

OUR NEWS BUDGET FOR OUR SATURDAY SUBSCRIBERS

MONDAY

OTTAWA, Sept. 16 (CP)—The Board of transport Commissioners, in a 20-1 majority judgment Saturday ordered the Canadian National Railways to change the Prince Edward Island freight-rate structure to a one-zone from a two-zone plan based on lower or so-called "inner zone" rates.

The change, which must go into effect not later than Oct. 12, resulted from an application for a one-rate zone made by the Transportation Commission of the Maritime Board of Trade two years ago and supported by the Prince Edward Island government.

The majority judgment, by Mr. Justice M. B. Archibald, Chief Commissioner and Deputy Chief Commissioner A. Sylvestre, pointed out that such a change was suggested by the Turgeon Royal Commission on transportation.

It will not be applicable to any other area of the Maritime Provinces, including Newfoundland.

That the people of Chile are not so community-minded as those in North America is the opinion of Rev. Louis Gaete of Santiago and Valparaiso, Chile.

Father Gaete is in the Maritimes to study the co-operative movement and its effect on the life of the people. He is a guest of St. Dunstan's University while here.

It is his opinion that the co-operatives in Chile are not so far advanced as those here because there "everyone wants to be a consumer." They have a hydro-electric plant operated on a quasi-community basis, but it is financially backed by the Government of the country and apparently does not have the wholehearted support of the ordinary citizen.

Father Gaete said that there are several co-op stores in the area he serves, but there was little of the co-operative spirit among the growers.

A second suspect in a rape case which occurred in the City last week has been arrested and is in jail awaiting preliminary hearing, the City Police reported last night.

Chief of Police Charles W. MacArthur, and Police-Sergeant Stems Webster left the city on Saturday afternoon to take charge of the man after receiving a telegram informing them that he had been picked up in Halifax by the Provost Corps of Command Headquarters, Halifax. The military authorities turned the suspect over to the Halifax Police. The local police returned yesterday afternoon with their prisoner.

The paving of the Wood Island hill in Montague was completed on Saturday after having been held up several weeks owing to unfavourable weather.

The first coat of oil was laid on Monday last, which was continued from Montague to Murray River. The asphalt tar for the completion of the work did not arrive for several days, and the workmen were unable to continue until Saturday. The finished job has two coats of oil and two layers of chips. It is understood that with traffic will gradually become a hard surface pavement.

The large attendance of 1738 witnessed the close of the annual Y's Men's Trade Fair at the Forum on Saturday night, when the finals of the step dancing and old-time fiddling contests were run off. The total attendance for the four nights of the fair was approximately 4,700, and the chairman of the fair committee, Mr. Arthur Duvar, expressed his appreciation of the public and the exhibitors in helping to make the fair a success.

A new Island Fiddling Championship reigns as the judges gave the nod to Omar Chevalier of Souris, who won the 1st Prize of \$100. Peter Chaisson, Rollo Bay, last year's champion was second, George Weatherbie, Charlottetown, was the third prize winner.

Anthony Perry, formerly of the Island, but now living in Pictou, N.S., returned to successfully defend his championship in the Men's Step Dancing Contest. A. J. Gallant, Souris, was second and Joseph Gallant, Charlottetown, third. In the Ladies Step Dancing Miss Sheila Gauchet, Lot 40, came first, and Miss Electa Roberts, Charlottetown, second.

The Battle of Britain holds special significance for Canadians. In August 1940 a squadron of the Royal Canadian Air Force for the first time flew in action against an enemy, won its first victories and suffered its first casualties. It is fitting that this battle in which that force first "won its spurs" should be remembered with pride.

In Summerside yesterday Battle of Britain Sunday was fittingly observed with appropriate services in St. Paul's Church conducted by Padre J. P. O'Hanley, and in the Presbyterian Church by Padre George Fee. The weather, which was threatening all during the early part of the day, cleared in time and at the conclusion of the church services the parade of R. C. A. F. personnel, under the command of Wing Commander L. C. Dilworth, D. F. C., and headed by the Canadian Legion Band formed up on Central Street and marched to the Memorial Square where the commanding officer, Wing Commander D. A. Willis, D.F.C. who was accompanied by His Honor Lt.-Governor J. W. L. Prowse delivered an impressive address.

TUESDAY

WOLFVILLE, N. S., Sept. 17 (CP)—Acadia University today announced award of entrance scholarships for the 1951-52 session.

Joyce Elizabeth Harper of Summerside, P.E.I., received the \$800 Walter Chipman scholarship for the

highest grade eleven average in the Atlantic Provinces.

Other winners included:

A large B-17 of the United States Air Force made a forced landing at the local airport last night. The plane had been on a routine flight from Goose Bay, Labrador, to Harmon Field, Newfoundland, when the weather closed in.

The pilot, Capt. L. O. Burnett, was unable to land after circling several times and finally headed for Sydney, N. S. Weather conditions were no better there and a decision was made to try the Charlottetown airport. The plane with its crew of 11 had been in the air for over six hours and the gas supply was reported running low when they finally touched down here. The crew taxied into the city and are staying at The Charlottetown.

Announcement was made at R.C.A.F. station, Summerside, yesterday afternoon that the new commanding officer of that unit will be Wing Commander A. G. Kenyon, at present at Greenwood, N. S. It had previously been released that Wing Commander D. A. Willis, D.F.C., acting commanding officer at Summerside has been posted to the joint services college at Nantby, England. The new C. O. will report at Summerside station on October 15th.—S.

Borden MacDonald, four-year-old son of Mr. and Mrs. Percy MacDonald, Churchill, was almost instantly killed when he ran across the road into a truck about 5 o'clock yesterday evening.

The young boy had been playing around his home and apparently wandered down to the road. His home is approximately 400 yards from the highway through Bonshaw.

The truck, a three-ton Ford, was operated by Mr. R. MacWilliams and was proceeding towards Charlottetown when the accident happened. The boy suffered severe injuries to the head and face. He was pronounced dead by Dr. A. A. MacLeod, Bonshaw, who was at the scene. A coroner's jury was empanelled at the time under Acting Coroner J. W. MacDonald, a Justice of the Peace for Queen's County, and the inquest was adjourned until 7:30 p.m. Thursday, September 20th.

The child's body was taken to the City and is resting at the MacLean Funeral Home where a post mortem examination was made last night by Dr. L. E. Prowse.

The production and processing of honey on a large scale is being carried on at Winsloe by Mr. Dennis G. Neal, a veteran of World War 2, who has been building up his operations steadily since he started with 25 hives in 1946. With the demand for honey good this year, he has already processed 9,000 lbs., and expects to reach a total of 14,000 lbs. by the end of the season. He now has 130 hives.

Mr. Neal stated that the bulk of his product is sold through local wholesalers, and if marketing conditions remain favourable, he has plans for further expansion next year. Production in 1950 was 8,000 lbs., one ton of which was shipped out of the Province, and 180 lbs. of wax, which he sells to candle makers or to makers of bee-keeper supplies.

Dr. J. A. McMillan was re-elected president of the Prince Edward Island Medical Association at the election of officers held during the annual meeting over the weekend. Dr. J. H. Shaw was elected first vice president; Dr. John Downing, Summerside, second vice president; Dr. J. K. L. Irwin, honorary secretary; Dr. J. P. Lanz, honorary treasurer.

Members of the executive include Dr. R. G. Lea, for Queen's County; Dr. George Dewar, C. G. Leary, for Prince County; and Dr. George Inman, Montague, King's County. Dr. T. A. Laidlaw was named chairman of a new Workers' Compensation Advisory Board. Other members are Dr. Clarence Coody and Dr. J. K. Bee. Named to the executive of the section of general practitioners was Dr. W. R. Soper. Dr. W. J. P. MacMillan was re-elected to the executive of the Canadian Medical Association, and Dr. George Inman was appointed to represent the Medical Association on the Board of the Maritime Hospitals Service Association.

The delegates approved a new constitution prepared under the chairmanship of Dr. R. G. Lea. It was the first change since 1937 and since that time there have been many new operations and services. The changes will bring the constitution up to date and includes a price scale for the various medical services. The new increases effected include a higher charge for professional calls and a higher mileage charge.

The S. S. Hans Maersk, Norwegian freighter with a registered tonnage of 1,118, docked at Georgetown yesterday morning to load a cargo of pulp wood. The Captain is S. M. Pederson. He has a crew of 23.

The ship will take on some 1,400 to 1,500 cords of pulp wood supplied by Bergmann's Ltd., Montague. Loading began at 1 p.m. yesterday, with some 90 men working four hatches. It is expected the work will be completed by the end of the week. The cargo is for London, England.

In addition to the men loading the ship, quite a number are employed trucking the pulp wood from a yard where it is stored. The ship was taken into Georgetown by Pilot Temple G. Tall, assisted by co-pilot Victor Rafuse.

A coroner's jury found no blame

attached to the driver of the truck which struck and fatally injured two year old Kenneth MacCallum in St. Peters last week. There were eleven witnesses called at the inquest which was held in the City Police Court yesterday afternoon before Coroner Dr. J. Yeo.

Details of the accident were described by witnesses, including Harold Dockendorf, driver of the truck. He said he had first noticed the two children when he was about 150 yards away from them. They moved over to the side of the highway and suddenly started to run across. He drove the truck onto the shoulder of the road and thought he had missed them until he saw the MacCallum boy lying on the pavement behind him.

WEDNESDAY

Strong competitions in the livestock, food, sewing, poultry, and public speaking classes as well as an entertaining sports program highlighted the first annual Rural Youth Fair which was held at the Provincial Exhibition Grounds yesterday.

Attended by an unexpectedly large crowd of young farmers and farmerettes as well as a number not engaged in agriculture, the Fair was described by agricultural officials as very successful from every point of view.

And from every point of view they were right. Top. The livestock exhibits in the morning were featured by both quality and quantity. The quality in the sewing, food and poultry classes was high and the public speaking contests in the afternoon drew the favorable comments of all.

The Fair was officially opened by Hon. C. C. Baker, Minister of Agriculture, who was introduced to the group by Mr. W. R. Shaw, Deputy Minister.

Adrian Dekker, representing the Sherbrooke Farm Forum, and Anne Keefe, representing the St. George's Club, were the winners of the Public Speaking Contest held at the Rural Youth Fair at the Provincial Exhibition Grounds yesterday afternoon. Six speakers competed in the finals before a large audience, with Mr. Walter R. Shaw, Deputy Minister of Agriculture as Chairman.

His Excellency James Boyle, Bishop of Charlottetown, last night said he did not feel it was fair that hospitals in this Province should be treated differently in the matter of indigent patients than hospitals in the other Canadian provinces.

His Excellency was speaking at the Forum where he officially opened the annual Hospital Bazaar in aid of the Charlottetown Hospital.

John MacKenna and Cecil Trainor of the Baldwin's Road Fowling Club yesterday won the right to represent the Province in the Canada wide rural youth poultry competitions at the Royal Winter Fair in Toronto in November.

One of the sharpest drops in any cost of living item in several years came yesterday when the price of hogs fell from \$35.25 per hundredweight last Tuesday to \$28.50 yesterday. The drop had an immediate reaction on the local retail market with the consumer saving up to 15 cents per pound on pork products.

The steep reduction in the price of pork is expected to be reflected in decreases in beef and poultry.

Main reason advanced for the sudden drop is that at this time of the year there is a heavy run of hogs to the packers and the price usually goes down. Mr. H. W. Clay, Senior Livestock Fieldman of the Dominion Department of Agriculture, said it was not unusual to see hog killings three and four times as heavy in October and November as in July and August.

Dr. L. J. Yeo yesterday tendered to the Attorney General his resignation as senior coroner for Queen's County. He has held the post for upwards of 15 years and in that time has handled hundreds of cases.

His resignation, following closely on the death of J. D. MacGuigan, junior coroner, means that the Government will have to make two appointments in Queen's County in the near future.

SAINT JOHN, N.B., Sept. 18 (CP)—Mr. and Mrs. Herbert Leavitt, both 31, of Alberton, P.E.I., are visiting Saint John after a 2,500-mile vacation voyage in their 36-foot cruiser Liscombe II.

Setting out July 10, they crossed Northumberland Strait, cruised around the Gaspé peninsula, went down the Saguenay River to Chicoutimi, Que., and entered Lake Champlain and the Hudson River. After visiting New York and Connecticut they went to Boston and finally up the Bay of Fundy to Saint John.

The voyagers will leave their craft here and sail her back to the Island next summer via Nova Scotia waters.

Prior to the annual meeting of the Temperance Federation of the Prince Edward Island yesterday, the Executive met in a morning session at 10:30. Rev. R. A. MacLeod of St. Peter's Bay was named to the Co-operating Committee with the other Maritime Provinces. Discussion regarding the hours of sale at the vendor stores resulting in a resolution to be presented to the annual meeting. Rev. John MacKay was appointed to represent the Province at the council meeting of the Canadian Temperance Federation in Toronto, December 5th and 6th. Dr. J. A. Clark informed the meeting that the Deputy Minister of Education wished to

have alcohol education in the public schools, but at present the full curriculum did not leave room for it.

A possibility that Carr Spire Company, Stamford, Conn., nationwide organizers of special tours for business firms of the United States, may enter the Canadian field with their tours is seen as a result of conversations held during the annual meeting of the Canadian Tourist Association in Murray Bay, Que., last week.

Company representatives discussed the matter with Mr. George Fraser, director of the Travel Bureau here, and there is a strong possibility that they will make Prince Edward Island the focal point next year.

The company arranges all-expense tours for business firms which use them as an incentive to salesmen to increase business. Generally the large firms offer some reward to their top salesmen and lately the rewards have taken the form of holiday tours to such places as Mexico or Bermuda.

MONCTON, N. B., Sept. 18—An extension of the present double daily car ferry service between the mainland and Prince Edward Island in connection with the Cape Tormentine, in New Brunswick, and Borden, P.E.I. until the end of the month, Sept. 30th, is announced by the Canadian National Railways.

It is also announced that effective Sunday, Sept. 30th, the car ferry service will consist of three trips each day, including Sunday, in each direction leaving Borden at 9:10 a.m., 1:00 p.m., 4:30 p.m. and Cape Tormentine at 10:35 a.m., 2:40 p.m., 7:30 p.m.

Plans have been finalized for the construction of a new 3-room school at Murray River this fall. The old school has been declared unusable, and the new one to be erected in the same lot, will replace it.

Plans call for a building 100 feet by 26 1/2 feet, with three classrooms and basement. It will be heated by an electric oil furnace and will also have running water, and indoor plumbing. The rooms will be occupied by grades one to three, four to seven, and eight to ten.

The total cost is estimated at \$18,000.00. Mr. William Whiteway is the contractor. The present trustees who will be looking after the construction of the new school are E. K. Johnston, Jack Ferguson, and Vance Strickland.

A community centre for Kensington. That is the ambitious and praiseworthy project envisaged by the people of this progressive town and sponsored by the Junior Chamber of Commerce, the Community Centre and the Athletic Association there.

The idea of a community centre in the town is one that has been discussed for some time in the councils of the three organizations and by the leading business men of the community.

Today's first step will be taken to raise money for the establishment of a fund which before too long will be large enough to justify the sponsors in finalizing plans for this community centre.

FRIDAY

The appointment of Dr. Lemuel E. Prowse as senior Coroner for Queen's County, in place of Dr. J. Yeo who has resigned, was announced yesterday by Premier J. Walter Jones.

The Premier also announced the appointment of Dr. C. A. Coody as junior Coroner and jail physician for Queen's, in succession to the late Dr. J. D. MacGuigan.

Dr. Prowse and Dr. Coody have both extensive medical practices in Charlottetown. Dr. Prowse being a member of the City Council and the son of Lieutenant Governor and Mrs. T. W. L. Prowse. Dr. Coody is a son of Mr. and Mrs. William Coody of Hazelbrook.

A resolution asking for some governmental solution to the problem of the pollution of the water at Murray Harbour by the starch factory was unanimously passed at the annual meeting of the P. E. I. Fisheries Federation yesterday.

It was claimed that the pollution destroyed the oxygen in the water and that lobsters were killed from 8 to 14 minutes after they came in contact. Fishermen also claimed that due to the pollution of the water they could not hold their lobsters for future market shipments and they were forced to assemble them in small lots.

That the proposed one season for the fishing lobsters would aid greatly in the control of poaching and the taking of undersize lobsters was the feeling of the annual meeting of the P.E.I. Fisheries Federation yesterday. However, on other grounds there was considerable opposition from different fishing areas of the Province.

Several alternate solutions were proposed, including a suggestion by Rev. Eric Robin, North Rustico, that the fishermen do as the co-operative fishermen of his district do and impose self-fines for the taking of small lobsters.

Mr. A. Walther Gaudet, secretary of the Federation, pointed out that on convictions for the offences assessed fines of a nominal nature. In the majority of cases, he said, they were of \$10. He proposed that much stiffer fines be assessed. Various speakers agreed that if the magistrates would stiffen the fines to \$1,000 and six months in jail the penalties would

At a meeting of citizens of the Spring Park area last night a motion was adopted empowering the chairman and secretary to solicit a petition to instruct the Sheriff of Queen's County to hold a plebiscite to determine whether the area will incorporate under the Village Services Act.

The resolution was passed on motion of Mr. S. H. Burhoe, Chairman of the meeting, which was held in the Spring Park hall, was Mr. G. P. Rodd, with Mr. O. K. Presby acting as secretary. Invited speakers were Hon. Douglas MacKinnon, Minister of Public Works and Highways, Mr. J. F. Connolly, Director of Town

at the annual meeting held at The Charlottetown yesterday. He was elected by the new board of directors named during the meeting and succeeds Mr. Paul Gallant, Souris, who is at present in hospital.

Elected vice president was Mr. Thomas H. Fraser, Murray Harbour, while Mr. A. Walther Gaudet, of this city, was re-elected secretary treasurer.

A special session of the Provincial Legislature will be called early in November to deal with pension legislation on a means test basis for those in the 65 to 69 year age class. Premier J. Walter Jones announced yesterday following a meeting of the Executive Council.

It is understood that the payments for this group are to be on a 50-50 basis between the Federal and Provincial Government.

Two new appointments to Prince of Wales College were announced yesterday. Premier J. Walter Jones in his capacity of Minister of Education, Dr. Miroslav Spack has been appointed instructor in chemistry and German, and Mr. H. F. Altkens instructor in French. Dr. Spack has also been appointed Laboratory biochemist in the Provincial Department of Health.

Chaplain (RC) Louis Albert Dougan, formerly of Charlottetown who donated the main altar for St. Dunstan's University chapel and dedicated it to the Navy, will sing High Mass at impressive dedication ceremonies in the new chapel on Sunday. Father Dougan is a brother of Dr. Chas. Dougan and Mr. Joseph Dougan, Charlottetown.

At an inquest held last night at Bonshaw Hall in the case of the death of Borden Waldron MacDonald, three and half year old son of Mr. and Mrs. Percy MacDonald, Bonshaw, a verdict was given to the effect that the child came to his death on the Borden highway at Churchill on Monday, Sept. 17, when he was struck by a truck driven by Floyd Williams. Acting Coroner was Mr. J. W. MacDonald, Bonshaw, a Justice of the Peace for Queen's County.

A safety valve blew out at Polar Quick Freezing Plant on Noonan Street, Summerside last evening and in a short time the air in the eastern section of the town was polluted with ammonia fumes. Warnings were being broadcast for residents of that vicinity to stay indoors and for others to stay away from the locality but the only person to suffer any ill effects was Mr. John Russell of Halifax who was working on the equipment at the time and got the full blast of escaping gas in the face.

He was taken to the Prince County Hospital with facial burns but his condition is not serious. The blow-out occurred at about eight o'clock and approximately an hour and a half later employees and firemen succeeded in closing the main valve thus stopping the flow of gas. Assistance of the firemen was in the use and provision of gas masks to enter the gas filled building.

Mr. Silas MacFarlane was appointed last evening as the official delegate to the annual meeting of the Maritime Board of Trade which will be held at the Isle Royal Hotel, Sydney, N. S., on Tuesday and Wednesday, October 2nd and 3rd. Mr. Harold Rodd, the secretary of the local board was also appointed as a representative of the Summerside board.

THURSDAY

A Mount Mellick farmer, Mr. Alex MacRae, proved himself to be the best plowman at the Queen's County Plowing Match yesterday when he won the tractor two-soad competitions within a stones' throw of his own farm.

The tall, work-hardened farmer scored 98 points in winning the event, which was the highest score of the day. The matches were held on the farm of the MacRae Brothers in Mount Mellick and were attended by an estimated crowd of 1500.

Using a tractor plow for the first time, Mr. MacRae plowed a nearly perfect finish and crown. His plowing won the high praise of the Judges O. C. Hicks of Fredericton and L. W. Roper of Charlottetown and it had to be in order to win the event for there were 26 contestants in the competitions.

A crowd, estimated to be considerably greater than last year, was in attendance at the opening of the Queen's County Plowing Match held at the farm of MacRae Bros. Mt. Mellick yesterday. Mr. Elliot Robertson, President of the Queen's County Plowing Match Association introduced the principal speakers.

Declaring the Match officially open, Premier J. Walter Jones congratulated the management committee on the great amount of work they had accomplished and the fine attendance which the match had attracted.

At a meeting of citizens of the Spring Park area last night a motion was adopted empowering the chairman and secretary to solicit a petition to instruct the Sheriff of Queen's County to hold a plebiscite to determine whether the area will incorporate under the Village Services Act.

The resolution was passed on motion of Mr. S. H. Burhoe, Chairman of the meeting, which was held in the Spring Park hall, was Mr. G. P. Rodd, with Mr. O. K. Presby acting as secretary. Invited speakers were Hon. Douglas MacKinnon, Minister of Public Works and Highways, Mr. J. F. Connolly, Director of Town

Planning, Hon. Dr. W. J. P. MacMillan and Mr. Dr. L. Mathieson.

The first training conference of semi-staff postmasters in the Province of Prince Edward Island is being held in Charlottetown at the present time. It concludes today.

Mr. W. C. McEachern, Regional Director of Postal Services for the Maritimes, is presiding over the sessions, which are being held in the Gun Room of H.M.C.S. Queen Charlotte.

Arrangements for the course have been made by E. R. Ingraham, Saint John, District Post Office Inspector for New Brunswick and P.E.I., and the members of his staff.

Those leading the discussions are E. R. Ingraham, District Post Office Inspector, F. A. Coyle, Post Office Inspector, J. W. Graham, Supervisor-in-Charge of the Service Division of the Saint John District Office, and F. P. Constanine of the investigations division, Saint John.

Mr. Miller, who first came East as a salesman for British Columbia canned salmon 30 years ago, had not returned until this trip. He is here to attend the annual meeting of the P. E. I. Fisheries Federation tomorrow and will speak at the dinner at The Charlottetown tomorrow night.

The first appearance in Charlottetown of the Summerside Legion Band was very favourably received by the large audience at the second night of the Charlottetown Hospital Bazaar, when they gave a performance of diversified selections under the direction of their leader, Mr. Drapeau.

Also featured at the stage show were Billy Murnaghan, City, Hill-billy yodeler with his Tennessee Guitar, and Douglas Pineau, of Summerside, with his piano accompaniment.

The audience really enjoyed themselves while helping a worthy cause and all the booths and popular games were again in full operation.

An interesting program was carried out in Kensington last evening in connection with the formal opening of the new paved streets. Premier J. Walter Jones cut the ribbon that formally opened the streets to traffic. The paving program that resulted in over a mile of hard surfacing being done in Kensington was completed recently and was done through the financial co-operation of the Provincial Government.

Mr. Reginald Holman presided and in addition to Premier Jones speeches were made by Mayor W. B. Darrach, Hon. C. C. Baker, Minister of Agriculture and Mr. George MacKay, M.L.A.

Planning, Hon. Dr. W. J. P. MacMillan and Mr. Dr. L. Mathieson.

The first training conference of semi-staff postmasters in the Province of Prince Edward Island is being held in Charlottetown at the present time. It concludes today.
