Y. M. C. A. short hand class will meet to-night at 7.30, sharp.

S. O. E. B. S.—Initiation and election of officers to-night.

A. O. H.—Special meeting this evening at 8 o'clock. A full attendance is requested.

Skating.—The skating rink opens to-night at 8 o'clock. Galbraith's band will be in attendance.

Literary and Scientific Society.—There will not be a meeting of the Literary and Scientific Society this evening. There will be a meeting tomorrow evening, instead.

Small Pox.—Another case of small pox was reported to the Boston Board of Health on Sunday. This makes the twenty-third case that has occurred in that city since Oct. 30.

The Elliot.—The steamer Elliot is expected to sail from Georgetown for the West Indies to-morrow morning. Her cargo will include thirty horses, 60 sheep, and a quantity of oats, potatoes and hay.

Not Found Yet.—The report in circulation about town this forenoon regarding the finding of the body of the missing Mrs. Brown, is untrue. Mr. McGregor and a number of others are searching for her diligently, but so far their search has been unsuccessful.

Horses Drowned.—On Tuesday morning a horse belonging to Mr. John Henderson, of Belleque, got in the ice off Macdonald's Point. While the team was in the ice, Messrs. P. W. Morrison, S. M. Graves, Owen Steele, and others, went to the rescue, with the result that Mr. Steele's horse got in the ice and was drowned.—Summerside Journal.

Thanks.—Mr. Horace Haszard, fire and marine insurance agent, has our thanks for a neatly-arranged card giving the winter arrangement of trains and the postage rates.

Stanley Bros. are also to the fore with a very pretty calendar for 1894, a copy of which has been received by The Examiner.

Laid to Rest.—The funeral of the late J. G. Williston Brown, of the Post Office Department, took place yesterday afternoon, and was well attended. The pallbearers were John M. Campbell, A. E. Morrison, David R. McLellan, Bernard Trainor, W. Haszard and W. B. Robertson. In the absence of Rev. Fullerton, the funeral service was conducted by Rev. Mr. Sutherland.

The Ferris Wheel.—A miniature Ferris wheel, the work of Mr. Walter P. Doull, may be seen in the show window of Stanley Bros. store. The original Ferris wheel used at the World's Fair, was 250 feet in diameter, and carried thirty-six cars each car holding forty passengers. A very good idea of the construction of the wheel may be obtained by seeing the miniature one, which is a close copy of the original and constructed upon a scale of one-thirtieth its dimensions.

Smelt Shipments.—Last week's Sackville Post contains an article claiming that one day seven tons of smelts were forwarded over the New Brunswick and and P. E. Island railway for the American market. Yesterday morning's train from Buctouche conveyed twenty-eight tons of smelts also for across the border. Consignments ranging from five tons are a daily occurrance over the latter route.—St. John Gazette.

Christmas Dinner.—The committee who had charge of the Christmas dinner and distribution of presents to the poor last year, met in Mr. R. R. Fitzgerald's office yesterday afternoon and decided to repeat it this year. The dinner will be held in Market Hall, on Thursday, 28th inst., beginning at three o'clock in the afternoon. A prospectus signed by the executive committee and setting forth the manner in which the affair is to be conducted will be published to-morrow. The committee will have another meeting in Mr. Fitzgerald's office this afternoon at five o'clock.

Police Court.—This forenoon a man named Peter McAleer was arraigned on a charge of entering St. Dunstan's Cathedral and endeavoring to break open one of the boxes set apart for collections for the poor, and also with assaulting John Burke, who looks after the fires in the Cathedral. It is also stated that McAleer entered St. Joseph's Convent yesterday, attacked the man-servant, and by his actions badly frightened the children in the school. McAleer, who is thought to be somewhat weak-minded, has been an inmate of the Government poor house for some time past. When asked by the Magistrate why he did not stay in the poor house, McAleer said that he did not care for spending all his time with those destitute people, and he therefore took a walk into town occasionally. He was remanded to jail for eight days.

Roman Catholic Cathedral.—The Watchman reports: "The best meeting yet held in connection with the new cathedral project took place in the Lyceum, on Sunday night. His Lordship Bishop McDonald, Rev. D. B. Reid, and a large number of the members of the congregation were present. A statement of receipts and expenditure was read, after which His Lordship submitted a new plan whereby a more uniform system of collecting can be carried out. The new plan was well received and in a short time a very handsome amount was added by subscription to the fund. The unanimity of the meeting and the large sum subscribed were most encouraging and showed that every person present was on hand to help. Now for a long pull, a strong pull, and a pull all together, and the Catholics of the city will soon have a cathedral which will be a credit not only to themselves but to the Province."

### Literary and Musical Evening.

A fairly large audience was present at the Lyceum last evening on the occasion of the opening performance given by Mme. Rosa D'Erina, prima donna of Ireland, and Professor Vontom, vocalist and humorist. The entertainment consisted of a lecture on the national music of Ireland, interspersed with vocal and instrumentel selections and humorous sketches, Mme. D'Erina possesses a sweet and clear voice of fine range, and every one of her numbers was well given and greatly appreciated. She played her own accompaniments, and handled both organ and piano with great skill. During her singing of "Home Sweet Home" she gave a capital representation of a storm at sea on the piano, and her fantacie of Irish airs on the organ, introducing the old March of Brian Boru, was exceedingly good. Professor Vontom, although still suffering from the effects of the grip, gave satisfaction in his songs and humorous sketches. "The Story of a Bald-headed Man" and "How to Borrow a Saw" were, perhaps, the most amusing of his recitals, and "Father O'Flynn" and "Phil the Fluter's Ball" the best of his comic songs. During the evening, Mme. D'Erina and Professor Vontom sang several duets, closing the entertainment with the comic duet, "The Singing Lesson." They give another entertainment in the same hall to-night, when an entirely new programme will be presented. Those who wish to pass a pleasant evening should attend.

### Appeal for Aid.

We, the undersigned committee of the citizens of Alberton, appointed at a meeting called to solicit assistance for the widows and orphans of the eight unfortunate seamen of this port lost off St. Pierre de Miquelon, by the wreck of the schooner Gracie M. Contributions to be forwarded to J. P. Fielding, Alberton, who has been appointed treasurer of the widows' and orphan's fund.

**Great Results.**

Some three years ago we started in a small way the manufeature of CHAIRS—being doubtful of the result—but the demand for our Chairs has steadily increased. Now we are making some twenty-five patterns, with a turn-over for the year of twenty-five thousand Chairs. This is not a wonderful quantity, but is a very fair start—and means a lot of money left on the Island.

You always wait till everybody else in the world adopts a new thing before you will believe in it. We really must have them at once."

Mrs. Uptodate—"Dear me, what a sight those DeWets are, out on the streets a day like this without Rigby Garments. It takes some people a lifetime to learn how to be comfortable. Just think how we used to swelter in those horrid Rubber Waterproofs, and such smelling things."
