EARNSLIFFE NOTES.

The man who wants this universe, Is, every time, a Grit, He wants to change our planet, boys, Into a boodle pit. Misses Ada and Emma Beers arrived home last week from Franklin Mass, for their summer holidays. Dr. Robert Duncan, M. D., of Montanna, paid his sister, Mrs. Wellington Young, a pleasant visit last Saturday. Dr. Duncan is one of our successful Islanders abroad who has been enabled by his skill and untiring energy to attain a high and honorable position in his profession in Uncle Sam's domains in the west. The traveling public will be glad to learn that Mr. James P Irving has been appointed overseer for the northern part of the western Earncliffe road, as under this gentleman's careful supervision this road will be kept in first-class order.

The Government spent \$57.50 for repairing McEachern's bridge last fall. This spring it had to be repaired over again. It was like Laurier, it did not "stay fixed" long. There will be a lot of white barns in China Point this summer, as some of our friends intend investing some of Farquharson's 1899 "blood money" in whitewash. The Grits spent, last year, in keeping the roads and bridges in China Point in "good" repair, one whole dollar!

Mr. David Young is very ill. Mr. John McKinnon has been appointed as another one of our efficient overseers. Mr. Daniel McDearmid has got quite well again. The government's scheme in stopping work on the railway is very transparent. They dare not finish this ten mile contract before the election, if they did it would spoil their plans for fooling the people. Tarte and Lou forget the truth contained in the saying that "you can fool all the people some of the time and some of the people all of the time; but you can fool all of the people all of the time." Intending visitors to Earncliffe will be pleased to hear that the notorious bridge at Judson's creek has been repaired again. This last time however the work was done by James P Irving whose reputation for skilful manipulation of road and bridge making material is a sufficient guarantee that Judson's bridge is safe now.

One of our boys calls his best girl "silence", because when he wants a kiss "silence" gives consent. And after a course of special pleading this is welcome no doubt. But how times have changed since many of us old men were boys. Then, when any of us wished to indulge in osculatory exercises we did not have to go through a course of law to obtain permission to do so; we simply—well, you know! The fruit trees are all out in bloom, and present a beautiful appearance. The city people have a great many advantages that are not available to the country folks; but this is one of the times when the country people feel that their city cousins do not possess a monopoly of all the good things in life.

MURRAY HARBOR NOTES.

The farmers generally, in this section, have finished cropping,—with the exception of a few late turnips, etc. Mr. Lorne Prowse, son of Mr. I. R. Prowse, arrived home from Charlottetown on Friday. He has been attending P. W. College. Mr. A. P. Prowse, M. L. A., arrived home from Charlottetown on Saturday night. Mrs. H. A. McMillan and son, of Woodville, are spending a few days with relatives in this village. Mr. W. H. Prowse is having his dwelling house repaired. Mrs. W. H. Prowse arrived home from Pictou on Saturday evening. She had been spending a few days with her relatives at that place. The Young Men's Literary Society, which has been closed during the month of May, re-opened again on Wednesday evening last with a good attendance. Since its organization in January last it has been enthusiastically

conducted throughout, the debates being spirited and interesting. Among the many subjects for debate, the two following ones proved of special interest, viz. "Which is the better statesman, Sir Wilfrid Laurier or Sir Charles Tupper?" and "Which is the better place for the terminus of the proposed Murray Harbor railway, Machon's Point or Beach Point?" On the evening of the first mentioned debate four Liberal candidates were enrolled, which made the majority Liberals, consequently the debate was carried in favor of Sir Wilfrid Laurier. The latter one proved exceedingly interesting, and after being warmly discussed was carried by a majority of one in favor of Beach Point being the better place. The society has a library of about 135 volumes including a number of books donated by Rev. W. C. Matthews. The club meets again on Wednesday, when a number of candidates will be enrolled. HAZEL BROOK NOTES.

"Dry as Dust History"—Speeches of the Government members this session. Our school is progressing favorably under the management of Mr. Charles Lund, of Bethel, who is proving himself to be a very careful and efficient teacher. Some of his pupils intend taking the entrance examination to P. W. C., this summer. Our cheese factory is running in full blast under the superintence of Mr. Joseph Burgess, with Mr. Wm. Brown, of Pownal, as first assistant. As usual, large quantities of milk are being received and manufactured into first class cheese. Our milk-drawer, Mr. Charles Rankin, is giving excellent satisfaction in the discharge of his duties. Mr. Milton Hooper, who has been visiting friends at Waterside, has returned home. The Hazel Brook bridge, which like the Government, is tottering to its fall, has been repaired with two fence poles and a wheel-barrow full of coal ashes from the factory. The job must be seen to be "admired." We regret to announce the illness of Mrs. David Mitchell. But under

the care of Dr. Dewar, of Southport, we look forward to her speedy recovery.

Mr. John MacNeil, who has been visiting friends in Pownal, has returned home.

In the patriotic circle Mr. Samuel Noy has purchased a flag and staff for his residence.

Mr. and Mrs. Samuel Ings were visiting friends in Vernon River last week.

Miss Beatrice Gay, of this place, who has been in Charlottetown since last November, has returned home.

A report is going around here to the effect that the C. P. W. intends contesting our district at the next general election. Our advice to him is first to repair the roads or he will be very apt to get his "Black Ducks" cracked on the way out.

Our enterprising sheep dealer, Mr. Ambrose Wood, has a very valuable flock of black sheep head by the yearling ram "Prince." It is Mr. Wood's intention to exhibit them at the Halifax and St. John Exhibitions this fall. **BULLER.**
