New York Stocks

NEW YORK (AP)—Steels stood out Friday in a steady stock market.

They were joined on the higher side by rails, rubbers, a number of oils, some aircraft and airlines.

Key motors were depressed along with radio-televisions, a few coppers and utilities as a group.

The Associated Press average of 60 stocks closed unchanged at $137.30. The industrial component of the average remained unchanged while railroads were up 30 cents and utilities lost 10 cents.

Among advancing stocks with net gain were Armco Steel, Granite City Steel, Pittsburgh Steel, Goodyear, Woolworth, Douglas Aircraft, Beech Aircraft, American Telephone, Kennecott Copper, Olin - Mathieson Chemical, General Electric, Allis Chalmers, Tung Sol, Southern Railway, Texas Pacific Land Trust and American Airlines.

Losing stocks included Chrysler, United Aircraft, Philco, Anaconda Copper, Homestake Mining, Du Pont, American Woolen, New York Central, Cities Service, and Mission Development.

Lower Canadian stocks included McIntyre, off ¾, International Nickel, down ⅜, and Canadian Pacific, off ¼. Hiram Walker advanced ½.

Canadian issues on the American stock exchange were mixed. Royalite Oil added ⅛ and Lake Shore eased ⅛.

Montreal Stocks

MONTREAL (CP)—Prices were mixed at the close of moderate trading on the stock exchange Friday.

St. Lawrence Corporation advanced 2¼ points while Shawinigan and Bathurst B were each ½ stronger. Quarter-point improvements were made by Asbestos, Gatineau and BA Oil. Brazilian Traction and Famous Players gained minor fractions.

Canadian bronze was off ¾ point. Half-point losses were posted by Bathurst A and International Petroleum while Aluminium and Bell Telephone each dipped ¼. Other lower issues were Abitibi, Industrial Acceptance and International Nickel.

Miscellaneous industrials, papers and utilities were mixed. Senior oils gained slightly higher ground, and senior metals were easier. Beverages, steels, carriers and banks showed little change.

Mines and western oils were generally improved. Gunnar gold advanced 50 cents and Pacific Petroleum was 65 cents better.

Toronto Stocks

TORONTO (CP) — The stock market managed a fairly broad climb Friday that was its most determined movement in a week of narrow, irregular dealings.

Greatest strength at the close was in western oils.

Senior base metals gained narrowly and juniors eased pennies. Uraniums were strong with Gunnar and Lorado leading the upswing. Trading in the group was heavy.

Senior and junior golds were strong and prospects steady. Manitouwadge stocks, notably Willroy, Geco and Roche, were strong. Bathurst issues eased.

Plan Radar System To Stretch Across Northern America

OTTAWA, (CP) — Canada today announced agreement with the United States government for establishment of a third early warning radar system, this time across the far northerly reaches of the North American continent.

The announcement, made simultaneously here and in Washington, said the new system will be a "distant early warning line across the most northerly practicable part of North America." Portions of it will be extended to seaward on both flanks of the continent by the United States.

The new system, designed to provide the earliest possible warning of the approach of hostile forces across the north, will be in addition to the "Pinetree" radar chain along the border areas between Canada and the United States and the "mid - Canada line" further north in Canada itself.

"Pinetree" is now believed complete and the "mid-Canada line" is under construction but won't be finished for several years.

The announcement said the basis of participation by the two countries in the construction and operation of the line, and the division of costs, will be examined after the detailed plans have been considered and agreed upon.

The announcement said "the establishment of these North American defence installations is a costly and difficult task which is being undertaken because our security requires it and is being accomplished successfully because of the readiness of Canadians and Americans to work together in a common cause."

The announcement said that in developing the complete system for warning of the approach of hostile aircraft and for the control of interceptor forces, Canada and the United States have followed a policy of building outward from the likely targets.
