UPEI Host Family Program

This year at UPEI a unique opportunity exists for international students.

The UPEI Christian Fellowship group along with the International Student Advisor and Student Services, is sponsoring a program whereby students from other countries studying at UPEI can be matched up with a PEI family in order to experience Canadian customs and, more importantly, friendship.

Being a foreign student in Canada is not always easy, and many foreign students here undergo "Culture shock" or periods of loneliness being away from relatives and friends. The completely new surroundings, language difficulties, and strange social customs can make life in Canada very intimidating.

Through this program we would like to put international students in touch with some Canadian families who are interested in opening their homes to you. It will involve going to the family's home, perhaps once a month, for a meal, to go to some event, or just to spend a quiet evening away from the craziness of university life. This is a great way for internationals to see how Canadians live and for them to learn more about you and your country. Even more importantly it is a chance for friendship.

If you are an international student, whether new to Canada this year or in your last year of university here, and would be interested in taking part in this program you can leave your name with Student Services located in the library, or phone Anne Irving at 566-4085.

Engineers are Back!

We're back again for another year of partying and prank-pulling. With Denton Moffatt as President, the University will no longer be safe from us, and with Dwayne Doucette at his side as VP, the good times will always roll. Coin control is being handled by Richard MacLean, and this year's Secretary is Steve Ramsay.

The society would like to take this opportunity to welcome all new and returning students to UPEI, and would like to extend an invitation for anyone to come

and be part of our meetings. Anyone who is interested in learning the most noble art of partying will be sure to keep an ear open for what we have planned for this year. Our pubs are, as far as we're concerned, the best on campus, and we hope to make them even better.

There will never be a dull moment when we are around. If you are interested in finding out more, drop down to the basement of Duffy and find out what's going on, and how you can become a part of it.

Greetings from Psychology

Welcome back Psych majors! I hope everyone had a great summer. We've got some terrific new activities planned for the Psychology Club this year, so let's see lots of participation. The Psych Club gives you a chance to meet new people and get involved in campus activities. Watch the Gem for more information on our first meeting, which will be held in the Psychology lounge in the

basement of Memorial. We hope to see you all there!

Sheri McGill,
President Psych Club.
