AND

PRINCE EDWARD ISLAND ADVERTISER.

CHARLOTTETOWN, SATURDAY, MAY 7, 1842.

[No. 249.]

Legislative Council Chamber,
Saturday, 9th April, 1842.

RESOLVED, That the further consideration of the Bill intituled "An Act to further amend an Act made and passed in the Fourth Year of the late King William the Fourth, for ascertaining the Boundaries of the several Townships in this Island," be deferred until the next Session of the Legislature; and that the same be published three several times in each of the Newspapers; and that Fifty copies of this Act be printed, and be circulated, by means of posting them on the several places of Divine worship, and otherwise, in the Townships affected by the said Bill, in order that parties interested may be notified of the proposed alterations contemplated, in accordance with the Royal Instructions.

CHARLES DESBRISAY, D. C. L. C.

An Act to further amend an Act made and passed in the Fourth year of the late King William the Fourth, for ascertaining the Boundaries of the several Townships in this Island.

WHEREAS, by an Act passed in the Fourth Year of the late Majesty King William the Fourth, intituled "An Act for ascertaining and establishing the Boundaries of Counties and Townships, and parts of Townships, and for regulating the duties of Surveyors, and to repeal a certain Act therein mentioned," three Commissioners are authorized to be appointed, whose duty it shall be, when required by parties interested therein, to fix and determine the commencement of the Lines dividing the several Townships into which this Island is divided, and who are by the Seventh Section of the said Act further required, in all cases where any of the said Township Boundary Lines shall run through this Island, to run the same from the points of commencement in each side thereof, to the centre or midway between such points of commencement; and in case the Lines so run shall not meet or correspond with the Original Survey of this Island, the Boundary shall be settled and connected by a Line perpendicular to the said Lines, either North or South, East or West, as the case may be:

And whereas, in carrying into effect the provisions of the said recited Act, it has been ascertained by the Commissioners so appointed, that the Plan of the Original Survey of this Island to which reference is made in the said Act, is in part incorrect and erroneous—more particularly that portion of it representing that part of the Western Coast extending from the West Point to the North Cape; and in consequence of the said error, and which error fully appears by an actual Survey of that part of the said Coast, made by order of the House of Assembly, as well as by reference to the Original Field Book of the said Original Survey, deposited in the Office of the Surveyor General of this Island, to have been made in protracting the said Original Plan,—the different Townships numbered Two, Three, Four, Five, Six and Nine, are more or less inaccurately represented; and it is found impracticable to fulfil the intention of the said recited Act, in regard to the said Townships, without conferring additional powers on the said Commissioners, whereby they may be enabled so to apportion the quantity of Land intended to be included in the Grants of the said Townships respectively, without materially altering the respective fronts of the same on the Sea Coast:

Be it therefore enacted, by the Lieutenant Governor, Council and Assembly, That with respect to the aforesaid Townships—to wit, Numbers Two, Three, Four, Five, Six and Nine, it shall and may be lawful for the said Commissioners, and they are hereby directed, when called upon, according to the provisions of the said herein before recited Act, to cause the Boundary Lines dividing the same, or any two of the same, to be fixed at either end thereof, whether the same shall abut upon the Sea Coast or an Inland Bay, River or Creek, or upon other Townships, and to cause Lines run from the same to be connected by a Line perpendicular to the side Lines, North and South, as the case may be, although the said perpendicular Line shall not be in the centre or midway between said points of commencement: Provided always, that any Township bounding on such Lines as aforesaid, shall not have less than the complement of Acres specified in the Grant thereof; and such Township Boundary Lines, run as herein before directed, shall be final and conclusive between the said Townships—any thing contained in the Seventh Section of the above in part recited Act, intituled "An Act for regulating and establishing the Boundary Lines of Counties and Townships, and parts of Townships, and for regulating the Duties of Surveyors, and to repeal a certain Act therein mentioned," to the contrary notwithstanding: And provided also, that nothing in this Act contained shall alter or affect, or be construed to alter or affect, any point of commencement of any Township Boundary Lines heretofore ascertained and fixed by the said Commissioners under the authority and by virtue of the power vested in them by the herein before recited Act, or the Act in amendment thereof.

And be it enacted, That the provisions of the Eighth and Ninth Sections of the herein before recited Act shall be construed to apply to all the sub-divisions into which the herein before recited Townships are divided, provided the same be bona fide occupied, possessed, or claimed by any person or persons having legal Title thereto.

TO THE ELECTORS OF THE FIRST DISTRICT OF QUEEN'S COUNTY.

GENTLEMEN; I am aware that there may be prejudices existing against the Relation of a Proprietor, or the Heir of a Proprietor, to represent the people in Parliament; but I cannot believe that this prejudice can bear examination, because, if the Proprietor has done his duty towards his Tenants, he may surely challenge all the world to say whether or not there is any body who can be more interested either in their individual welfare or in the general prosperity of this Island, both in circumstances and position, than he is.

Whilst there are many who may have been deluded with the belief that, by the intervention of certain parties in the late House of Assembly, they had a chance of possessing themselves of the same Land as Freeholds which they had occupied as Leaseholds, I venture to think, that these delusions have been dissipated, not only by the reason of the thing, but by the declared will of the Queen, conveyed in the Despatch of Lord John Russell, her Colonial Minister, and the reiteration of such will by the Lieut. Governor of this Island.

I therefore stand before you as a future Proprietor, feeling that your interests and mine are bound up together. If any one attempts to tax your produce (as the last Assembly had attempted), who more interested than myself in resisting such an innovation? If any thing can be done to better your condition—to open to you better or more extended Markets, who so interested as I am? In fact, with whose interests can yours be more entirely blended than with my own?

The attempt that is daily made by ignorant, needy and disloyal individuals, to separate you from me, will indeed be futile, if there is that mutual confidence which, I trust, neither I nor any member of my family have done any thing to forfeit. It is, therefore, under the belief that our interests are mutual, that I venture thus to offer myself to your indulgence, as a Candidate to represent you in the ensuing Assembly; and I believe that the same relations which, I trust, exist between myself and my own Tenants may be such, that they will not deprive me of the support of all others who deem it necessary to return a Representative who will consider that he cannot neglect the interests of the Farmer without diminishing the value of his own property.

I have the honor to be,
Gentlemen,
Your obedient humble servant,
ROBERT MONTGOMERY.

GEORGE BIRNIE,

Superintendent.

Charlottetown, March 15th 1842.

TO THE ELECTORS OF THE SECOND DISTRICT OF PRINCE COUNTY.

GENTLEMEN;
HAVING resigned my seat in the Legislative Council, I venture to offer myself as a Candidate to represent your interests in the new House of Assembly.

I trust my having done so will be deemed by you a sufficient pledge of my desire to be one of the Representatives of the people.

I trust it will be no disparagement in your eyes that my earlier days were passed in the service of my country, during an eventful period in its Military history, and that since the war, I have been uninterruptedly employed in my own County in England, in the duties of the Magistracy, which are there of so high and responsible a nature.

Having come to this Island with a large family, whose future fortunes must depend on its prosperity, I conceive that none can be more interested in its well-being.

Independent of all influence, connection or party, if I should be honoured as the object of your choice, I will, to the best of my judgment, decide dispassionately on all subjects of discussion, and use every diligence to advocate as well your local interests as the general improvement of this Island, so blessed by nature, but whose Trade and Agriculture, if duly fostered by prudent Legislation, are yet capable of so much extension.

I have the honor to be,
Gentlemen, your obedient Servant,
WILLIAM SWABEY.

AUX ELECTEURS FRANCOIS DE LA DEUXIEME DIVISION DE PRINCE COUNTY.

MESSEURS;
AYANT reçu permission de S. E. Le Lieutenant Gouverneur de me remettre de ma place au Conseil Legislatif, j'ai décidé vous offrir mes services dans l'Assemblée à venir.

J'ai une confiance raisonnable que cette détermination de ma part sera considérée en garantie de ma préférence d'être Représentatif du peuple.

J'ai passé ma jeunesse au service de ma patrie, pendant une époque intéressante dans son histoire militaire—et depuis la guerre j'ai travaillé sans cesse dans ses affaires civiles, en Magistrat—une charge en Angleterre d'une importance et responsabilité beaucoup plus considérable qu'ici.

Etabli dans cette Isle, et louant surtout des terres dans votre propre comté, j'ai une famille nombreuse des enfants, dont les espérances pour l'avenir dépendent entièrement sur sa prospérité, j'ose penser qu'il n'y a personne plus intéressé à son bonheur.

Je suis indépendant de toute liaison et de tout partie, ou propriétaire ou quelconque, en conséquence, si j'aurais l'honneur d'être l'objet de votre choix, je pourrais décider sur tout sujet de délibération sans peur et sans préjugé, et surtout avancer vos intérêts locaux et ceux de l'Isle entière, une terre si favorisée par le Bon Dieu, mais dont le commerce et l'Agriculture sont si capables d'amélioration par une Legislation sage et prudente.

J'ai l'honneur rester,
Messieurs,
Votre très humble serviteur,
WILLIAM SWABEY.

MOFFAT'S

VEGETABLE LIFE MEDICINES.

THESE Medicines are indebted for their name to their manifest and sensible action in purifying the springs and channels of life, and ending them with renewed tone and vigor. In many hundred certified cases which have been made public, and in almost every species of disease to which the human frame is liable, the happy effects of Moffat's Life Pills and Phenix Bitters have been gratefully and publicly acknowledged by all persons benefited, and who were previously unacquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act.

The Life Medicines recommend themselves in diseases of every form and description. The first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling around them; and to remove the hardened feces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind as to produce habitual costiveness, with all its train of evils, or sudden diarrhoea, with its imminent dangers. This fact is well known to all regular anatomists who examine the human bowels after death; and hence the prejudice of these well informed men against quack medicines—or medicines prepared and heralded to the public by ignorant persons: The second effect of the Life Medicines is to cleanse the kidneys and the bladder, and by this means, the liver and the lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red colour from the agency of the liver and them, before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses freely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek.

Moffat's Vegetable Life Medicines have been thoroughly tested, and pronounced a sovereign remedy for Dyspepsia, Flatulency, Palpitation of the Heart, Loss of Appetite, Heartburn and Headache, Restlessness, Iltemper, Anxiety, Langour and Melancholy, Costiveness, Diarrhoea, Cholera, Fevers of all kinds, Rheumatism, Gout, Dropsies of all kinds, Gravel, Worms, Asthma and Consumption, Scoury, Ulcers, Invertebrate Sores, Scorbute Eruptions and Bad Complexions, Eruptive complaints, scallow, cloudy and other disagreeable complexion, Salt Rheum, Erysipelas, common Colds and Influenza, and various other complaints which afflict the human frame. In Fever and Ague, particularly, the Life Medicines have been most eminently successful—so much so, that in the Fever and Ague Districts, Physicians almost universally prescribe them.

All that Mr. Moffat requires of his patients is, to be particular in taking the Life Medicines strictly according to the directions. It is not by a Newspaper notice, or by any thing that he himself may say in their favor, that he hopes to gain credit. It is alone by the results of a fair trial.

A FRESH SUPPLY of these valuable Medicines just received and for sale by
