ENGAGEMENT.—Mr. and Mrs. Ivy MacKenzie, St. Peter's Bay, P. E. I., wish to announce the engagement of their daughter Eileen Pearl to William Lawson, son of Mr. and Mrs. Hedley Jenkins, Mt. Albion. Marriage will take place June 30th.

Potato Bulletin

The first weekly bulletin to be published this season has been prepared by the Science Service Laboratory, Charlottetown.

Because backward weather has delayed potato planting, many seed potato growers have neglected to apply for inspection of their fields. Growers who have not yet made application for inspection are urged to file their application forms with the Seed Potato Certificate Office as soon as possible.

Note: This paragraph applies to Prince Edward Island only.

It has been deemed advisable to inspect all fields of table potatoes, and growers are therefore advised to procure application forms from the inspector of their districts, or from the Fruit and Vegetable Branch, P.O. Box 202, Charlottetown. The completed forms should be returned to the Provincial Department of Agriculture.

In planting potatoes it is not advisable to cover the sets too deeply, particularly when the soil is cold and damp. A light covering of soil will permit an earlier emergence and a better establishment of the young plants, and weed control by subsequent hilling is more easily accomplished. Under the cool weather conditions that now prevail, the weeds will develop much more rapidly than the potato plants, and cultivation for weed control should begin as soon as the young plants are clearly defined in the drills.

Think Nations Can Be Knocked Out By Air

TORONTO (CP)—Dr. O. M. Solandt, chairman of the defence research board, said Wednesday he is convinced it is technically possible to reduce a modern industrial nation to complete ineffectiveness by air attack alone.

Speaking at the University of Toronto convocation after receiving an honorary doctorate of laws, Dr. Solandt said:

"The atomic bomb as first used at Hiroshima and Nagasaki did not produce destruction beyond the limits of previous experience. Its distinctive feature was that this destruction could be achieved in seconds instead of hours and by a single bomber instead of by hundreds of bombers.

"However... a hydrogen bomb would produce an area of devastation far beyond anything that has previously been witnessed.

"I doubt if the ordinary citizen yet realizes that the atomic revolution that we have learned about in 1945 is more important than the one we learned about in 1945."

Seven Women Doctors Honored

VANCOUVER (CP)—Seven outstanding Canadian women doctors were awarded life memberships Wednesday in the Federation of Medical Women of Canada.

The awards, announced by retiring FMWC president Dr. Marjorie Bennett of Winnipeg, went to three doctors in Nova Scotia, three from Toronto and one from Vancouver.

Honored were Dr. Margaret Wallace, a retired medical missionary residing in Vancouver and the only life member on hand to receive the award personally.

Others were Dr. Rowena Hume, Dr. Jennie Smillie Robertson and Dr. Minerva Reid, all of Toronto, and Dr. Jeannie MacKenzie, Dr. Grace Rice and Dr. Jane Heartz-Bell, all of Nova Scotia.

The life memberships are the first awarded by the federation since it was organized in 1924 as an affiliate of the British Federation of Medical Women.

Card Of Thanks

I wish to thank Dr. Sweeney, Clergy, Sisters, Special Nurses, and Nurses of the Charlottetown Hospital; also Southport Women's Institute and all friends who so kindly sent flowers, treats, letters and cards during my illness in the Charlottetown Hospital and during my convalescence.

Mrs. Ambrose Duffy, Southport.

NOTICE

Brethren of Mt. Zion Lodge No. 12 A.F. & A.M. are requested to meet at the lodge room Friday, June 18th at 1:00 p.m. to attend the funeral of Brother J. B. Millman.

By order of Worshipful Master.

S. L. CASELEY, Secretary.

Damages Action In Supreme Court

The first civil jury trial of the present session of the Queen's County Assizes was heard yesterday before Mr. Justice M. R. MacGuigan of the Supreme Court. It was an action for damages of \$1,500 for loss of time and suffering resulting from an accident.

The plaintiff in the case was Mr. P. E. Palmer and the defendant Mr. Martin Hawbolt. The accident occurred in January 1953 when the plaintiff left an automobile at the corner of Euston and Prince street and started across the intersection on Upper Prince street. He was knocked down after colliding with the defendant's car and later was confined to hospital.

Appearing for the plaintiff are Messrs James Haslem and J. O. C. Campbell, Q.C.; while Mr. R. R. Bell, Q.C., and Mr. Gerald Foster are representing the defendant. Members of the jury are Messrs. William Waddell, F. Harvey, F. MacLean, John Cameron, S. Hyde, G. Hyde and Ivan MacNevin. Mr. Waddell is the foreman.

Several witnesses were heard yesterday and questioning will be continued today when Court resumes at 10:30 this morning.

Howe Praises Initiative Of Private Industry

MONTREAL (CP)—Production Minister Howe, officially opening a new plant of Canadian Aviation Electronics, Limited, Wednesday, described it as a further example of the imagination and initiative of private industry in this country.

Such new, modern plants "are giving Canada the capacity to manufacture more and more types of complicated electronic equipment."

"I think it goes without saying that we are merely at the beginning of a tremendous development in this field of electronics. The requirements of the armed services call for electronics in almost all types of defence equipment. Private industry will be demanding even more intricate types of electronic equipment as it aims for a higher degree of automatic control of production processes. And the Canadian consumer can be expected to want an increasing number and variety of electronic items."

DIFFERENT VIEWS

He said the Canadian consumer sees the expansion of the industry in the form of television sets. Industry sees in it the form of complicated computers and production control systems. The armed forces see it in the form of military equipment ranging from radar sets to flight simulators.

Mr. Howe noted it is only seven years since CAE was founded by a small group of former service personnel.

The company began as a three-employee operation in the corner of an unused hangar. Now it was a nation-wide organization of 1,300 employees. The new plant of 130,000 sq. ft. is a landmark.

CHARTER PLANES

TORONTO (CP)—A group of 130 employees of the A. V. Roe Company in Malton have hired two transatlantic planes to go to Britain for their holidays. Most of the group were born and raised in England, and plan to visit their old homes.

IN MEMORIAM

In loving memory of MRS. GEORGE S. LARTER departed this life June 17th, 1944. Always Remembered by her Family.

IN MEMORIAM

ARNOLD—In loving memory of a dear husband and daddy, Wilson H. Arnold, who was drowned June 17th, 1947.

He is gone but not forgotten. As it dawns another year, In our lonely hours of thinking, Thoughts of him are always near.

Days of sadness will come o'er us, Friends may think the wound is healed, But they little know the sorrow That lies within our hearts concealed.

Time speeds on, seven years have passed, Since death its gloom, its shadow cast Within our home, where all seemed bright And took from us a shining light.

We miss that light and ever will, His vacant place there is none to fill. Down here we mourn, but not in vain For up in Heaven we will meet again.

Lovingly Remembered by his Wife Alice, four Daughters and one Son.

ST. CROIX VALLEY

STEAMED BROWN BREAD

Flavorful Maritime-made Steamed Brown Bread is a charming companion for St. Croix Oven-Baked Beans. It also makes a delicious steamed pudding. Heat, slice and serve with your favorite sauce.

Waiter Arraigned On Robbery Charge

QUEBEC (CP)—Gaston Morin, a 20-year-old Montreal night club waiter, was arraigned in court Wednesday on a charge of attempted robbery of a Caisse Populaire bank (Credit Union) in which an alleged accomplice was killed.

Morin, the object of a search since the attempted holdup at Bienville June 3, was arrested Saturday at Stratford, Ont. Maurice Fradette, 19, also of Montreal, was killed in a struggle with cashier Jean-Paul Samson during the abortive holdup.

Morin entered no plea but chose trial by jury and was remanded for preliminary inquiry June 23.

ARREST FORMER SENATOR

HAVANA (AP)—Cuba's military intelligence service Monday night announced the arrest of former senator Juan Marinello, president of the Popular Socialist party of Cuba, on charges of anti-democratic activities. Official sources said the police are rounding up others in a drive against Communists and Communist sympathizers.

TO THE CITIZENS OF CHARLOTTETOWN

The following resolution was passed at the May meeting of the City Council—"RESOLVED that from and after midnight of the 20th day of June, 1954 to midnight of the 25th day of September 1954, Daylight Saving time being one hour in advance of legal time shall be in effect in the City of Charlottetown.

This resolution was passed by the Council for the sole purpose of allowing our City dwellers who are through their occupations forced to work indoors during the greater portion of our year one extra hour of sunshine for the short period of our summer months. It is my earnest wish that all our citizens will co-operate in this endeavour. Needless to say, without your full co-operation, only confusion can result, and there will be no alternative but to rescind the above resolution and revert to Standard time, but I am quite sure that you all realize that success in this regard can be achieved by your full co-operation, resulting in one extra hour of sunshine for all of our urban dwellers with the resulting benefits in good health to all concerned.

This move is not made with any intention of contravening our Provincial Act with reference to time, but with the sole purpose of giving to all of our citizens a little longer evening during the coming summer months to enjoy themselves in our lovely outdoors.

J. DAVID STEWART, Mayor.
