Prepare for the Worst.

DR. JANEWAY'S ADVICE RESPECTING THE COMING OF CHOLERA.

In speaking of the likelihood of cholera gaining a foothold in America this year, Dr. Janeway of New York tersely advises everybody to be prepared for the worst. This may seem at first glance a talk of an alarmist, but it is in reality sound advice.

An Irish carpenter fell from the roof to the ground, and when picked up remarked, "I was coming down after nails, anyway."

Don't Stuff a Cold.

If you do you will, nine times in ten, have a fever to starve. A cold is a shock received by the myriad nerves that bristle near the surface of a human body.

A Brockville Druggist's Case

BROCKVILLE, April 24th.—The popular impression is that doctors and druggists seldom take their own medicine. This is no doubt true, but when a doctor takes ill he generally calls in one of his own profession, in whose skill he has every confidence.

USE SKODA'S DISCOVERY, the great blood and nerve remedy.

When we assert that

Dodd's Kidney Pills

Cure Backache, Dropsy, Lumbago, Bright's Disease, Rheumatism and all other forms of Kidney Troubles, we are backed by the testimony of all who have used them.

THEY CURE TO STAY CURED.

The Telephone Company

OF P. E. ISLAND.

PARTIES using the Telephones would find talking much more satisfactory if they would observe the following rules:—

1st. Speak with the mouth about four inches from the transmitter.

2nd. Speak in a moderate tone of voice, not too loud, and distinctly.

Do not press too hard on the ear.

It is useless to talk and be heard when standing back two or three feet from the transmitter, if you shout loud enough, but it is not a pleasant mode of conversation, and is a waste of time and a useless waste of wind and lungs, besides being very annoying to all within range of your voice.
