Railway Changes Announced For Accounting Departments

T. J. GRACEY

T. H. COOPER

MONTREAL, Oct. 6 — Changes in the Accounting Department of Canadian National Railways effective immediately were announced today by Donald Gordon, chairman and president. The changes are of an organizational nature and are part of a plan looking to the future personnel requirements of the Department. T. H. Cooper, formerly vice-president and comptroller, will continue as vice-president. In addition to having general supervision over the Accounting Department, he will undertake such special duties as may be assigned to him from time to time by the president. T. J. Gracey, heretofore assistant comptroller, succeeds Mr. Cooper as comptroller.

FOR POSTERITY

REGINA — (CP) — This year's Saskatchewan Roughriders and Calgary Stampeders may be "saved" for posterity. Regina youth centre students hope to make plaster figurines of the players on both football teams before the end of the season.

New Amherst Plant Started

AMHERST, Oct. 5 — It was announced here by N. A. Hesler, president and managing director of Enamel and Heating Products Ltd., that the Amherst plant of the Canadian Car and Foundry Co. Ltd., has been purchased by Enamel and Heating Products Ltd., effective last Saturday. A new company, to be known as Atlantic Industries Ltd., has been formed under a Nova Scotia charter and will operate as a wholly owned subsidiary of Enamel and Heating Products Ltd.

The new company has been in close touch with Hon. W. T. Dauphinee, minister of trade and industry for Nova Scotia, during the negotiations for purchasing with the intention of expanding the operations in Amherst in a manner which will assist other local industries by providing a convenient source for the supply of stampings, enamelled parts and such components.

Officers of the new company are N. T. Avaré, president, Amherst; vice president and managing director, N. A. Hesler, and secretary-treasurer, A. R. French. The board of directors is made up of executives of Enamel and Heating Products Ltd., and consists of the following: N. T. Avaré, N. A. Hesler, A. R. French, F. R. Rankin, H. Goldstein, T. F. Kennedy and R. J. Hester.

For the present, activities of the new company will be confined to the operation of the rolling mill producing reinforcing bars and the car wheel foundry which produces car wheels for the railways of Canada. Additional lines allied with the products already being produced by the parent company will probably be manufactured by Atlantic Industries Ltd. for Enamel and Heating in the near future as Mr. Hesler stated that one of the main reasons for the purchase of this plant was the need for more manufacturing space to meet the expanding operations of the firm.

Jet Pilot Is Killed In Crash

MONTREAL, Oct. 5 — (CP) — An R.C.A.F. Vampire jet fighter from No. 410 R.C.A.F. Fighter Squadron, Montreal, crashed near St. Julie de Vevesheres and the pilot, FO. Montague James Stewart Clow of Scarborough, Ont., was killed.

The R.C.A.F. said the plane was on a routine training flight. The crash was about 1 p.m. Cause of the crash was not immediately known. A court of inquiry has been set up.

Pops! Classics! Standards!

YOU CAN ENJOY THEM ALL ON
