For instance, last week we were seriously considering next winter. Yes, you're right—coal! We decided to fill our coal-bin while the lower summer prices are on—and, since we were a little short of ready cash, we went down to our branch of the BANK OF MONTREAL and arranged a coal loan. Our winter fuel problem's well licked now, and we're paying back our loan in ten easy instalments... in a way designed to help our budget. Why don't you free yourself from budget worry... see your neighbourhood B of M manager today about a low-cost Coal Loan!
