Dal business school

A representative from the Dalhousie Business School will be on campus on Nov. 22 to talk to graduates who are interested in entering the M.B.A. or M.B.A./LL.B. program at Dalhousie University. Appointment for interview can be made at the Placement Office, Room 102 Main.

COED Dormitories

According to Dr. Elizabeth Aub Reid, a psychiatrist at Harvard University, who has compared the dormitory life of women living in one-sex dormitories with those in coed residences, women in the latter form more relationships with men, ranging from acquaintance to platonic friendships to love, than their counterparts in all-women dormitories. They become more comfortable in the presence of

men, benefit from having both men and women on whom to test out their preconceived ideas of what is womanly or manly, and as a result tend to abandon stereo-typed notions. They also seem to respect themselves and other women more, and to be pleased at having women friends.
