vote. Mr. St. Laurent's motion made it clear that members will be recalled earlier if developments warrant such action.

Prior to dealing with the adjournment motion, members quickly passed four bills giving legal effect to the tax changes announced in last Tuesday's budget. They also passed a bill limiting the \$25-a-day sessional allowance payable to members to the number of days they have been in Ottawa. They will receive no allowance during the recess.

At the House's opening, Prime Minister St. Laurent said that if

Vancouver Man New President Of Canadian Legion

WINNIPEG, Sept. 14 — (CP) — Group Capt. Al Watts of Vancouver today was elected Dominion President of the Canadian Legion. He succeeds Lt.-Col. L. D. M. Baxter of Winnipeg.

Dr. C. B. Lumsden, Wolfville, N.S., was named first vice-president and J. K. Kennedy of Saint John second vice-president.

The Canadian Legion is planning a series of pilgrimages to European battlefields, naval bases, air force stations and cemeteries.

Winding up their 13th national convention, delegates here today approved a general outline of the proposed pilgrimages which may begin in 1951.

A committee will organize inclusive-priced tours for seven separate group movements. One will be for veterans and relatives of veterans of Dieppe (to be timed for the anniversary date).

Others will be for veterans and relatives of the landings in Normandy; landings in Sicily; Canadian achievements in France, Belgium, Holland, Germany's occupation; invasion and fighting in Italy; United Kingdom naval bases; scenes of R. C. A. F. operations in Europe.

The business session wound up with a debate on a distinctive Canadian flag, a bid from Quebec delegates for Legion approval of a flag they designed was defeated. A committee was to be set up to examine all designs submitted by branches.

Last item on the five-day program was the installation of officers by retiring president Lt.-Col. L. D. M. Baxter of Winnipeg.

Big 3 Agree Steps Needed To Boost Defence

NEW YORK, Sept. 14 — (AP) — The Big Three Foreign Ministers announced tonight that they agreed that immediate effective steps must be taken to strengthen the defences of the free world in Europe and in Asia.

These officials of the United States, Britain and France made their announcement in an interim communique issued at the end of three days of prolonged conversations.

They will resume their talks Monday after meetings of the North Atlantic Treaty Council.

Earlier today the Ministers decided upon a full discussion in the North Atlantic Council of the problem of recreating German military units.

Shakeup In Wake Of Windsor Police Probe

TORONTO, Sept. 14 — (CP) — Reorganization of Windsor's law administration was started today with the resignation of two police commissioners and the Ontario Government's retirement of Crown Attorney E. C. Awrey.

In a day of fast-breaking developments, the Government announced its acceptance of "gracious offers of resignation from two members of the three-man commission. Judge A. J. Gordon and Magistrate A. W. MacMillan believe their action will help speed reorganization of the police force in the border city of 120,000. Attorney-General Dupa Porter said in a statement.

The Government action came

"Dance, Caledonia Hall, Tuesday, September 19th. Good music."

"Rustico Junior Poultry Club Achievement Day, Tuesday, September 19th, 2 P. M. South Rustico Hall."

"See Al (Fussy) St. John in 'Stagecoach Outlaws' at Hunter River tonight at 8:30."

"Dance, French River Hall, Monday, September 18th. Dancing 9 till 1. Door prize."

"25 cents will treat you to the Auction Forty-fives party at the Charlottetown Hospital, Friday, September 15th. Cash prizes. Everyone welcome."

Ch'Town Building Site Now In Full Possession Of Dominion Government

OTTAWA, Sept. 14 — (Special) — Works Minister Fournier today told the House of Commons that the Federal Government is now full owner of the site of the proposed Federal building at Charlottetown and that his department will probably ask for tenders to have buildings on that site torn down.

Although pressed to make a more complete statement on the Charlottetown building by W. Chester S. McLure, Progressive Conservative member for Queen's, Mr. Fournier said he was not prepared to commit the Government any further than for the demolition of buildings now on the site. The Minister also indicated that plans for the structure which have been under preparation for some time past will be completed.

Only stumbling-block in the path of plans to complete the Charlottetown building, Mr. Fournier indicated, is the statement made by Finance Minister Abbott when presenting the "Korea Budget" last week, that the Federal building program will be sharply curtailed except for essential construction. "Many times" said Mr. Fournier, "I have read the statement by the Minister of Finance and I have looked over the file concerning the building at Charlottetown."

J. Lester Douglas, Liberal member for Queen's, is also pressing for an early start on the building. He has been informed by the Public Works Department that the Treasury Board has not as yet completed its survey of works projects with a view of cutting down those which they decide will be in the "non-essential" class.

Both Mr. Douglas and Mr. McLure say they have arguments which they feel sure will influence both Mr. Fournier and other members of the Cabinet to sanction the Charlottetown building without delay.

No Trace Of Missing Vessel

HALIFAX, Sept. 14 — (CP) — No success was reported tonight after an all-day search off southwestern Nova Scotia for a missing boat with five men aboard unheard from since Tuesday's hurricane.

The 50-foot swordfishing craft Sir Echo, out of Wood's Harbor, N. S., was one of four fishing in the area. Two others made port with their crew members safe but slightly injured and the other was brought in under tow.

An air search will continue tomorrow and rescue vessels, including two United States Coast Guard cutters, are still in the area.

Probe Possible Sabotage Case

LONDON, Sept. 14 — (Reuters) — The Admiralty tonight investigated possible attempted sabotage in the 14,000-ton light fleet aircraft carrier Vengeance. A small quantity of sand was found in the ship's lubricating machinery, an Admiralty spokesman said.

Shane Alexander Returns To School

MONTREAL, Sept. 14 — (CP) — Shane Alexander, son of Canada's Governor-General, will be among passengers sailing from here tomorrow aboard the Empress of Canada. He is returning to the United Kingdom to continue his schooling. Another passenger is Crawford Ferguson of Calgary, Rhodes scholar for Alberta.

Severe Prairie Frosts Cut Down Wheat Yield

OTTAWA, Sept. 14 — (CP) — Severe frost on the Prairies has reduced Canada's expected wheat harvest to 490,320,000 bushels from 544,000,000, the Bureau of Statistics reported today.

The spring wheat harvest, in the Bureau's second estimate of production, was placed at 460,531,000 bushels, down from the previous estimate of 508,000,000 bushels. Fall wheat was estimated at 29,789,000 bushels.

Oat production is estimated at 414,601,000 bushels, down slightly from the previous estimate of 433,063,000. Barley was placed at 179,000,000, down from 184,417,000; all rye 14,667,000, a decline from 15,367,000; flaxseed 4,911,000 down from 5,168,000.

The Bureau's second report of production is based on conditions prevailing on Aug. 31. The wheat crop is expected from a seeded area of 27,500,000 acres, yielding an average of 18.1 bushels per acre.

Declines in the second estimate resulted, said the Bureau, from severe frosts which struck Saskatchewan and to a lesser extent, Alberta and Manitoba. Wind and rain storms in some sections of the Prairies and snow in the Peace River area also contributed.

The 1950 wheat crop is 123,000,000 above 1949 output and 96,000,000 above the 10-year (1940-49) average of 394,000,000.

Dry peas production is placed at 836,000 bushels, against last year's 896,000; dry beans, 1,349,000, against 1,766,000. Acreage seeded to both crops in 1950 were below 1949 levels.

Allied Ships In Daring Action In Korea

TOKYO, Sept. 15 — (Friday) — (AP) — Daring Allied naval snelling of both coasts of Korea, with accent on the west, coincided Thursday with American promises of an offensive against the North Koreans.

(Reuters News Agency quoted Gen. MacArthur as saying that American Superfortress bombers have "just about completed" the job of cutting off Communist front-line forces from their supply sources in the north. Air Force headquarters reported that 24,000 tons of bombs had been dropped on Communist positions, communications and war plants up to two days ago, Reuters said.)

On the ground, a relatively quiet day was highlighted by United States troops recapturing three heights north of Taegu and Korean republic gains near the east end of the United Nations beach-head line.

A British brigade southwest of Taegu found it necessary to call for artillery fire in the rear of its line against North Korean pockets. British patrols operating with South Korean police cleaned up several groups of 30 to 50.

The U. S. Navy announced that British and American warship and carrier planes of task force 77 blasted military targets along 210 miles of the west coast Wednesday in the war's heaviest attack of the kind.

The joint smash concentrated at Incheon, the port of Seoul. Communist-conquered South Korean capital which is 22 miles inland.

Thursday a powerful American battleship showed the flag to the Communists off the east coast while one of its escorting destroyers shelled the Communist-captured port of Pohang.

May Prove Trump Card For PEI At Ottawa Talks

OTTAWA, Sept. 14 — (Special) — Rather than try to collect damages through the courts arising from the stoppage of the Prince Edward Island car-ferries during the railway strike, Premier J. Walter Jones will use the ferry incident as a trump card at the Dominion Provincial Conference which opens at Quebec on Monday, September 25.

This is the opinion of members of Parliament and officials now planning the agenda for the Quebec parley. Validity of bringing the issue before the conference is quite clear, they say, since the ferry problem is not only a matter of constitutional rights, but has an important financial aspect as well.

Members from P. E. I. constituencies have not been asked by the Premier to plead the cause of the ferries through Transport Minister Chretien, Justice Minister Garson or the Prime Minister. Nor are any willing to be quoted as to their opinion on the matter of the Premier's chances of success.

New Seedlings Show Remarkable Blight Resistance

New blight resistant potato seedlings, grown in approximately three acre amounts in each of the Province's three Counties, have shown remarkable resistance to late blight this year, it was learned Friday from Mr. S. P. Phipps, District Inspector, Seed potato Certification here.

None of the three fields have been affected by blight in the least, it was reported, while some nearby fields in all cases are showing the existence of blight.

The seedlings will be given further tests in Florida and in the Science Service green house this winter and if they stand up to the experiments they will probably be distributed for planting among the farmers next spring. The distribution will be made either through the Experimental Station or the Seed Potato Certification Office.

The potatoes are being grown on three farms. One is in West Prince near Alberton, another in Kings County near Montserrat and the third in Queens County near Charlottetown.

This will be good news to farmers whose potatoes are suffering blight damage this year. Yesterday Mr. C. E. Shaw stated that all indications now point to a crop of about 70 per cent that of last year on account of the blight. Some authorities estimate an even lower percentage.

Mr. Shaw pointed out that the sooner all tops were killed the less damage would be caused. However, if fine weather prevails he expects little further damage.

Small Hurricane Off Florida Coast

MIAMI, Sept. 14 — (CP) — A small hurricane in the Atlantic was moving west northwest today at about eight miles an hour.

The Miami Weather Bureau placed the storm's centre about 700 miles northeast of Puerto Rico and 1,500 miles east southeast of the Florida coast.

It had winds of hurricane force near the centre and gales extending outward 80 miles from the centre.

U. S. Ignored Warning Reds Planned Invasion

LAKE SUCCESS, N. Y., Sept. 14 — (AP) — The United Nations Korean Commission disclosed today that South Korea's intelligence chief warned it six weeks in advance that a Communist attack was imminent but that U. S. officials disagreed.

The disclosure was made in the 11-page annual report of the seven-country commission to the General Assembly.

The report held the North Korean regime completely to blame for the conflict and described the June 25 attack as an act of long-premeditated and unprovoked aggression.

Replying to Russian charges that it was the South Koreans who first advanced across the 38th parallel, the report said: "The Commission is unanimously of the opinion that no offensive could possibly have been launched across the parallel by the Republic of Korea."

The disparity between the views of U. S. and South Korean military intelligence dated back as far as last January, the report indicated. At that time, the Commission said, the chief of staff of the South Korean army reported the North Koreans had 175,000 men under arms and that it was

HALIFAX, Sept. 14 — (CP) — Official forecasts issued by the Dominion Public Weather Office at Halifax.

Thursday was a fine September day across the Maritimes and Eastern Quebec. Afternoon temperatures were in the 60s and winds were light.

The high pressure area responsible is moving eastward towards Newfoundland and a disturbance is approaching from the southwest. On Friday this disturbance will cause cloudy skies over most of the district and rain in Nova Scotia, Prince Edward Island, and Southern New Brunswick.

Regional forecasts, valid until midnight Friday.

Prince Edward Island — Intermittent rain Friday afternoon and evening. Little change in temperature. Light winds. Low early Friday morning and high in the afternoon at Charlottetown 44 and 62.

High tide today at 12:30 A. M. and 1:03 P. M.

Sun rises at 5:37 A. M. and sets at 6:26 P. M.
