

English Girl And Palomino Are Emigrating To Canada

By KEN METHERAL
Canadian Press Staff Writer
LONDON (CP)—A 15-year-old English girl, whose prize possession is a Canadian palomino named Saskatoon, said Tuesday both she and her horse are emigrating to Canada next September.

"Everything is fixed except the exact date of sailing and I should know that within the next two weeks," Madge Macbeth said in a telephone interview from her home at Normandy Park, Surrey.

She said a report last week that she and her mother had decided to remain in Britain and had sold the 10-year-old mare was in error. "It must have been a misunderstanding. We've sold our house, not the horse."

Madge — "my friends call me Mike" — wrote to the Toronto Globe and Mail last May explaining she and her mother planned

to move to Canada and asking if anyone would undertake to look after her horse for a year or two until the Macbeths could get settled.

GET 100 REPLIES
"We had more than 100 replies," said Madge. "Mother and I have been overwhelmed by the kind offers. Some even offered to pay Saskatoon's fare to Canada, but we really couldn't accept that."

Miss Macbeth said she had accepted an offer from Charles E. Simmons, a succession duty consultant in Toronto to keep Saskatoon on his farm about 20 miles from Toronto.

"Mr. Simmons has offered to take care of Saskatoon without charge and I'll be able to visit her once a week."

Madge was born at Loughborough and emigrated to Canada with her parents at the age of 2.

She and her mother returned to England seven years ago following the death of her father.

She bought Saskatoon two years ago when the horse was being retired by Chipperfield's Circus.

EYES ACTING CAREER
Miss Macbeth says she hopes to study acting when she gets to Canada.

"I've been accumulating a lot of information on the cost of keeping a horse in Canada as a result of replies to my letter. People have written to tell me the costs of oats and hay, stabling charges and even the cost of shoeing a horse. The Canadian people have been just wonderful to me."

Would she consider selling Saskatoon?
"Never. Saskatoon is the horse I've always dreamed of owning. I'll never sell her."

RUSSIAN SUBMARINES DISPLAY NEW GADGETS

A Soviet submarine patrols the Baltic sea after having been alerted as a result of the mid-East crisis. According to allied sources, the Baltic fleet was ordered on a defensive alert that included intensive patrolling of western areas of the sea. Allied experts said these submarines were equipped with a new type device which has puzzled the West. The device protrudes from the rear of the conning tower, but it is not known whether it is a new type periscope or snorkel, or a contraption used for refueling under water.

Pork should always be well cooked to prevent trichinosis.

Skull May Be Of Boy Missing For 13 Years

QUEBEC (CP)—A Quebec City man told provincial police Tuesday that one of two skulls unearthed by a road construction crew at St. Romuald, Que., last weekend may be that of his son who disappeared 13 years ago.

Rosario Belanger said one of the skulls showed dental fillings similar to those of his son, Jean Paul, who disappeared with a companion in May, 1945, after setting out on a boating trip on the St. Lawrence River.

Jean Paul was 17 when he disappeared with Roger Caron, 18. Their swamped boat was found drifting near Quebec City and both were presumed to have drowned.

The skulls and other human bones were dug up at St. Romuald, a community in Lewis County across the St. Lawrence from Quebec City.

The remains are to be sent to the provincial police laboratory in Montreal where experts will try to determine their approximate age before any further steps are taken, police said.

Will Open New Camp Saturday

CALGARY (CP)—The Canadian Army's new \$6,000,000 Camp Sarcee on the Calgary outskirts will be opened officially Saturday by Agriculture Minister Harkness.

The camp, near home of the Lord Strathcona's Horse, occupies about 300 acres of the 940-acre site that has been the regiment's home since 1919. Construction, started two years ago, will be completed late 1959.

Two Burned In Peter's Road Tractor Accident

Teenager Neil Hooley of Montague, and Raymond MacAulay, Peter's Road farmer are both patients in the King's County Memorial Hospital, Montague, where they are being treated for burns suffered when a tractor gas tank exploded Tuesday morning.

The accident occurred at the farmstead operated by the boy's grandfather, Mr. Otis Jackson, with whom young Hooley was spending a few days.

While Hooley was attempting to start his grandfather's tractor fire broke out and threatened to destroy it and the surrounding buildings. Mr. MacAulay, who lives nearby was summoned to help.

He succeeded in moving the tractor from the garage in which it was housed, and had driven it a safe distance from the barns and other outbuildings when the tank exploded, covering both himself and Hooley with flaming gasoline.

Mr. MacAulay was said to have been severely burned about the face, neck and hands, while his companion received burns to the hands only.

Mr. Jackson was confined to his home at the time as a result of injuries he had received several days previously when he fell from a wagon loaded with hay.

U.S. To Set Up Channel For Canadian Trade With China

By GEORGE KITCHEN
Canadian Press Staff Writer
WASHINGTON (CP)—U.S. officials said Tuesday they expect to set up within the next few days the administrative machinery for handling requests from American-owned subsidiaries in Canada that wish to trade with Red China.

The effect, they said, would be to provide a channel through which such subsidiaries could apply for an exemption under the U.S. Trading With the Enemy Act which until now has barred U.S. controlled firms in Canada from accepting orders from Red China.

During his visit to Ottawa earlier this month, President Eisenhower agreed with Prime Minister Diefenbaker to work out procedures that would leave the subsidiaries free to accept such orders. In the past, U.S. parent corporations have been liable to penalty if their subsidiaries trade with Red China.

WHERE TO APPLY?
Officials here said the problem at the moment is to decide just how applications for exemption should be made—whether the subsidiary should make application in Washington. It may be decided, they said, to have applications made in both capitals. This would keep Ottawa as well as Washington informed.

To date, one request for exemption has been received here. Forwarded through the Canadian Embassy, it involves an order for shipment of pulpwood to China. Officials declined to identify the company.

In considering applications, one official said, the state department would like to make sure the request was based on a bona-fide order from Red Chinese sources. This was to avoid the necessity of handling applications from firms angling for Red China trade without having a firm order in hand.

Necklines Take Dips At Paris Show

PARIS (AP)—Necklines took their first dizzy dips of the season in the Pierre Balmain collection shown Tuesday.

He kept skirts at the knee line, the waist up high where everybody seems to have pushed it this time, and the neckline lightly cupped.

The new décolletage, designed to give you "vtrige" (giddiness) according to Balmain, is really a double dip and owes its uplift to "an interior artifact" called the "gorgerin." It gives the bare bosomed effect of a half-shell bra.

Balmain presents suits in two versions. One has a tunic-length jacket cupped in at the bottom of the hip. The other, right in this season's groove, has a very short jacket hiked up in front.

COAT SLEEVES FULL
Dresses and coats often have full, gathered — on sleeves, and this, with the tapering torso or stem, looks even more like a

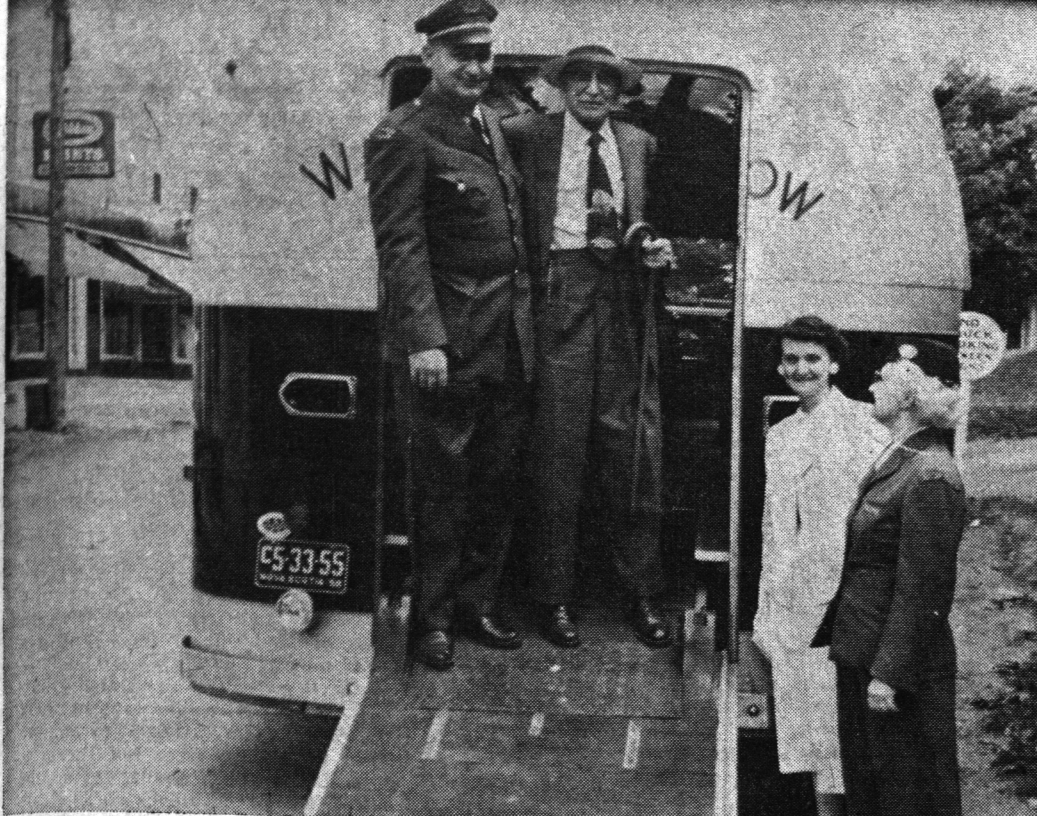

Talk Out Ban On Opinion Polls

OTTAWA CP — A CCF-sponsored bill to ban publication of opinion poll results during election campaigns was "talked out" in the Commons Tuesday, ensuring its demise for this session.

Progressive Conservative members, whether they supported or opposed the measure, talked long enough to prevent a vote being taken during one hour allotted for debate.

The bill was presented by Arnold Peters CCF-Timiskaming who said it would be similar to anti-poll legislation introduced in British Columbia in 1959 and still operating.

Mr. Peters said public opinion polls do not necessarily reflect true opinion. A "great many people" appeared more concerned with being on the "winning side" than saying how they really intended to vote.

PICTURED ABOVE is Mr. William Johnstone, Hillside Inn, Montague, one of the guests on Monday's tour by the Callow Wheelchair Coach. Others shown are Mr. Frank McNeill, driver, Mrs. Leroy White representing the Acme Rebekah Lodge, and the hostess Miss U.M. Greene.

South Kings Shut-ins Enjoy Outing On The Callow Coach

Despite the fact that the founder Mr. Walter Callow passed away on January 7 last, his work of taking veterans, invalids, and shut-ins on outings in his now well known coach is still being carried on, and Southern King's area has been no exception as the Coach, sponsored for the fifth consecutive year by the Acme Rebekah Lodge, visited Montague Monday and yesterday.

The tours started from the Hill Side Inn in Montague on Monday and, taking guests from Georgetown, Montague, Lower Montague, Caledonia, Murray Harbour and Murray River, toured centres in this area. The guests and attendants returned on Monday after the tour to Clement's Cove in Lower Montague where a picnic was enjoyed, and entertainment was supplied by the singing of Mr. George Hicken.

The Coach was driven by Mr. Frank McNeill of Halifax and the hostess was Miss Ula Greene, also of Halifax.

Also accompanying the guests were Rebekahs Mrs. LeRoy White, Mrs. Carl Stewart, Mrs. Foran Bears, and Mrs. Richard Campbell.

The coach leaves next for Charlottetown where it has a full five-day schedule from where it will move to Summerside and Alberton for tours in those areas.

Kilmuir Girl Has Entered National Fiddle Contest

Miss Florence MacKinnon, 25, a native of Kilmuir, near Montague and now of Toronto has become the third woman and the fifth Maritimer to enter Canada's national fiddle contest at Shelburne, Ontario, August 8 and 9.

Four earlier Maritime entrants are Roddy Dorman of Windsor, N. S., Earl Milton of Fredericton, Cy-Steele of Truro, N. S., and Mrs. June Eikhard of Sackville, N. B.

Dorman is the present Nova Scotia fiddle-playing champion. Steele placed second in this year's championship contest held at Dartmouth in May.

The contest, officially dubbed the Canadian open old time fiddle contest, is sponsored by the Shelburne Rotary Club and the CBC.

The present fiddling champion, Ned Landry of Saint John, N.B., who has held the title the last two years, has not entered this year's contest yet.

Minister Visits Former Charge

The Rev. J. D. Robertson, Mrs. Robertson and children, Barbara and Jimmy of Wilmore, Kenney, are visiting friends in Murray Harbour North, Peter's Road, Murray River and Montague.

Mr. and Mrs. Robertson came from Kentucky to the Murray Harbour North and Peter's Road Presbyterian Church congregations as bride and groom some fifteen years ago and served in the congregation for two years, returning to the U.S., to a charge there. They returned in 1951 to visit the Island again.

Their many friends are pleased to have them visit the Island and hope they have a wonderful vacation.

Miss Norma MacKenzie, Hamilton, Ontario, spent two weeks holidays with her parents, Mr. and Mrs. Norman MacKenzie, Cardigan.

Prof. R. Homer, Norton, dean of Grinnell College, Grinnell, Iowa, Mrs. Norton and their youngest son, Neil, also Prof. Norton's mother, Mrs. E.S. Norton of Charlottetown are spending a holiday at the Norton Cottage, Brudenell River.

Canada Ponders Recognizing New Iraq Gov't

OTTAWA (CP)—External Affairs Minister Smith said in the Commons Tuesday the question of diplomatic recognition of the new government of Iraq is "under consideration."

But he told Opposition leader Pearson the matter is not one of "urgent concern" for Canada since the two countries do not exchange diplomatic representatives.

In reply to OCF House leader Hazen Argue, Mr. Smith said Canada's attitude on whether a delegation representing the new Iraq regime should take its place at the United Nations in New York is a question now "under consideration" there.

A new regime was installed in Iraq in the military coup July 14 that toppled the pro-Western monarchy.

Claims Wives Are 'Chattels' Not Partners

OTTAWA (CP)—The Canadian Federation of University Women said Tuesday that under the proposed estate tax act, "married women are to be not partners but chattels."

The 8,000-member federation, in a brief submitted to Finance Minister Fleming said the proposed estate tax act makes no recognition of the marriage partnership.

A bill to replace the present Dominion Succession Duty Act with the estate tax act now is before the Commons.

The proposed act provides that the deceased's share of joint property is to be determined according to the extent of interest in it, rather than by the extent of contributions to it.

However, the CFUW has consistently urged that for taxation purposes, one half the estate of a deceased spouse be considered as earned by the surviving partner and not subject to taxation.

"If the estate tax act fails to extend partnership recognition to married women they will be forced to conclude, as they now suspect, that government is prepared to recognize their status in the partnership of marriage only when it means for government an increase in revenue or in security for it," the brief said.

"When such recognition involves a loss of revenue of even a temporary loss of revenue, married women are to be not partners but chattels."

MASS TRIAL ENDS

BRINDISI, Italy (Reuters)—A month-long mass trial of 183 convicts accused of leading a prison mutiny ended Tuesday with the acquittal of 150 and further imprisonment of from six months to 4½ years for the other 38. The convicts were charged with staging a mutiny in Palermo's Ucciardone prison to protest against stricter regulations imposed by a new governor.

BACK AT WORK

LONDON (Reuters)—Queen Elizabeth Tuesday received Czechoslovak ambassador Miroslav Galuska at Buckingham Palace — Her first diplomatic engagement since she became ill with sinusitis three weeks ago.

SUMMIT MEETING WOULD INCLUDE THESE FACES

A suggested photo that may soon be duplicated in person at a U.N. meeting in N. Y. shows Gen. Charles de Gaulle, President Eisenhower, Prime Minister Macmillan and Nikita Khrushchev. Khrushchev's suggestion of a summit conference was rejected by the Western powers who are believed to have invited him to a U.N. meeting at which other U.N. delegations may participate. It will be Khrushchev's first trip to the new world.
