LORD LORNE and H. R. H. Princess Louise went to Toronto, on the 1st inst., to attend the Art Exhibition. There was a large crowd at the station to bid them welcome, and they were lustily cheered, while *en route* to the Queen's Hotel. THE Militia attended Divine Service at St. Paul's Church, yesterday morning, in full uniform. The 1st and 2nd Batteries Ch'town Artillery, Captains Passmore, More, and Major J. D. Irving. The Charlottetown Engineer Corps—Lieutenants Horne and McDougall—and No. 3 Company of the 82nd Battalion Infantry—Capt. Stewart—Lieut. Col. H. Beer commanding. The Rev. Dr. Fitzgerald read the service, and Rev. Mr. O'Meara preached an excellent and eloquent sermon suitable for the occasion. The companies presented a very fine and well trained appearance, and their soldierly deportment was favorably spoken of by all who witnessed their marching.

THE *respectable looking female* who has on more than one occasion stolen the centre plant from the flower beds in front of the residence of Mr. J. W. Mitchell, Euston Street, is known. If she would call at the door and ask for a plant, her request would be granted, and she would, therefore, be relieved from committing a petty theft, and Mrs. M. from the trouble of planting and re-planting her Geraniums. It is strange that in a place like Charlottetown a person cannot make the front of their residence a little neat or pleasant by planting flowers, without having them uprooted by those who certainly ought to know better. Very late on Saturday night, or on the approach of Sunday morning, the last raid was made. Please call at the door the next time, through the day, and request a plant.

LOOKING FOR INDUCEMENTS.—An esteemed correspondent sends the following clipping from a Napanee paper, in the hope (a forlorn one we fear) that the City Council of Charlottetown may consider the matter of securing the money:—"A Montreal legal firm, Messrs. Church, Chapleau, Hall and Atwater, recently advertised that they had clients who wished to invest from $100,000 to $200,000 in some manufacturing enterprise in Canada, and asked the corporations desiring to secure the location thereof would intimate the inducements they were prepared to hold out. The matter was mentioned to the Council here last Monday evening, when a special committee was appointed to look after the matter. During the discussion, Mr. Herring pointed out benefits likely to accrue to any town by the establishment of large manufactories in its midst. He instanced the benefit not merely to the adjacent country but even to Napanee which had resulted from the establishment of the several paper mills a short distance up the river. Even the gas works, he said, had benefited the town to some extent. Since they were started, in the neighborhood of $45,000 had been paid out for wages to men employed in or about them, a large portion of which, no doubt, was spent in town. The other councillors seemed to think it would be a good thing to have more large factories here, and showed a disposition to make reasonable efforts to secure them."
