YOUNG MEN RARELY BELIEVE IT BUT OLD MEN KNOW IT TO BE ONLY TOO TRUE

We understand young men who pooh-pooh the idea that they won't be well off at 60. That's the right spirit. Unfortunately statistics show that only about five men in a hundred are comfortably well off at 60.

You can "play safe" by placing part of your earnings in a Confederation Life Monthly Income policy with Total Disability and Double Indemnity Accident Benefits. A guaranteed income of \$100 a month, at age 60, for the rest of your life will look pretty good.

So—if you want to "play safe", consult us now about a guaranteed Monthly Income.

Purchasers of baby chicks should take notice that many cases of Infectious Bronchitis have been reported in the province. Losses from this disease can be serious in baby chicks and more or less in adult stock. It spreads rapidly. SYMPTOMS: chicks throw back their heads and open beaks as if gasping for air; if held close to the ear, a crackling sound may be detected. In adult stock, a crackling in the throat and lowering in production. REMEDY: Prepare a spray of one tablespoonful Vapo-cresoline in a pint of luke warm water. This should be sprayed over the heads of the birds, once or twice daily. Spray the adult stock when on roost. Place a good disinfectant in the drinking water. Potassium permanganate has been used successfully. Disinfect all poultry houses.

FAMILY BEREAVED.—Mrs. Mary King of Highland Ave., received the sad news Sunday morning of the death of her daughter, Mrs. Joshua Rodgers in Newfoundland after a short illness. She leaves her husband, three sons, and one daughter; also her mother and sister Mrs. Nelson Robinson and three brothers, Herbert R. Much sympathy is felt for her mother, who has been sick since last January, and to whom her death came as a shock, as she had a letter from her a couple of days ago saying she hoped to come and visit her mother, brothers and sister this summer. The Guardian extends sympathy to all the family in their bereavement.

ISLANDERS MEET ROYALTY.—During their recent visit to Banff Their Majesties saw many points of interest. They enjoyed the rugged scenery. On Saturday morning Major P. J. Major Jennings led the way with King George, Queen Elizabeth, Lady Minto, Mrs. Lord Elcho, and Mrs. Lord Jellicoe. Jennings noticed that the Queen had no stick with which to climb so offered her his cane which she graciously accepted saying "I was just wishing for a stick." The King was using an Alpine Stalk when he climbed the point which belonged to Mr. Louis Crosby, a former Islander, who now values it very highly as a souvenir. At the luncheon on Monday for Their Majesties and their party Mr. Crosby was also among the guests and following the luncheon he presented an address on behalf of the Board or Transit Problems and after the tour spoke for a few minutes on the completion of the Lake Louise-Jasper Road and what it would mean to Banff.

JOE BLAKE N.H.L. Scoring Champion "I like a cigarette with definite taste and mildness. Buckingham has both to a superb degree."

HERB MAY Well Known Announcer "I've smoked Buckinghams for years because they are so easy on my throat."

ASK ANY BUCKINGHAM SMOKER

Ask any Buckingham smoker and you'll get the real reasons why people in all walks of life prefer this tastier, milder cigarette. They'll tell you that no other cigarette can give you the same fine quality of scientifically blended tobaccos, the same lasting satisfaction—the same Throat Easy smoking. Testimony like this is proof positive of a better cigarette.

Buckinghams FOR Taste AND Mildness

JULES HUOT Ranking Golf Professional "I forget tension with a Buckingham. The smooth, pleasing flavour helps me to better golf."

PERCY FAITH Ace Conductor of the Air Waves "To me, a Buckingham is as soothing as good rhythm, and just tops for flavour."

LOUISE KING Featured Radio Singing Star "Mildness is a definite must with me; I don't gamble with anything that would hurt my voice. That's why I, always smoke Buckinghams."

WHAT IS Mildness IN A CIGARETTE? Many smokers confuse taste with strength. Actually, taste depends on the ripeness of the tobacco—and a fully-ripened tobacco must be milder. Natural ripening removes harshness that causes irritation. That's why Buckinghams, blended from 62 varieties and classifications of riper tobaccos, taste so much better—definitely milder.

Canada Her Own Best Customer For Farm Goods

(Continued from page 5) pressed forward with all possible haste. Mr. Black emphasized the importance of experimental work. It was not possible to shift quickly from peace time to war time production and many months were necessary for the tooling up of factories, the preparation of specifications and the securing of special new machinery. Another point emphasized by Mr. Black was that, in the event of war, Canadians would have to depend on themselves to a greater extent for their supplies of defence materials. Hitherto, reliance had been placed largely on Great Britain.

Trade Agreement Commenting on the Canadian-United States trade agreement, Mr. Black said official trade figures appeared to indicate that even after the conclusion of the pact, United States tariff rates against imports from Canada except during relatively prosperous years, such as 1936 and 1937. "On the other hand," Mr. Black added, "the fact that Canadian imports from the United States remained at a level well below the pre-agreement year of 1935, despite

HOW TO AVOID RICKETS IN YOUR PUPS

Fox and Mink Breeders! You cannot expect good breeders or good puppies from weak, sickly pups. And loss of pups is a serious set-back. Rickets and weakness can always be traced to wrong feeding. All too often rickets shows up on ranches where the owner is "saving money" buying cheap feeds deficient in essential minerals and vitamins. Our recommendation, based on long experience and the results of large breeders, is: feed a properly balanced Fox Food like R-M Vita Crumbled "A" or "B" (see'd) as part of the ration. These well known foods have been on the market for many years and are among the very best. "A" is for puppies and "B" for breeders. R-M Fox Food and R-M Standard Mink Foods are manufactured by Ross-Moore Biscuit Co., Ltd., of Napawan, Ontario. These foods are rich in vitamins and essential minerals to counteract any tendency to rickets. You'll find good results follow steady use. The latest feeding schedules may be obtained without charge by writing the company.

markets and to carry it over the inevitable dull periods? How is industry going to hold on to increase our exports, with continually increased costs, and resulting competition with countries with low taxation and low standards of inflation? If industry is to bear the double burden of maintaining and providing new employment and also of providing the sources of such a large proportion of all taxes it is not reasonable to ask for fair treatment for industry?"

GEORGE E. MAHON PASSES AWAY WAS ON BANK STAFF FOR OVER 34 YEARS

(Halifax Chronicle, June 17) George E. Mahon, manager of the Spring Garden Road branch of the Royal Bank of Canada, passed away in the Victoria General Hospital yesterday morning after an illness of about a month. He was 53 years old. Although he had been gravely ill for the past few weeks, his death was a great shock to relatives and friends who had believed he might still recover. Primarily interested in his work to which he devoted most of his attention, Mr. Mahon never had time to be active in several social and cultural pursuits. He was a member of the Halifax Club, and an enthusiastic golfer was a member of Arcturion Golf and Country Club. Mr. Mahon had been in the service of the Royal Bank for more than 34 years. Member of a prominent family in the business life of Halifax, he joined the staff of the bank in this city, while still a young man in 1904. Three years later he went to Montreal and then in 1910 was transferred to Saint John. In 1912 he was appointed manager of the

branch at Dorchester, N. B., and the following year came again to Halifax as manager of the Spring Garden Road branch, where he remained for the last 26 years of his life. Surviving besides his wife, (formerly of Charlottetown, P. E. I.) are one son, Blanchard H. Mahon of Maritime-National Fish Limited, Halifax, and one sister, Mrs. F. E. Elliott, 76 Inglis Street, Halifax. A brother, Harry Mahon, who founded the business house of Mahon's Limited, passed away two years ago. The funeral was held Saturday afternoon at two o'clock from the residence of Mrs. Elliott at 73 Inglis Street. Rev. W. S. Dunlop of St. Paul's church officiated. Interment Fairview cemetery.
