- Balance on easy terms

• **IMPERIAL "LOYALIST"**

Imperial Loyalists recreates the skilled cabinet-making and sturdy construction of our Canadian pioneers, the grace and charm of early colonial days, and meets the assignment of blending all these to the requirements of modern living. It is truly the "Canadian Traditional" furniture of today. Imperial Loyalist features "Everdur" baked resin finish which is available only on Imperial furniture. This finish is more resistant and more beautiful than any other furniture finish. See this and the many other wonderful features incorporated in the exquisite Loyalist line. There is a Loyalist group for every room in your home.

• **IMPERIAL "CANADA LINE"**

"The Canada Line" is a group of lower priced Early Canadian designs, ideally suited for the most modest budget. Detailed more simply than comparable "Imperial" Loyalist pieces, they express their own full measure of Colonial charm. There is a Canada Line group for every room in your home.

• **IMPERIAL "CONTEMPORARY"**

Imperial Contemporary furniture is completely adaptable to any interior. Its finishes blend superbly with today's decorating colors and their clear depth accentuate the natural beauty of the wood grain. Its design reflects careful thinking and planning to provide beauty and comfort together with lightness and durability, all at modest cost. Contemporary, as well as Loyalist and Canada Line, are made from the finest Canadian hard yellow birch available, thus insuring perfection in construction as well as in design.

Imperial Contemporary is available in a choice of four beautiful colors and features famous Everdur baked resin finish. Everdur plastic laminated tops are harder and more resistant to denting and cigarette burns than any other wood material. . . . this material is standard on some pieces and optional at slight extra cost on others. See the complete "Imperial Lines" now on display at HOLMAN'S.
