

Descendants Of Brudenell Pioneers Hold Gathering

Other speakers were Maurice Chater of Lausanne, Switzerland, who is a nephew of E.B. MacLaren, who also briefly addressed the audience. Dr. Lloyd Shaw of Charlottetown also spoke briefly.

New Potatoes At Georgetown

Editorially and in press dispatches for some time readers have been deluged with comments and stories concerning King Potato: that product of our province so important to our economy.

They are mainly concerned with the 1957 crop and its disposal.

The story out of Georgetown is not of the old potato but the new, which was officially ushered in on the very early date of July 9th when: if you are a Georgetownian you have probably guessed the first dinner of this delicacy, 1958 model, was enjoyed by Mr. and Mrs. A.H. Stewart.

Mr. Stewart master gardener, has in the past set many records in the field of gardening but the July 9th date for new potatoes, is one that is unlikely to be equalled on this "Spud" Island.
