PROVINCIAL LEGISLATURE.

HOUSE OF ASSEMBLY.

MONDAY, March 25.

Hon. G. W. Bentley presented the report of the Commissioner of Public Works.

Hon. Mr. Sullivan submitted a bill entitled, "An Act respecting Petit Juries."

Hon. Mr. Sullivan submitted a bill entitled, "An Act to further amend an Act relating to lunatics and the custody of lunatics," which was read a first time and ordered to be read a second time to-morrow.

This bill provides that the medical superintendent may reside elsewhere than on the premises and that he shall not be paid a salary higher than $1250.

The bill respecting witnesses and evidence was further considered in committee, Mr. Shaw in the chair.

The bill respecting replevin was passed.

Hon. Mr. Ferguson submitted the report of the Provincial Exhibition Commissioners and the Commissioners of the Government Stock Farm.

Hon. Mr. Sullivan moved that the House go into committee of supply to-morrow.

House adjourned.

S. P. C. A.

A meeting, for the formation of a Society for the Prevention of Cruelty to Animals, was held in the Stipendiary Magistrate's Courtroom yesterday afternoon. Present, Revs. Fred. E. J. Lloyd, S. Weston-Jones, James Carruthers; Messrs. S. W. Crabbe, Theo. L. Chappelle, R. R. Fitzgerald, Frank Carter, Dr. Blanchard, A. D. McLeod, R. F. Irving, G. E. Hughes J. T. Mellish, T. H. Haviland, John McLeod, W. L. Cotton, R. K. Jost, and a number of ladies.

His Worship Mayor Haviland was elected Chairman, and Theo. L. Chapelle, Secretary.

The chairman offered a few remarks as to the advisability of forming a Society for the Prevention of Cruelty to Animals, and was followed by Prof. Mellish, who related the mode of working the S. P. C. A. in Halifax.

Rev. James Carruthers suggested that the Society proposed to be formed in this city be known as "The Society for the Prevention of Cruelty."

R. R. Fitzgerald thought matters would be simplified if the Society would consist of a President, Vice-President, with a paid prosecutor and paid Solicitor, together with an Executive Committee of five to carry out the provisions enacted in chapter 17 of Revised Criminal Laws of Canada.

Moved by Prof. Mellish, seconded by R. R. Fitzgerald,

Resolved, That a Society for the Prevention of Cruelty to animals be formed in this city.

Carried unanimously.

Moved by Rev. Fred. E. J. Lloyd, seconded by W. F. Carter,

Resolved, That a President, Vice-President, Secretary-Treasurer, Committee of five, a Prosecutor and Solicitor be the officers of the Society.

Carried unanimously.

Dr. Beer observed that as it would be necessary to pay the prosecutor appointed, it would be well to devise means for the payment of said official.

Moved by S. W. Crabbe and seconded by R. F. Irving, that every adult person contributing the sum of one dollar a year shall be a member of this Society.

Carried unanimously.

The officers elected are:—

President—Rev. Fred. E. J. Lloyd.
Vice-President—S. W. Crabbe.
Secy.-Treas.—Geo. E. Hughes.
Committee—Mrs. Kennedy, Miss Jenkins, Mrs. Strickland, Dr. Beer, Theo. L. Chappelle.
Solicitor—Prof. J. T. Mellish.

On motion of J. T. Mellish, seconded by Rev. J. Carruthers, it was

Resolved, That the President, Vice-President, Secretary-Treasurer and Committee of five be the Executive Committee of the Charlottetown S. P. C. A., and have full powers to do anything necessary to carry out the objects of the association, and to make by-laws necessary for the good government of the association.

Carried unanimously.

Enforcing Prohibition.

Kansas City has a population of over 40,000, and is the largest city of the Sunflower State. The city spends a million dollars a year in public improvements. More than one hundred saloons have been running openly in defiance of the laws. At a recent election public opinion took a turn. Joe Fife was elected prosecuting attorney. Joe is playing a funeral dirge to the saloonists. He caused 50 arrests for violation of the liquor laws. On Saturday, 16th inst., one of the prisoners was adjudged guilty on 22 accounts, fined $290 and sentenced to confinement for 660 days. On the following Tuesday 12 saloon-keepers voluntarily confessed guilt, creating a great sensation in the court room. They were assessed fines amounting to $6,000 and given from three to six months' imprisonment. The punishment was made light, with the understanding that the defendants would quit the whiskey business.

A New Method of Teaching Chemistry.

There may be more method than madness in the longing of the American student for a finishing course at a German university. At a recent discourse on chemistry, Prof. Heinrick Hoffman, of Berlin, illustrated the atomic constitution of organic compounds by the use of the ballet. Each girl was dressed in an individual solid color, and representing an atom, and the grouping and movements of the atoms is said to have been very effective. Chemistry has now become a very popular study, and the attendance at the lectures very full.

Boston Markets.

THURSDAY, March 21.

POTATOES.—Receipts for the past six days, 68,000 bushels; previous six days, 43,050 bushels. There is little if any change in the general condition of the market during the past week. Receipts have increased, but would be considered moderate under anything like the usual demand for this season of the year. Fancy Houlton Hebrons are in most demand, and are steady at 60c. Other Aroostook county Hebrons move slowly at 50 to 53c. Rose are generally quiet. Burbanks have a slow sale at about 35c.

EGGS.—Receipts for the week, 16 boxes, 252 bbls., 10,457 cases; last week, 4 boxes, 173 bbls., 13,211 cases. The market has been exceedingly dull all the week, with prices steadily declining. At the close, best western are offering freely at 13c., and extra eastern are not quotable at over 14c.

FISH.—Below are the quotations:

Mackerel, extra shore, per bbl	$25 00 @ 26 00
" No. 1	23 00 @ 24 00
" No. 2	22 00.....
" No. 3. large rimmed	19 00.....
" No. 3. plain	18 00 @ 18 50
" English	21 00.....
Canned Mackerel—	
1 lb tins, labelled ₱ doz	1 25 @ 1 35
Canned Lobsters—	
1 lb tins, labelled ₱ doz	1 55 @ 1 60

The Tide Has Turned.

(*Berlin News, March 21*)

It must be a source of great gratification to every true citizen of Canada to see that the great tide of immigration is now in the direction of our own North-west country. Train after train, loaded down with intending settlers, is rushed into that great and promising country. The prosperity of the people north of the 49th parallel for some years past has created a great rush, if not a boom up there. But such a boom on paper as that country passed through in '82 is in no danger of repetition. This is one of the right kind, made up as it is by genuine settlers—not speculators. Yesterday two trains with 35 car loads of people and effects passed here over the Grand Truuk, on the way to North Bay, where the C. P. R. is struck. We are much pleased to see that North-west Canada is now considered by all well to do and intelligent immigrants as the most desirable country to settle in.

A Country of Small Things.

Japan, said Mr. Frank G. Carpenter, is a country of the little. "The men here are from five feet to five feet five inches high, and the women are smaller. Notwithstanding the fact that they raise themselves three inches off the ground on their wooden sandals, I am continually looking down at them, and a fair sized American girl towers above them like an Amazon. Japanese trees are dwarfed, and, in fact, all nature seems to be made on the six by nine plan. The chickens are nearly all bantams, and the cats, with their bob-tails, look like kittens compared with our American tommies, and the horses are ponies. The houses of the common people are but one story, and the rooms look like children's play houses. The country, though as big as several States, is full of picturesque scenery, but it is the pretty rather than the grand, and you have beautiful bits rather than sublime landscapes. It is the same with everything. If I ask for a cup of tea at a little way-side tea-house, it is handed to me in a little piece of shell-like China, no bigger than an egg-cup, and the little Japanese beauty goes down on her knees when she brings it."

How To Succeed.

Boys, the world is wide, and its owner is God. If you wish to be somebody, "work." The brave always have friends. If the old track don't suit, make a new one, somebody will walk in it. Success is never obtained in a country like this, without an effort. If you fail once, try it again—if you fall down, get up again—if it is dark, strike a light—if you are in the shade, move around, for if there is shade on one side, there is sunshine on the other. Take time—don't hurry too fast. Go slow, especially till you know the road, or become acquainted with your team. Mind your own business, leaving the question of reward, life, happiness and heaven with God. This is a queer world; many people are watching us, and help often comes when and from whom we least expect. Confidence is the safe in which men often deposit rich treasures; and as you prove worthy, so will your reward of success be. There is a rich reward in success, which none but those who strive can ever enjoy.

About Advertising.

An advertisement is a silent drummer.

Undertakers cannot constantly do more than a moderate amount of advertising.

There has never been invented an advertising substitute for the newspaper, all else is supplementary.

To take the advertisement out of the paper during the so called dull times is about as bad as to stop feeding the horse because the present weather is unsuitable for using him.

An advertiser has no more right to beat down the advertising rates quoted him by his publisher than has the publisher a right to demand discounts on flour or dress goods.

DIED.

At Mount Herbert, Lot 48, on the 25th March, Helen Lawson, in the 97th year of her age.

At Georgetown, on the 19th March, Gilbert Hession, a native of Cong, County Mayo, Ireland, in the 92nd year of his age. R. I. P.

At Cardigan Bridge, on the 22nd March, Mrs. John McCormack. R. I. P.

At the same place, on the same day, Mrs. Neil McSwain, in the 24th year of her age. R. I. P.

Local and Other Items.

SICKNESS.—A great deal of sickness is reported from all parts of the country.

THE STANLEY arrived in Pictou from Georgetown shortly before ten o'clock this forenoon.

Admitted by everyone who has seen the stock of gentlemen's felt hats to be the best value in town. Get one at J. B. Macdonald's.

SUDDEN DEATH.—Mr. Nathanial Gayton dropped dead at Newcastle, N. B., on Sunday morning. He was seventy-one years of age.

A gray beard on a man under 50 makes him look older than he is. The best die to color brown or black is Buckingham's Dye for the Whiskers.

THE FEVER.—The board of health have placarded 25 houses in St. John, and in some instances the infested houses contain more than one patient, so that the cases of fever are quite numerous.

For purifiying the blood, stimulating the appetite, and invigorating the system in the Spring and early Summer, Ayer's Sarsaparilla is unsurpassed. Be sure you get Ayer's Sarsaparilla and no other, else the result may be anything but satisfactory.

THE WHARF INJURED.—The steamer Halifax reached Halifax from Boston on Sunday night. When reversing near her dock, the engine caught on the centre, causing the steamer to collide with the head of the wharf, tearing a portion of it away.

IS THIS SO?—James McKay, Esq., Riverton, N. S., has a young colt sired by Jamie the Laird, and out of his imported mare Lily, that tips the scales at 1165 pounds. He is without exception the finest young Clydesdale in the Maritime Provinces.—*New Glasgow Chronicle.*

SAD NEWS.—Mr. and Mrs. Lemay, of St. Jerome, Que., have had a son absent from home for several years. A few days ago this son telegraphed from Wisconsin as follows: "Am in prison, send or bring $200." Wiring jailor for details that official sent back the following: "Your son is accused of murder."

COMPRESSED COD.—A Halifax company, with a capital stock of $50,000, is now engaged in preparing steam compressed codfish for the market. A patent process is owned by the company, and already the demand is said to exceed the supply. The fish is shredded and compressed by machinery and will keep any length of time.

THE OLDEST YET.—An exchange reports that Mrs. Emma Gatewood (colored,) has just died at Scottdale, Pa., aged 117. She was the mother of 11 children, all except one living, and over 50 years of age; grandmother of 46 children, and great grandmother of 36 children. She was born in Virginia and was a slave a great number of years.

NEWSPAPERS IN 1889.—From the edition of Geo. P. Rowell & Co's. "American Newspaper Directory," published April 1st (its twenty-first year), it appears that the newspapers and periodicals of all kinds issued in the United States and Canada now number 17,107, showing a gain of 797 during the last twelve months, and of 7,882 in ten years.

DANGEROUS.—A gentleman passing up Queen street to-day reports that a large board fell away from the roof over the store lately occupied by Mr. C. P. Fletcher, and smashed to pieces on the ground. Fortunately, no one was under at the time or a death would certainly have been the result. Such a condition of affairs calls for prompt action on the part of the owner of this property, and our civic authorities should see that the wood work is made secure.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain; and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind. [April 1 '88

CELEBRATED GARDENS.—The celebrated "Hanging Gardens of Babylon" were within the precincts of the palace called the Admiration of Mankind." They consisted of gardens of trees and flowers on the topmost of a series of arches 75 feet high, and built in the form of a square, each side of which measured 400 Greek feet. The city of Babylon, with its famous gardens, was razed to its foundation 600 B. C. Two thousand five hundred and seventy-nine years later we find the celebrated gardens of James Vick in Rochester, New York. For description, catalogue of seeds, advice how to obtain free a copy of Vick's Floral Guide and also of the famous new rose, called "Vick's Caprice," address JAS. VICK, Seedsman, Rochester, N. Y.

A BAD CASE.—A man living in the suburbs of Cincinnati went into a store one night recently to make a few purchases. The only light in the store was a candle standing on the counter near the money drawer. After making his purchases he handed the proprietor a bill, and after returning him the change the proprietor walked to the rear of the store to arrange something, when suddeny he was left in the dark. He started toward the counter, and, groping around it found, not the candle, but the change. It struck him then that probably the man, in a fit of absent-mindedness, had taken the candle instead of his change. He started out after him, saw that he had the bundle in one hand and the candle in the other. After apoligising for the mistake the stranger took his change and gave back the candle.

Ladies are respectfully invited to look at the fine stock of ladies' boots, now opened at the Dominion Boot and Shoe Store.
