The Delineator for November

In the November issue The Delineator sustains its recognized position as the foremost fashion publication and one of the high-class literary magazines. Excellent reading and refined art supplement the display of Winter fashions, which are more charming than any previous time. In fiction there is the second installment of the Evolution of a Club Woman, the bold narrative of a woman's experiences in club-dom, purporting to be fact; a clever short story by William MacLeod Raine, entitled An Unpremeditated Engagement; An Interrupted Honeymoon, by Lillie Hamilton French, a pathetic incident of a little Yorkshire terrier; and a Western story by Minna C. Smith. In the second of his remarkable photographic articles, J. C. Hemment relates some of his thrilling adventures with the camera. N. Hudson Moore has a strikingly-illustrated paper on Chrysanthemums, and in the "Miladi" paper Clara E. Laughlin writes of Conflicting Tendencies in early married life. A House Small but Artistic is pictured and described by Alice M. Kellogg, and in "Carlotta and I" Miles Bradford tells the story of an old-fashioned Thanksgiving. For the children, there is a Firelight Story, by Livingston B. Morse; entertaining Pastimes, by Lina Beard, describing the construction of the Statue of Zeus at Olympia; an amusing story by C. V. C. Matthews, called We Meet Monsieur Daguerre, and a Sewing Lesson. In addition there are numerous articles by experts treating problems of the home and household.

Si celui qui a emporté mon levier [crow-bar] de chez Joseph M. Chiasson, il y a quelque temps, ne le remet pas où il l'a pris, s'exposera à des dépenses et à des inconvénients qui ne tourneront pas à son honneur. A moins qu'il se conforme à cet avis, je le persécute. J. le connais.

HEADACHE

Makes Life Miserable HEART DISEASE CAUSED BY SO CALLED HEADACHE CURES

A VEGETABLE REMEDY DISCOVERED CALLED ZUTOO TABLETS WHICH CURES WITHOUT INJURY

There is likely no ailment to-day so common as headache, and it is getting more common as the years go by. While the disease is not dangerous, it incapacitates anyone from work or pleasure while subject to it, and is the cause of much suffering. There are different kinds of ache, but most of them will come under the head of nervous or bilious, commonly called sick headache. With some persons a headache is a common occurrence, to others it is occasional. Several so-called cures are being offered for sale, which seek to relieve the pain by means of opium, morphine or other drugs, which, while they may relieve the headache, will, if continued, assuredly affect the heart. Many a person is walking our streets to-day with a weak, palpitating heart, who acquired the disease by the use of so-called HEADACHE CURES.

Others accepted the warning which the first symptoms of heart disease gave them, desisted from their use, and are patiently putting up with the pain in the head.

Thanks, however, to the strides medical science has made of late, this is now no longer necessary, for a vegetable remedy, in use by the Japanese for headache, was recently discovered by a traveller in that country, who brought the prescription home with him. This was first submitted to Specialists on this continent, who, after a thorough trial, declared it to be more effective, and quicker in its action, than any of the drug remedies on the market. The formula is now compounded in tablet form, called Zutoo Tablets (Japanese Headache Cure). The remedy has had a remarkable sale since its introduction. For example, Councillor F. W. D. Melloon, of Rock Island, speaking of these Tablets in the Stanstead Journal, says:—"They are practically the only headache remedy now called for, and the demand for them is always increasing. They are well spoken of by purchasers, and the same people, after they have tried them, continue to buy them, proving that they have MERIT.

This bears out the pretention of the manufacturers concerning Zutoo Tablets—"once tried, always used."

There are two reasons for this pretension. First, Zutoo Tablets will cure any headache—nervous, bilious, or otherwise—in 30 minutes. Testimonials by the hundred put this statement beyond doubt. But opium, morphine, and other poisonous drugs can be taken in sufficient quantities to do the same thing, although they cure the head at the expense of the heart. Therefore the second claim for Zutoo Tablets is as important as the first, viz.: they do not affect the heart, and may be used indefinitely by the most delicate person, without any harmful results. They are, perhaps, taken more largely by delicate women, who suffer from Sick Headache, and could not take the usual remedies, than by men. Until these Tablets were introduced they suffered without a remedy. Now many women in poor health, who suffer greatly during Menstruation, are taking these Tablets with excellent results. Pain and Zutoo Tablets cannot exist anywhere in the body at the same time. From those who have tried them come testimonials daily that they could not get along without them. They are getting to be recognized as a necessary adjunct of the home and office.

The Compton County Chronicle, published at Cookshire, pays the following compliment to the remedy:—"Zutoo Tablets are having a large sale in Cookshire and vicinity, and are giving very satisfactory results. The editor keeps a box in his desk, and can testify from personal experience that they will do what is claimed for them; that is, cure a headache in 30 minutes."

It is because the remedy will do what is claimed for it; that is, cure a headache in 30 minutes, and still leave no harmful effect behind, that it is replacing all the old-time remedies on the market. People, who have taken these remedies at the risk of the heart, prefer Zutoo Tablets, which will cure even more quickly, and not affect the heart, while those who have suffered the misery of headaches in the past rather than take injurious drugs, welcome with delight a remedy which even a child can take with perfect impunity.

Mrs. L. D. Griffen, of Martinville, Que., after telling how one tablet always stops a severe headache in 20 minutes, says:—"I do not have that dizzy feeling as is always the case after taking other Headache Cures." This woman would have had a permanent affection of the heart if she had continued to use the ordinary drug remedies.

Mr. N. W. Thomas, a director of the Eastern Townships Bank, writes of Zutoo Tablets, saying:—"I do not hesitate to recommend them as the best remedy on the market for headache." This gentleman at one time was suffering from a severe headache, and took five Zutoo Tablets at once. He lost these Tablets by so doing, as two are all that are ever required, but if he had taken a similar dose of some of the other drug headache cures he might have lost his life. Letters after letters are sent to the manufacturers by people filled with gratitude at having discovered a sure remedy for sick and other kinds of headache that will leave no bad effects behind.

Zutoo Tablets are manufactured by the same firm as Kimo Tablets, the great Japanese Cure for Rheumatism and Diseases of the Blood, which is also having an immense sale through the country. Zutoo Tablets cost 25 cents, Kimo Tablets 50 cents, at druggists, or by mail, prepaid from the manufacturers, B. N. Robinson & Co., Coaticook, Que., Canada.
