Death Sunday of Montague Woman

Residents of Montague and vicinity were deeply grieved to learn of the passing of Miss Annie L. Lord of Montague at the P. E. I. Hospital on Sunday evening after a lingering illness.

The deceased was born in Souris, the daughter of the late Mr. and Mrs. Alexander Lord. After moving to Montague she accepted an office position with the firm of Poole and Thompson, Ltd., with whom she remained employed for approximately thirty-five years, and until her last illness.

Besides a wide circle of friends, she leaves to mourn two sisters, Ella, Mrs. H. J. Mabon, Montague; and Ada, Mrs. George Spaulding, Chatham, Mass.

The funeral will take place on Wednesday afternoon at 2:00 p.m. from the Montague United Church. Interment will be in the Crapaud Cemetery.

W. M. S. Meeting At Montague

The October meeting of the W.M.S. of Montague United Church was held at the home of Mrs. W. J. Fraser, with twenty-two members and one guest present.

Mrs. Lewis Higginbotham had charge of the devotional service. She was assisted by Mrs. Leon Johnston and Mrs. George Preece. The hymns "Take It To The Lord In Prayer" and "Take Time To Be Holy" were sung. Mrs. Gordon Coffin gave the closing prayer.

It was decided to send the fall box for overseas at once. A vote of thanks was given to Mrs. James MacLaren and Mrs. MacLaughlin for their contribution of afghans for this box. The members are to answer the November roll call with a square for another afghan.

In connection with the thank offering service, it was noted that Miss Dulcie Cook would be unable to attend, but might be available for the Easter thank offering. Rev. M. Byers of Mount Stewart is to be the guest speaker at this service.

Correspondence was read by the secretary, Mrs. Lorne Vigginton, followed by a report by the baby party held in the church hall in October. The society offered to provide for one dozen copies of "World Friends" for the Mission Band. The literature secretary, Mrs. D. R. Fraser, took note of books read by the members during the month.

Nineteen sick and twenty-three hospital calls were made since the last meeting, thirty-one cards and fifteen treats reported, also seven shut-in calls made.

Meeting closed with the Mizpah benediction. Lunch was served and a pleasant half hour enjoyed over the teacups. The W. M. S. of Montague United Church also held their thank offering service on Sunday evening. Rev. W. N. Byers, Mount Stewart, who spent several years at mission stations in Western Canada, was the special speaker, and told the story of some of the newcomers to Canada in a most interesting manner, and especially of his work near Saskatoon and Meadow Lake in North Saskatchewan among the Hungarians. Also of his work done in Steveston on Lulu Island which at that time was ninety percent Japanese. He further recounted many of his experiences while on the Pacific Coast.

Mr. Byers emphasized that it was a glorious thing for people from so many countries to live peacefully together. He concluded by saying "let us make Canada a land to love, a land to own".

Appropriate missionary hymns were sung with Mrs. L. A. Johnston as organist. Two special numbers "My Jesus, I Love Thee" and "Jesus Shall I Ever Be" by the Brooklyn Trio, were very much enjoyed.

At the close of the service a social hour was held in the church hall, at which time Mrs. J. M. Fraser presided at the piano.

Potato Appeal Cases on Docket

A heavy docket faces Mr. Justice Mark R. MacGuigan, Supreme Court, when he takes over the opening session of the Kings County Assizes this morning.

There will be eight appeal cases and two civil jury trials. His Honor will be presented with the traditional white gloves in tribute to the lack of criminal cases before the court. In recent Sessions there have been several murder or manslaughter cases before the Court, but in this instance the Court is free of the criminal cases.

There will be two civil jury cases and eight appeal cases. The jury cases will be heard tomorrow when the Petit Jury will be sworn in. They will be the cases of Frederick Currie versus Louis MacKenzie for damages with Messrs G. R. Foster and J. A. MacDonald representing the respective parties. The second case was Messrs. Allan Cameron and Archibald MacKinnon represented by Mr. Lester O'Donnell versus William O. Myer and James Jardine represented by Mr. K. M. Martin, Q. C.

The appeal cases to be heard are The Queen versus John H. Hesse with Mr. S. S. Hessian, Q. C., appearing for the Crown and Mr. Lester O'Donnell for the defense. The Queen versus Wallace B. White, appellant, with the attorneys being Messrs. S. S. Hessian, Q. C., and J. A. MacDonald, and the Queen versus George Laybolt, appellant, represented by Mr. S. S. Hessian, Q. C., and Mr. J. A. MacDonald.

Probably the most important cases before the Court will be the appeal cases of the potato growers who have been convicted before the Courts of offences against the rulings of the P.E.I. Potato Marketing Board. They are the Messrs. John A. MacInnis, Douglas Atken, John Atken, Charles W. Townshend and Leith Townshend.

The Court in Georgetown will open this morning at approximately 11 o'clock.

Cotes, Susan and Ann of Wickford, Rhode Island, and Mrs. John MacLean, Peters Road, were guests of Mr. and Mrs. John Clow on October 15.

Mrs. Francis Fisher has returned home after spending the past week with relatives at Murray Harbor.

Miss Sybil Millar, Hunter River, spent the holiday weekend at the home of her parents.

Mr. and Mrs. Archibald Dixon, who were married recently, were honoured when the members of the M. H. N. Presbyterian Church Choir gathered at the home of the bride's mother, Mrs. David Millar on Friday, October 16, to extend their congratulations to the couple. Mrs. Dixon has been a member of the choir for some time and as a token of the esteem in which she is held a suitable address was read by Rev. Carl Currie and a purse of money presented to the couple by Mr. William Kennedy. Mrs. Dixon on behalf of her husband and herself extended thanks to the members for their kindness. The remainder of the evening was spent in singing after which dainty refreshments were served by the ladies.

New Theatre In Murray River

Murray River will soon boast one of the most attractive small town, or village theatres in Eastern Canada.

After a long delay, because the desired material was difficult to procure, Mr. Emmerson Johnston, one of Kings County's most forward-looking business men, expects to complete his new movie house sometime in December.

It will be a 1954 model throughout in the stylish entrance, its ultra modern screen, and its very fine interior finish. It will be known as the Mayfair when it opens for business, and a twenty foot high neon electric sign, three feet wide, will make it a landmark in Murray River.

After the theatre is well launched, bowling alleys will be installed in the basement. The building was constructed with this development in view, and four modern alleys with fixtures have already been selected by the owner. Meanwhile Mr. Johnston is quite busy as one of the Island's leading car dealers, and also as the proprietor of one of the smartest general stores in the Province. His automobile showrooms, combined with offices and garage, with parts department included, are unsurpassed for convenience, and up-to-the-minute attractiveness.

His general store adjoins the showrooms, and is as smart in appointments as any store in the Atlantic region.

The new theatre will adjoin the general store so that Murray River's main street will be fairly well occupied by the business enterprises of one man. All three are a credit to the thriving community.

held on the previous Friday evening, five young people entered the membership of the church and on Thursday evening at Murray Harbour North ten new members were admitted. All the services were conducted by the minister, Rev. M. C. Currie.

Miss Margaret Johnston, Montague, was the week-end guest of her parents, Mr. and Mrs. George Johnston. AO.

Attended Entomological Meeting On West Coast

Mr. F. M. Cannon, chief entomologist at the Science Service Laboratory returned to the City on Saturday after a business trip to the West Coast, where he attended the Divisional Entomological Conference at Vancouver, B.C., and a meeting of the Entomological Society of Canada at Victoria, B.C. At the Division Conference, Mr. Cannon met with other divisional chiefs from across Canada together with officials of the Department from Ottawa; the discussions which took place chiefly concerned divisional policies and as to how they meet the needs of the various localities. The meeting at Victoria saw the reading and discussion of several interesting papers and a general exchange of ideas of those present.

Mr. Cannon spent two days at the Laboratory at Victoria, where they are doing research work on the root maggot. He visited laboratories at Seattle, Washington and at Lethbridge, Alberta. The Lethbridge laboratory is very large and there he was again interested in work carried on in connection with the root maggot.

He also found that considerable research was being carried out with the barley joint worm which is prevalent in the wild barley of the West, but which Mr. Cannon states has become quite a menace to our cultivated barley crop. Two stops at Toronto and Ottawa completed his trip before returning to the Island.

"Trips of this nature," states Mr. Cannon, "are of inestimable value to those engaged in entomological work, since it gives scientists who have a common problem, a chance to compare notes with his fellow workers in another part of the country who is perhaps working under entirely different conditions."

A Major Problem The maggot fly presents one of the most difficult problems entomologists have faced, and the fact that wherever Mr. Cannon went, he found extensive research being conducted in this field, indicates the importance that is being attached to the destruction of this pest.

Although the maggot fly has come into prominence in only the past five years—that is as far as the farmer in general is concerned, Mr. Cannon points out that the insect was present long before that time, but it was not until more rigid inspection of turnips, going to the Ontario market was required, that the presence of the maggot became general knowledge.

The adult fly, which is similar in appearance to the ordinary house fly, but much smaller, comes out about the latter part of May; it feeds on the waxy surface of young turnip leaves, cabbage and cauliflower.
