THIS LOOKS LIKE WAR.

U. S. Troops Mobilizing.

HORSE, FOOT AND ARTILLERY

Concentrating at Points in the Southern States.

[SPECIAL TO THE EXAMINER.]

WASHINGTON, April 16.—What is decidedly the most warlike step yet taken by the United States war department was inaugurated yesterday, when orders were issued for the concentration at four points in the south of six regiments of cavalry, twenty-two regiments of infantry and the light batteries of five regiments of artillery.

At Chickamaque there will be six regiments of cavalry, at New Orleans there will be eight regiments of infantry, at Tampa seven regiments of infantry and at Mobile seven regiments of infantry.

Since the Civil War no such proportion of the army has been mobilized, and the movement itself is the best evidence of the gravity of the situation as looked upon by the President and his advisers.

PRIVATEERING.

Letters of Marque Applied for.

LONDON, April 15.—There is great interest here in commercial circles over the prospect of privateering in event of war. Several applications for letters of marque have been made at the Spanish embassy and at the office of the Spanish naval commission, but there were no applications at the United States embassy. It is generally recognized that Spain intends to make privateering a conspicuous element of its campaign. It is thought, however, that she will confine her energies in this direction to preying upon American coastwise commerce. It is not believed that she will risk offending the European powers by stopping their American bound vessels or by searching transatlantic ships for American goods, for if European ships are molested the powers will probably adopt radical preventive measures. The prevalent opinion that the United States will not embark in privateering produces an excellent impression.

Ships For Spain.

HAMBURG, April 15.—The North German Lloyd steamship company has offered the Compania Transatlantica of Barcelona, Spain, through a London firm, the steamers Vera, Fulda, and Havel. The Spanish company has also been offered the steamer City of Rome of the Anchor line, and many other North Atlantic passenger boats. The steamers Columbia and Normanna were offered to the United States navy several weeks ago, but were declined.

We are now moving into the brick building formerly occupied by Mills Bros where we have a nice show of goods. We want all our old customers to come along and bring as many more as three can.—W. P. Colwill.

VOTE ON THE RESOLUTION

Will be Taken To-night.

SPAIN TO TREAT WITH CUBA.

The Queen Prefers War to Loss of Prestige.

[SPECIAL TO THE EXAMINER.]

WASHINGTON, April 16.—An agreement has been reached by the Senate that the vote on the Cuban question shall be taken before the adjournment of the House to-night.

HAVANA, April 16.—It has been decided that the Colonial Government with the approval of the Government at Madrid is to send out at once, Senors Imberga, Dolza and Vindi in the character of Parliamentaries to treat with the insurgents.

MADRID, April 16.—The Queen is quoted as saying that she prefers the horrors of war to the tarnishing of the prestige of the Spanish Army or the impairment of the rights of the Crown.

THE LONDON CHRONICLE.

Recommends the Government to Support the States.

[SPECIAL TO THE EXAMINER.]

LONDON, April 16.—The Chronicle urges the British Government not to join the movement of other Powers to coerce the United States and says that it is the business of the Mother Country to stand by her children of the west as strongly as one country can stand by another.

THE "TIMES" CONDEMNNS

The Submitting of Resolution to Congress.

[SPECIAL TO THE EXAMINER.]

LONDON, April 16.—The London Times in an editorial article condemns the resolution submitted to the United States Congress. It doubts if the Congress is a fit body to deal with such a great national issue.

DON CARLOS WARLIKE.

Urges his Followers to Fight the United States.

[SPECIAL TO THE EXAMINER.]

MADRID, April 16.—Don Carlos urges all the Carlists in a manifesto just published to embark in the war against United States.

GREAT EXCITEMENT IN SPAIN.

Warlike Feeling Aroused.

THEY COUNT ON YELLOW FEVER

And Think Americans Will Die Like Flies.

[SPECIAL TO THE EXAMINER.]

MADRID, April 16.—The action taken by the Spanish Cabinet yesterday has confirmed the general belief which has been prevalent here that war is inevitable.

The warlike tone of the official note issued by the Spanish Government finds general approval here and creates much excitement.

Spain is figuring on the yellow fever being an important factor of the Cuban situation. It says "we have 200,000 troops on the island who are perfectly acclimatized and any Americans who are landed there will die like flies."

Sutton, Quebec, Burned Out.

[SPECIAL TO THE EXAMINER.]

SUTTON, Que., April 16.—By a terrible fire which broke out here yesterday the whole of the business part of the town was wiped out.

COLORED TROOPS.

On The Way to Cuba.

ST. PAUL, Minn., April 15.—The first detachment of the 25th regiment of infantry arrived yesterday morning en route to Chattanooga. The enlisted men are colored, and nearly all young men. The regimental and commissioned company officers are all white, and most of them have seen service in the civil war.

Some of the companies are made up almost exclusively of soldiers who have had a great deal of experience in Indian Campaigns. The non-commissioned officers are all colored and all have seen long service. The fighting force of the regiment is 540 men.

Soon after their arrival the troops were transferred from the Great Northern and Northern Pacific railroads to the Chicago and Great Western cars, and last evening they started east on three special trains.

SECURITIES DOWN.

No Hope of Peace in London.

LONDON, April 15.—The bears are campaigning on the stock exchange to day and prices are tumbling all round. Opinion here has completely veered and no hopes are entertained that peace will be maintained. Spanish fours opened at two points lower than yesterday's closing price, the rumor of a possible default being added to the war scare. Other securities were down in sympathy.

THE TARTE WING VICTORIOUS

BLAIR IN THE SOUP.

C. P. R. has its way in Respect to the Kettle River Railway Bill.

[SPECIAL TO THE EXAMINER.]

OTTAWA, April 16.—The whole force of the Canadian Pacific and Grand Trunk lobbies was in operation on Parliament Hill yesterday preparing for the vote on the Kettle River Railway bill.

In the hour for private bills between 8 and 9 o'clock, a vote was called on the amended bill at 8.30 o'clock. The motion resulted in the emphatic defeat of the bill by a majority of 20,—the vote standing 64 and 44.

Hon. Mr Blair, who had spoken strongly for the measure in the railway committee and in committee of the whole, was supported by Sir Richard Cartwright, and Hon. Messrs. Mulock, Sifton, and Dobell.

Hon. Mr Tarte, who has actively worked against Blair's side, had Sir Henry Joly for his only comrade.

The other ministers were absent, but the Hon. Mr Fielding came in when the vote was being taken and explained that he would have voted with the minority.

Sir Wilfrid Laurier and Sir Charles Tupper were not in the chamber at the time. Hon. Messrs. Foster, Haggart, Wallace and Wood voted against the bill, Sir Hibbert Tupper was paired against it. Sir Adolphe Caron and Mr. Tisdale voted in favor of it. Altogether, about half a dozen Conservatives voted for the bill and the rest against it. Many of the government party voted on the affirmative with Mr. Blair, but over 25 voted with Mr. Tarte in the negative.

So far as the government side is concerned the result is a good victory for Mr. Tarte, who threw himself actively into the fight for the Canadian Pacific only a few days ago.

All the Maritime Conservatives who were present voted against the bill as did Messrs. McIsaac, Haley and McLure of the government side. Messrs. Ellis and Tucker were paired, Ellis being in favor of the bill and Tucker opposed to it.

The bill can only be resurrected again by a motion to restore it to the order paper.

WHERE BLOOD TOLD.

German, French and Russian Sailors Cry For Quarter.

VANCOUVER, B. C., April 12.—Fourth officer Hepburn, of the Canadian Pacific Railway Company's steamer Empress of Japan, says that he watched an interesting street fight in Hong Kong just before the sailing of the steamer, in which four hundred Germans, French and Russian sailors stretched along Queen street for a hundred yards double column and defied the "Yankees" and "Jonnie Bulls" to come on. One hundred and fifty United States and British sailors took up the challenge. They seized all the jirickshaws in sight and making a wedge of them broke the lines of the allied forces. Half of their number stayed behind to engage the front lines, while the others smashed the jirickshaws and used the pieces as clubs. In this way the one hundred and fifty Anglo-Saxons surrounded four hundred German, French and Russian sailors, and in the word of an eye witness, "knocked seven bells out of them." The police were powerless to interfere, and the Anglo-Saxons would not listen to the cry for quarter from the foreigners until their superior officers landed in launches and ordered them to return to their ships. A large number of broken heads had to be attended to.

Paton & Co's Show Day.

Messrs Paton & Co., are again to be congratulated on the successful display of goods which is this year making their "show day" an event which all the women of Charlottetown are bound to attend. The usual care and judgment in selection is apparent in the different lines on exhibition, and all through the range of the firm's spring stock it is easy to see that experience and knowledge of the peoples tastes have guided the buyer in making his selection. Everybody is invited to-night.
